**Klassenbildung im ländlichen Nigeria** Dirk Kohnert,1982-03-01 The increasing number of African small holders who do not dispose over the necessary resources to cover even their basic needs has been growing to alarming dimensions in the past decades Contrary to widespread views the increasing poverty in Sub Saharan Africa is due less to natural but to social constraints of development This has been demonstrated by a case study on the peasantry in Northern Nigeria in the 1970s The focus of this study is on socio economic stratification and class relations because one major cause of the marginalization of the African peasantry is considered to be the differentiation process within the peasantry itself The underlying thesis of emerging rural capitalist relations of production in Nigeria as an aftermath of the oilboom of the 1970s has been backed by three lines of argumentation First by a critical review of literature on class concepts concerning Africa and on methods to measure social stratification in the countryside Second by an analysis of the origins of rural class formation in Nupeland or Bida Emirate now Niger State Northern Nigeria in pre and post colonial times And third by a survey of the socio economic stratification among peasants in four Nupe villages in 1975 76 backed by econometric analysis The findings ensuing from this analysis may provide valuable lessons for development planners not just in one of the Nigerian emirates itself but also in other parts of Africa

**Gentlemanly Capitalism, Imperialism and Global History** S. Akita,2002-10-31 British imperial history can now be seen as a bridge to global history This study tries to renew the debate on British imperialism by combining Western and Asian historiography and constructing a new global history as an aid to the understanding of globalization in the late twentieth and twenty first centuries Part One takes a predominantly metropolitan view of the globalizing forces unleashed by British imperialism Part Two focuses on the international order of East Asia and its connection with gentlemanly capitalism

**Nigerian Capitalism** Sayre P. Schatz,2024-06-14 Following a surge in oil revenues in the 1970s Nigeria became one of Africa s most rapidly developing nations In Nigerian Capitalism Sayre P Schatz analyzes the country s political economy assessing its position and proposing a development plan for the final quarter of the twentieth century Referring to Nigeria s economic development strategy as nurture capitalism Sayre contrasts the role of private enterprise which is expected to foster growth of the productive sector of the economy with the government s role which is to nurture the capitalist sector generally and to favor indigenous enterprise in particular The author examines the development of Nigerian nurture capitalism from 1949 to the launching of and early experience with the Third Plan 1975 80 with emphasis on the post civil war 1970s He then turns to an intensive study of indigenous business and possible impediments to the development of Nigerian private enterprise analyzing the role of capital availability entrepreneurship and the economic environment Sayre demonstrates that there are substantial divergences between private profitability and social utility and that there is an abundance of socially useful investment

possibilities for indigenous businessmen The author next turns to a study of the government business assistance programs and their economic administrative and political characteristics Finally he assesses the sources of successful investment and makes a case for enhanced socially useful investments Comparing pragmatic developmentalism pragmatic socialism and thoroughgoing socialism he proposes a pragmatic orientation that postpones ideological decisions as long as practicable This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1977

**Practices** ,2018-06-26 The edited collection *Spatial Practices Territory Border and Infrastructure in Africa* presents research findings from the German Research Council's Priority Programme 1448 *Adaptation and Change in Africa* 2011-2018. At the heart of the volume are important new spatial practices that have emerged after the end of the Cold War in the fields of conflict, climate change, migration and urban development, to name but a few, and their ordering effects with regard to social relations. These findings bear particular relevance for the co-production of territorialities and sovereignties for borders and migrations as well as infrastructures and orders. *Oil, Environment and Resource Conflicts in Nigeria* Augustine Ovuoronye Ikelegbe, 2013 This book presents a critical analysis of how oil and gas exploitation with huge negative impacts on environment, development and human security has constructed a disturbing terrain of civil agitation, state repression, violent conflicts and insecurity within Nigeria. Drawing on the nature and content of public policy and corporate social responsibility practices, the book interrogates the conflicts' communal and regional dimensions in terms of causality, dynamics and interventions. In presenting strategies and mechanisms for resolving the diverse dimensions of the resource conflicts, it charts the way towards sustainable development and conflict transformation, two issues which would remain germane to the resource conflict resolution discourse in the specific case of the Niger Delta and beyond.

**Handbook of Africa's International Relations** Tim Murithi, 2013-09-05 Africa's international relations have often been defined and oriented by the dominant international and geopolitical agendas of the day. In the aftermath of colonialism, the Cold War became a dominant paradigm that defined the nature of the continent's relationship with the rest of the world. The contemporary forces of globalization are now exerting an undue influence and impact upon Africa's international relations. Increasingly, the African continent is emerging as a vocal and in some respects an influential actor in international relations. There is a paucity of analysis and research on this emerging trend. This timely book proposes to fill this analytical gap by engaging with a wide range of issues, with chapters written by experts on a variety of themes. The emerging political prominence of the African continent on the world stage is predicated on an evolving internal process of continental integration. In particular, there are normative and policy efforts to revive the spirit of Pan-Africanism. The 21st century is witnessing the evolution of Pan-Africanism, notably through the constitution and establishment of the African Union (AU). Given the fact that there is a dearth of analysis on this phenomenon, this volume will also interrogate the notion of Pan-Africanism through various lenses, notably peace and security, development, the environment and trade. The

volume will also engage with the emerging role of the AU as an international actor e g with regard to its role in the reform of the United Nations Security Council climate change the International Criminal Court ICC the treaty establishing Africa as a nuclear free zone Internally Displaced Persons the Millennium Development Goals MDGs international trade the environment public health issues security and development issues This book will assess how the AU s role as an international actor is complicated by the difficulty of promoting consensus among African states and then maintaining that consensus in the face of often divergent national interests This book will in part assess the role of the AU in articulating collective and joint policies and in making interventions in international decision and policy making circles The Handbook will also assess the role of African social movements and their relationship with global actors The role of African citizens in ameliorating their own conditions is often underplayed in the international relations discourse and this volume will seek to redress this oversight Throughout the book the various chapters will also assess the role that these citizen linkages have contributed towards continental integration and in confronting the challenges of globalization
