effectively because in some of the cases you can easily evaluate the correct answers from the question itself. If you are muddled by the given options then give each option a true and false test. Instead of getting confused consider all the possibilities and neglect the incorrect options. Hence in this way the most appropriate answer could be easily spotted. Use a step wise approach to solve conceptual and complex questions. Several times Matching type Questions are asked where the students are required to find the mismatched or the correctly matched option. Some of the questions asked in the NEET exam are entirely memory based therefore the students are advised to memorize the common names scientific names concepts and important definitions. Around 40% of the questions asked in the NEET exam are application based. Therefore students need to focus more on the concepts along with its applications in order to score well in the examination. The students must primarily focus on reading NCERT textbooks. Several times the questions asked in NEET exam are taken directly from the NCERT textbooks. Initially avoid answering those questions for which you are not confident because your wrong answer may reduce your final score. In order to utilize your time appropriately divide the three hours of examination time as per your comfort among Physics Chemistry and Biology. Initially focus on attempting all easy questions and later on pick the difficult ones. By this way your confidence will be elevated and you will also get more time to answer hard questions. Practice previous years question papers mock tests and sample papers to get an idea on how to answer MCQ questions efficiently. Preparing at an early stage is what an MCQ exam requires. Avoid guesswork for negative marking questions as they might lower your final score. These tips can be very helpful for students to answer difficult and brain teaser questions. Prior preparations and practice are mandatory aspects of any examination. Hence to crack highly competitive examination like NEET it is mandatory for students to prepare well and acquire the skills to tackle multiple choice questions effectively. Rather than just following mere guesswork the aspirants can focus on the tips discussed to tackle Multiple Choice Questions in NEET in the right manner.
