The Fatherland .1917 Hölderlin, the Poetics of Being Adrian Del Caro, 1991 Here is a comprehensive introduction for the English reader to the poetry of Friedrich H Iderlin Here is a comprehensive introduction for the English reader to the poetry of Friedrich H Iderlin The poet is studied in the context of the romantic age but as one who imparted depth to the movement and influenced the critical debates of the 20th century Adrian Del Caro presents as detailed readable discussion of H Iderlin's major poems that clarifies but does not lose sight of the powerful formulations that animate H lderlinian spirit H lderlin s specific effort in the determination of the direction of modern man had to do with the relationship of poetry to being Del Caro draws on the contributions of Nietzsche and Heidegger within the theoretical framework of the question of being H Iderlin the poet of poets is presented at work and in his works as the instrument of conviviality binding mortal to mortal and mortal to divine **Imperienvergleich** Andreas Kappeler,2009 In der Imperialgeschichte ist in den letzten Jahren vermehrt die Frage des Imperienvergleichs aufgeworfen worden Die Autorinnen und Autoren der Veroffentlichung greifen dieses Thema aus osteuropaischer Perspektive auf indem sie verschiedene Seiten imperialer Herrschaft in den Blick nehmen Legitimationsweisen in historischen Kategorien und Wissensformen imperiale Strategien und Gegenstrategien Biographien zwischen Imperien die raumliche Dimension des Imperialen Entstanden ist das Buch anlasslich des 65 Geburtstags von Andreas Kappeler dessen Forschungen zu Russland als Vielvolkerreich in der Imperiumsforschung international Massstabe gesetzt hat Die Beitrager gehen auf das Werk des Wissenschaftlers ein indem sie in Studien uber Epochen vom 16 bis zum 21 Jahrhundert Perspektiven einer an der longue duree interessierten und interimperial ausgerichteten Imperiumsforschung aufzeigen Ein besonderes Augenmerk wird auf die Geschichte von Nationalitaten auf Nationsbildung und Nationalismus gerichtet Nicht zuletzt soll das Buch zeigen wie wichtig der Blick auf die osteuropaischen Vielvolkerreiche fur die Erforschung von Imperien im globalen Kontext sein kann On Tyranny Leo Strauss. 2013-11-15 On Tyranny is Leo Strauss's classic reading of Xenophon's dialogue Hiero or Tyrannicus in which the tyrant Hiero and the poet Simonides discuss the advantages and disadvantages of exercising tyranny Included are a translation of the dialogue from its original Greek a critique of Strauss s commentary by the French philosopher Alexandre Koj ve and the complete correspondence between the two This revised and expanded edition introduces important corrections throughout and expands Strauss's restatement of his position in light of Koj ve's commentary to bring it into conformity with the text as it was originally published in France **La Grande Italia** Emilio Gentile, 2009 La Grande Italia traces the history of the myth of the nation in Italy along the curve of its rise and fall throughout the twentieth century Starting with the festivities for the fiftieth anniversary of the unification of Italy in 1911 and ending with the centennial celebrations of 1961 Emilio Gentile describes a dense sequence of events from victorious Italian participation in World War I through the rise and triumph of Fascism to Italy s transition to a republic Gentile s definition of Italians encompasses the whole range of political cultural and

social actors Liberals and Catholics Monarchists and Republicans Fascists and Socialists La Grande Italia presents a sweeping study of the development of Italian national identity in all its incarnations throughout the twentieth century This important contribution to the study of modern Italian nationalism and the ambition to achieve a great Italy between the unification of Italy and the advent of the Italian Republic will appeal to anyone interested in modern European history Fascism and nationalism Best Books for Special Interests selected by the American Association of School Librarians and Best Books for Regional General Interests selected by the Public Library Association The Origins of the Slavic Nations Serhii Plokhy, 2006-09-07 This book documents developments in the countries of eastern Europe including the rise of authoritarian tendencies in Russia and Belarus as well as the victory of the democratic Orange Revolution in Ukraine and poses important questions about the origins of the East Slavic nations and the essential similarities or differences between their cultures It traces the origins of the modern Russian Ukrainian and Belarusian nations by focusing on pre modern forms of group identity among the Eastern Slavs It also challenges attempts to nationalize the Rus past on behalf of existing national projects laying the groundwork for understanding of the pre modern history of Russia Ukraine and Belarus The book covers the period from the Christianization of Kyivan Rus in the tenth century to the reign of Peter I and his eighteenth century successors by which time the idea of nationalism had begun to influence the thinking of East Slavic elites The Poets and Poetry of Europe Henry Wadsworth Longfellow, Cornelius Conway Felton, 1845 **National German-American Alliance** United States. Congress. Senate. Committee on the Judiciary, 1918 The Retina ,1843 The Mirror of Literature, Amusement, and <u>Instruction</u> Reuben Percy, John Timbs, 1831 Containing original essays historical narratives biographical memoirs sketches of society topographical descriptions novels and tales anecdotes select extracts from new and expensive works the spirit of the public journals discoveries in the arts and sciences useful domestic hints etc etc etc In Search of the Promised Land? Katell Berthelot, 2017-11-13 Katell Berthelot challenges the widespread historiographical consensus that the Hasmoneans embarked on wars of conquest in order to reconquer the Promised Land the Biblical Land of Israel She shows that the sources used in support of this consensus such as 1 Maccabees 15 33 35 have been over interpreted She suggests a different approach to this question In particular she argues that in 1 Maccabees the Hasmoneans deliberately imitate the language ascribed to the Seleucid kings and that the discourse on the Land found in 1 Maccabees is congruent with the language of property rights over a given territory in the rhetoric of Hellenistic diplomacy Berthelot's close examination of accounts by Josephus and other writers as well as of archaeological and numismatic data allows her to reconstruct the different factors that led to the Hasmonean wars of conquest Although Hasmonean leaders were clearly motivated by politico religious objectives e g getting rid of competing temples in areas under their control the Deuteronomic commandment to wipe out the inhabitants of the Land and abolish idolatry does not necessarily account for their acts of destruction and the so called forced conversion of the Idumeans the Itureans and other groups Instead Berthelot's analysis of the sources leads her to reach a

different conclusion Finally Berthelot investigates the echoes of the Hasmonean wars of conquest in the Dead Sea Scrolls and their memory in rabbinic literature This allows her to show that contrary to expectation there is little evidence that the Hasmonean dynasty was perceived as having reconquered the Promised Land or restored the people of Israel within the Theodor Körner's Lyre and Sword Theodor Körner, 1841 borders of the Land of Israel For the Soul of the People Victoria Barnett, 1998-04-23 The Confessing Church was one of the rare German organizations that opposed Nazism from the very beginning and in For the Soul of the People Victoria Barnett delves into the story of the Church's resistance to Hitler For this remarkable story Barnett interviewed more than sixty Germans who were active in the Confessing Church asking them to reflect on their personal experiences under Hitler and how they see themselves morally and politically today She provides a haunting glimpse of the German experience under Hitler but also gives a provocative look into what it has meant to be a German in the twentieth century <u>Unity</u>, <u>Plurality</u> and <u>Politics</u> J. M. Porter, Richard Vernon, 2019-11-19 First published in 1986 Nations have a unity often described as cultural and within them there are divergences some of which are termed political But culture and politics do not therefore comprise two wholly distinct zones or orders of experience the one marked by unity the other by plurality Unity and plurality interpenetrate These insights which derive from the thinking of Herder have been fundamental to the work of F M Barnard In this volume a number of scholars contribute in Barnardian vein reflections on the tensions between unity and plurality in the history of ideas The central underlying question is in essence what is the context of political life The question remains of more importance than any single answer **United States** Greenbank's Periodical Library, 1833 Magazine, and Democratic Review ,1843 **Imagining the Unimaginable** Glyn Morgan, 2020-01-23 Imagining the Unimaginable examines popular fiction s treatment of the Holocaust in the dystopian and alternate history genres of speculative fiction analyzing the effectiveness of the genre's major works as a lens through which to view the most prominent historical trauma of the 20th century It surveys a range of British and American authors from science fiction pulp to Pulitzer Prize winners building on scholarship across disciplines including Holocaust studies trauma studies and science fiction studies The conventional discourse around the Holocaust is one of the unapproachable unknowable and the unimaginable The Holocaust has been compared to an earthquake another planet another universe a void It has been said to be beyond language or else have its own incomprehensible language beyond art and beyond thought The othering of the event has spurred the phenomenon of non realist Holocaust literature engaging with speculative fiction and its history of the uncanny the grotesque and the inhuman This book examines the most common forms of nonmimetic Holocaust fiction the dystopia and the alternate history while firmly positioning these forms within a broader pattern of non realist engagements with the Holocaust **European Integration and National Identity** Lene Hansen, Ole Waever, 2003-08-29 The four Nordic countries Denmark Finland Sweden and Norway have all held referenda on their relationship to the European Union in the 1990 s These referenda catalysed heated debates should Finland and Sweden give

up neutrality Should Denmark follow the European Union s move towards higher degrees of integration And had there been enough change in Norway to reverse the rejection of European Community membership in 1972 These key questions about the future of European integration are addressed in this highly topical book by examining the crucial role played by national identity Half-hours with the Best Foreign Authors Charles Morris,1887 Great European Conflict.
