Interpersonal Social Work Skills for Community Practice Donna Hardina, 2012-07-23 Specifically dedicated to the skills that social workers need to advance community practice this

creative book is long overdue Grounded in the wisdom and evidence of well honed interpersonal social work skills Donna Hardina s new text takes community practice to a higher level than ever before developed in book form indeed she displays the most thorough understanding of research on community practice that I have read in any community practice text Journal of Teaching in Social Work Community organization has been a major component of social work practice since the late 19th century It requires a diverse set of abilities interpersonal skills being among the most important This textbook describes the essential interpersonal skills that social workers need in community practice and helps students cultivate them Drawing from empirical literature on community social work practice and the author s own experience working with community organizers the book focuses on developing the macro level skills that are especially useful for community organizing It covers relationship building interviewing recruitment community assessment facilitating group decision making and task planning creating successful interventions working with organizations and program evaluation along with examples of specific applications For clarity and ease of use the author employs a framework drawn from a variety of community practice models including social action and social planning transformative popular education and community development approaches and multicultural and feminist approaches The text is linked to the competencies outlined in the Council of Social Work Education s 2008 Educational Policy and Accreditation Standards EPAS as well as ethics and values identified in the National Association of Social Workers NASW Code of Ethics and the International Federation of Social Workers statement of ethical principles Most chapters begin with a quote from a community organizer explaining how interpersonal skills are used in practice and student exercises conclude each chapter The text also addresses other important skills such as legislative advocacy lobbying and supervision Key Features Describes the essential skills social workers need in community practice and how to acquire them Includes examples of specific applications drawn from empirical literature and the author s experience working with community organizers Grounded in social justice strengths based and human rights perspectives Linked to competencies outlined in EPAS and values identified in the NASW Code of Ethics Based on a variety of community practice models

Social Work Skills for Community Practice Mary-Ellen Brown,Katie Stalker,2022-11-10 Focuses on skill building to facilitate positive social change With straightforward content enriched by practical and applicable learning experiences this comprehensive text prepares social work students for careers in community organizing and macro practice It focuses on building the social work skills required for organizing communities including cause based coalitions geographically identity based communities and health and human service organizations to achieve culturally relevant equity and justice driven social change The second edition presents new information that includes self care for the community practitioner social work grand challenges cultural humility community dialogue trauma informed and resiliency focused community development environmental justice and many other topics Emphasizing community practice through the application of macro mezzo and micro social work skills the book uses frameworks drawn from generalist social work

practice as well as core competencies identified by CSWE's EPAS. Its focus on a broad range of community practice models makes it accessible to all social workers. The text also highlights the importance of technology as a tool for social work macro practice with skill building activities. Vivid case vignettes, applied and experiential learning activities, and team and individual based assignments reinforce content and emphasize skill building along with abundant resources for further learning. New to the Second Edition: Presents a framework for self care for the community practitioner. Highlights the importance of community practitioner readiness, competency, and leadership. Introduces a new trauma informed and resiliency focused approach for community development. Discusses strategic compatibility for interorganizational collaboration. Introduces youth based participatory research and empowerment evaluations. Key Features: Focuses on skill building for community engagement and organizing, facilitating community dialogue, and conducting assessments. Covers planning and implementing community change initiatives and evaluating and disseminating knowledge from change activities. Provides case vignettes to reinforce content and abundant resources for additional learning. Offers a complete ancillary package that includes chapter PowerPoints, Test Bank, and an Instructor's Manual with suggested individual and group activities and more.

Generalist Social Work Practice Janice Gasker, 2018-10-17 Generalist Social Work Practice provides students with the foundational skills and knowledge needed to serve clients across micro, mezzo, and macro areas of practice. Author Janice Gasker brings a focus on self reflection as the first stage in the planned change process and writes with the perspective that we consider work at all levels of practice simultaneously rather than in isolation. In accordance with the 2015 Educational Policy and Accreditation Standards (EPAS) set forth by the Council of Social Work Education (CSWE), the planned change process is presented as dynamic and interactive, providing students with a clear understanding of how each stage of the planned change process can be utilized at any point when serving a client system. The text spotlights the distinctive characteristics of the worker, their values, attitudes, and experiences that may influence client interaction. The text also includes case studies, collaborative learning exercises, and critical thinking questions to help students apply concepts to practice.

Starting Out Right Si Millican, 2012-08-09 Starting Out Right: Beginning Band Pedagogy is the only complete resource for organizing, planning, and teaching beginning woodwind, brass, and percussion students. The book covers every aspect of teaching beginning band students from the first sounds on the instruments through the first full band performances. It is the only comprehensive reference that offers step by step guidelines for teaching each beginning band instrument as well as organizing and running a successful beginning band program. Based on the public school teaching experience of the author, the book is designed for use in undergraduate methods and pedagogy classes as well as for clinics and workshops at the undergraduate and graduate levels. This book is also designed to be a reference for the many novice teachers who lead beginning bands or those teachers whose expertise is not in the band realm. While the focus of the book is on teaching beginning band, much of the book can be of use to band instructors at any grade level. The book is divided into several parts.

which cover the sound to sign to theory approach to teaching musical literacy child development as it relates to teaching music recruiting and retaining students developing fundamental sounds and skills on each woodwind brass and percussion instrument teaching students to read tonal and rhythmic music notation and selecting and rehearsing beginning band solo ensemble and full band music The book also addresses curriculum design scheduling and staffing of band programs Ideas about managing student records inventory and equipment are also given special attention Written in a casual narrative style the book features real world examples of how the principles in the book might be applied to actual teaching situations Another special feature of the book is a set of early field experience application exercises Starting Out Right guides readers as they explore a comprehensive individual and ensemble approach to teaching each woodwind brass and percussion instrument

Get Real William G. Tierney, 2020-12-01 Higher education always seems to be in crisis Governments foundations professional associations and the occasional scornful professor all tend to lament one or another problem plaguing America's colleges and universities The more apocalyptic claims state that the United States is a nation at risk that our students' minds have been closed or that radical faculty have run amok and are brainwashing our youth In *Get Real* William G. Tierney a leading scholar of higher education cuts through this noise drawing on his experience and expertise to provide a thought provoking overview of the many challenges confronting higher education and how to deal with them In forty nine short engaging essays he aims not to stoke the flames of controversy or promote a particular stance but to provoke creative forward looking public discussion about what higher education could and should look like in the twenty first century Tierney clearly distills and offers his take on critical issues from diversity and free speech to the rise of for profit colleges and student debt but the goal is always to give readers the background and tools to form their own opinions Written in a conversational tone and laced with personal anecdotes *Get Real* is informed by scholarly literature without being weighed down by it and includes suggestions for further reading

Communication in the Church Thomas G. Kirkpatrick, 2016-09-29 Communication is integral to the mission of the church but it can go awry in myriad ways both obvious and subtle Communication in the Church helps congregations create healthier ways for their members to relate to one another for greater personal and congregational success The book offers practical guidelines to help readers become more effective in how they build relationships lead meetings experience trust practice forgiveness use power and bridge cultures Communication in the Church distills the latest social science research for readers including clergy lay leaders continuing education planners students scholars and others Each chapter includes real life scenarios sensible guidelines practical applications and suggestions for further learning This book aims to help readers communicate more effectively from leading more engaging and productive meetings to preventing or addressing communication breakdowns
