Buys, Merwe Oberholzer, 2023-03-14 This book focuses on research methodologies that apply to business research particularly for researchers and managers embarking thereon to support managerial decision making in the industry In doing

so the book's objective is to guide business researchers in identifying, defining, and applying rigorous academic methodologies that will enable them to formulate design and execute effective research that answers their specific management problems. Such guidance can empower organizational managers to understand that business research can contribute to practical solutions to actual problems experienced in the industry. In addition, by emphasizing the integrative nature between 1 academic research and 2 experienced industry problems, it becomes possible to foster an awareness of such research's potential impact on organizational performance, management sustainability, and resilience. With that attention given to narrowing the gap between theory and practice, which requires that fundamentals of scientific research be adhered to while maintaining the delicate balance between a practice-friendly guide to pragmatically sound and academically rigorous business research.

Global Corporate Finance: A Focused Approach (Fourth Edition) Suk Hi Kim, 2023-11-02

Global Corporate Finance: A Focused Approach 4th edition GCF4 introduces students and practitioners to the principles that are essential to the understanding of global financial problems and the policies that global business managers contend with. The objective of this book is to equip current and future business leaders with the tools they need to interpret the issues to make sound global financial decisions and to manage the wide variety of risks that modern businesses face in a competitive global environment. In line with its objective, the book stresses practical applications in a concise and straightforward manner without complex treatment of theoretical concepts. All the chapters in the 4th edition have been updated to include new materials, eliminate unnecessary outdated materials, and include more non-US materials. Each chapter contains the following four new items: an opening mini case, a global finance in practice, a list of key terms at the end of each chapter, and a closing mini case. The GCF4 is suitable for appropriate courses no matter where in the world it is taught because it does not adopt any specific national viewpoint. Moreover, it is self-contained and it combines theory and applications. The earlier editions of the GCF4 have been adopted by many colleges, universities, and management development programs worldwide, particularly because the book stresses practical applications in a user-friendly format. Supplementary materials are available to instructors who adopt this textbook. These include:

Annotated Manual of Statutes and Regulations United States, 1980

Understanding Financial Statements Lyn M. Fraser, 1995

Adopting a straightforward practical approach, this volume covers the conceptual background and analytical tools necessary to interpret contemporary financial statements and provides a step-by-step analysis of each type of financial statement.
