Gaye Gronlund, Marlyn James

Focused Observations How To Observe Young Children For Assessment And Curriculum Planning:

Focused Observations Gaye Gronlund, Marlyn James, 2013-07-15 Intentional teaching begins with focused observations and systematic documentation of children's learning and development. This book is filled with tools and techniques designed to help early childhood educators purposefully observe children, create portfolios with rich documentation, and plan curriculum that supports every child. Discussion questions, observation practice exercises, and reflection assignments are included, as well as a DVD with classroom vignettes showcasing observation techniques. Gaye Gronlund is an early childhood education consultant who trains early childhood educators across the country. Marlyn James is an education and early childhood professor. *Focused Observations, Third Edition* Gaye Gronlund, Marlyn James, 2025-04-22 Intentional teaching begins with focused observations and systematic documentation of children's learning and development. *Focused Observations Third Edition* explains why observation is one of the best methods to get to know each child well, track progress, and plan individualized curriculum. It also provides tools and techniques to help you strengthen your observations, create portfolios with rich documentation, and support each child. You will also learn how to share your findings with families and grow as an observer through review and reflection activities. Learn answers to common questions about observation, including: Why should I use observation in my classroom? What does effective observation and documentation look like? How do I fit observation in so that it doesn't take away from teaching and interacting with children? How do observation and documentation work with early learning guidelines? Online videos with nineteen vignettes of children in action provide opportunities to practice observing children and capturing what you see. This updated edition includes new examples and provider anecdotes, as well as fresh references and research. [Focused Observations Powerpoint Presentation](#) Gaye Gronlund, Marlyn James, 2013-03-26 Present clear and concise information as you teach focused observation and systematic documentation skills in staff development sessions, college courses, or in service workshops. This fifty-slide PowerPoint presentation directly corresponds to each chapter in the book *Focused Observations How to Observe Young Children for Assessment and Curriculum Planning*. It highlights key concepts and helps students or participants reflect on their own observation styles, learn new techniques, and apply findings to their work. An instructional booklet with guidelines and tips is included. *Planning for Play, Observation, and Learning in Preschool and Kindergarten* Gaye Gronlund, 2012-11-16 Play is an important vehicle for learning in the early years. With intentional planning frameworks, this resource provides teachers with tools and strategies to organize and develop curriculum around high-level purposeful play. Practical application techniques help teachers create a cycle of planning and observation as they use a play-based curriculum to help young children thrive in the classroom. Gaye Gronlund is an early childhood education consultant who trains early childhood educators across the country. She is the author of six books. *Make Early Learning Standards Come Alive* Gaye Gronlund, 2014-09-22 Every state has developed some form of early learning standards. Find out how you can apply and use

them in ways that are most beneficial to children Updated to reflect the continuing evolution of early learning standards this book offers help and hints support and clarification and clear explanations of how you can make early learning standards come alive in your early childhood classroom or program You ll find tools to communicate exactly how you are addressing children s learning as you plan for cognitive and foundational skill development as well as suggestions to assess children s progress Easy to read charts present information about each major content area or area of development and descriptions of what those standards might look like in classrooms The charts also suggest activities and interactions to support a child as he or she makes the first attempts toward the standard progresses toward it and finally accomplishes the standard New to this edition A chapter focusing on Approaches to Learning standards The most recent information on early learning standards from across the country References to the Common Core State Standards and their relationship to early learning standards Gaye Gronlund has consulted for national organizations state agencies school districts and early childhood programs for more than twenty years She helped two states write their early learning standards Gronlund is well known for her many books and keynote presentations
