It is easy to use, the information is clear and well presented, and the volume is smart and robustly crafted. The book is an important reference source for practitioners in international business, entrepreneurs, and Asian studies. Leo Paul Dana Journal of Enterprising Communities Biographical information about business leaders and entrepreneurs in China is scattered in a variety of Chinese sources such as books, newspapers, journal articles, web pages, etc., and are difficult to locate, especially from outside of China. This biographical dictionary, written in English, which includes some 200 of the most important movers and shakers of the new Chinese economy since 1978, is a very useful reference tool for libraries of all types as well as for anyone who is interested in learning and understanding the growing influence of China as a new economic power in the world. Hwa Wei Lee, formerly of the Library of Congress and Ohio University Libraries This impressive effort by two leading scholars of Chinese business and society will quickly become a reference for all students and practitioners. Indeed, it is a ready *vade mecum* filling the crying gap many experts have identified in recent years. This work will set the standard for its successors independent of its analytical assessments, broad spectrum in its choice of entry, far-sighted in its selections. John R. McIntyre, Georgia Institute of Technology, US The book is a must-have for any student, library executive, or entrepreneur contemplating the business environment in China. In an important society where *clout* is paramount and relationship is key, the book's listing of Who's Who in China is essential to success. An essential read for anyone thinking of doing business in China. J. Mark Munoz, Munoz and Associates International and author of *A Salesman in Asia* For anyone interested in interacting with China, whether doing business or not, it would be advantageous to know thy foe and thyself. As Sun Tzu put it, "And this work will definitely be conducive to your gaining an insight on contemporary China and its economic boom." It can be used as a reference tool or read as a textbook. Highly recommended for college and public libraries. Shixing Wen, Editor in Chief, Chinese Librarianship, Former President, Chinese American Librarians Association and Councilor, American Library Association This exhaustive resource provides comprehensive coverage of the major players in the Chinese economy since the reform era, which began in 1978. It includes 200 entries briefly summarizing each individual's life and career with a central focus on his or her accomplishments.
