Dear [RECIPIENT'S NAME],

I'm writing to discuss the agreement regarding the debt owed to [YOUR COMPANY NAME]. I hope this letter finds you well. We realize that the situation involving money that's owed can often feel burdensome, and it's why I wanted to deliver this important message personally.

Atamer,Pascal Pichonnaz,2019-11-19 This book explores various approaches around the world regarding price term control and particularly discusses the effectiveness of two major paths ex ante regulatory and ex post judicial intervention Price control and its limits are issues that affect all liberal market economies as well as more regulated markets For the past several years courts in many different countries have been confronted with the issue of whether and to what extent they should intervene regarding price related terms in standard form contracts especially in the area of consumer contracts Open price clauses flat remunerations price adjustment clauses clauses giving the seller supplier the right to ask for additional payments bundling or partitioning practices etc a variety of price related terms are used to manipulate customers choices often also by exploiting their behavioral biases The result is an unfavorable contract that is later challenged in court However invalidating a given price term in standard forms e g of a banking or utilities contract only has an inter partes effect which means that in thousands if not millions of similar contracts the same clauses continue to be used Effective procedural rules are often lacking Therefore pricing patterns that serve to hide rather than to reveal the real cost of goods and services require special attention on the part of regulators The aim of this book is to determine the various approaches in the world regarding price term control and particularly to discuss the efficiency of both paths ex ante regulatory and ex post judicial intervention Thanks to its broad comparative analysis this book offers a thorough overview of the methods employed in several countries It gathers twenty eight contributions from national rapporteurs and one supra national rapporteur EU to the 2018 IACL Congress held in Fukuoka These are supplemented by a general report presented at the same IACL Congress which includes a comparative analysis of the national and supranational reports The national contributors hail from around the globe including Africa 1 Asia 5 Europe 17 the European Union 1 and the Americas 5 *Catalog of Federal Tax Forms, Form Letters, and Notices* United States.
