Parker has followed up each book he reads mainly novels with an evaluation. His comments are informed by an independent critical view that balances a moral and literary sensibility. In this first of six volumes the authors covered range from Kobo Abe to Michael Cunningham. They include Richard Adams, Russell Banks, Anthony Burgess, A.S. Byatt, James Carroll, Willa Cather, J.M. Coetzee and Joseph Conrad. The commentaries are listed alphabetically by author and the books by the date of publication for each author. Some authors are represented by one book, some by five or more. Future volumes will cover additional authors alphabetically. The writers here represent a broad range of writing styles, cultural influences and moral philosophies. And all are rated on their literary achievement, the effectiveness of plot, character and setting, plus their recognition of the moral, ethical and spiritual values of mankind. *Reading Capitalist Realism* Alison Shonkwiler, Leigh Claire La Berge, 2014-04 Presents approaches to the question of the relation between capitalism and narrative form, partly by questioning how the realism of austerity, privatization and wealth protection relate to the realism of narrative and cultural production. **Coming of Age in Contemporary American Fiction** Kenneth Millard, 2007-04-18 This book explores the ways in which a range of recent American novelists have handled the genre of the coming of age novel or the Bildungsroman. Novels of this genre characteristically dramatise the vicissitudes of growing up and the trials and tribulations of young adulthood, often presented through depictions of immediate family relationships and other social structures. This book considers a variety of different American cultures in terms of race, class and gender and a range of contemporary coming of age novels so that aesthetic judgements about the fiction might be made in the context of the social history that fiction represents. A series of questions are asked: Does the coming of age moment in these novels coincide with an interpretation of the fall of America? What kind of national commentary does it therefore facilitate? Is the Bildungsroman a quintessentially American genre? What can it usefully tell us about contemporary American culture? Although the focus is on the content. *The Encyclopedia of Twentieth-Century Fiction, 3 Volume Set* Brian W.
