From the Foreword: This fully updated and revised 11th edition of a highly esteemed survey and analysis of health care delivery in the United States keeps pace with the rapid changes that are reshaping our system. Fundamentally, this new edition presents the realities that impact our nation's achievement of the so-called Triple Aim: better health and better care at a lower cost. Designed for graduate and advanced undergraduate students of health care management and administration and public health, the text addresses all of the complex core issues surrounding our health care system in a strikingly readable and accessible format. Contributors provide an in-depth and objective appraisal of why and how we organize health care the way we do, the enormous impact of health-related behaviors on the structure, function, and cost of the health care delivery system, and other emerging and recurrent issues in health policy, health care management, and public health. The 11th edition features the writings of such luminaries as Michael K. Gusmano, Carolyn M. Clancy, Joanne Spetz, Nirav R. Shah, Michael S. Sparer, and Christy Harris Lemak, among others.
