accountancy is the field of accounting concerned with the summary analysis and reporting of financial transactions pertaining to a business This involves the preparation of financial statements available for public consumption Stockholders suppliers banks employees government agencies business owners and other stakeholders are examples of people interested in receiving such information for decision making purposes Financial accountancy is governed by both local and international accounting standards GAAP which stands for Generally Accepted Accounting Principles is the standard framework for guidelines for financial accounting used in any given jurisdiction It includes the standards conventions and rules that

accountants follow in recording and summarising and in the preparation of financial statements On the other hand IFRS International Financial Reporting Standards is a set of international accounting standards stating how particular types of transactions and other events should be reported in financial statements IFRS are issued by the International Accounting Standards IASs With IFRS becoming more widespread on the international scene consistency in financial reporting has become more prevalent between global organisations Whilst financial accounting is used to prepare accounting information for people outside the organisation or not involved in the day to day running of the company management accounting provides accounting information to help managers make decisions to manage the business

Financial Accounting with International Financial Reporting Standards Jerry J. Weygandt, Paul D. Kimmel, Donald E. Kieso, 2018-07-18 While there is growing interest in IFRS within the US interest outside the US has exploded Weygandt's fourth edition of Financial Accounting IFRS highlights the integration of more US GAAP rules a desired feature as more foreign companies find the United States to be their largest market The highly anticipated new edition retains each of the key features e.g. TOC writing style pedagogy robust EOC on which users of Weygandt Financial have come to rely while putting the focus on international companies examples discussing financial accounting principles and procedures within the context of IFRS and providing EOC exercises and problems that present students with foreign currency examples instead of solely US dollars
