## **From Light Into Darkness The Evolution Of Religion In Ancient Egypt:**

**From Light Into Darkness** Stephen Mehler, 2014-06-16 Building on the esoteric information first revealed in *Land of Osiris* this exciting book presents more of Abd El Hakim's oral traditions with radical new interpretations of how religion evolved in prehistoric and dynastic Khemit or Egypt. Have popular modern religions developed out of practices in ancient Egypt? Did religion in Egypt represent only a shadow of the spiritual practices of prehistoric people? Have the Western Mystery Schools such as the Rosicrucian Order evolved from these ancient systems? Author Mehler explores the teachings of the King Akhenaten and the real Moses, the true identity of the Hyksos and Akhenaten's connections to The Exodus, Judaism and the Rosicrucian Order. Here for the first time in the West are the spiritual teachings of the ancient Khemitians, the foundation for the coming new cycle of consciousness. The Awakening more From Light Into Darkness Stephen S. Mehler, 2005 Presents a new interpretation of how religion evolved in ancient Egypt linking the teachings of Akhenaten and his connection to the Exodus, to the real Moses and Judaism and to the Rosicrucians. , 2018-11-30 *The Apocalypse of Enoch and Bhu unda* The *Apocalypse of Enoch and Bhu unda* challenges the underlying assumptions of the classical roots of civilization by restoring the original context of creation mythology. In this second volume of *A Chronology of the Primeval Gods* and the Western Sunrise, ancient myths from multiple geographies are correlated to spikes in cosmic rays over the past 120 000 years as documented in ice core data. The chronology and content of these myths tell us that the primary forces behind these cataclysms were the most ancient gods: hyper nova at the Galactic Center associated with Sgr A, The Dragon, Sgr West, The Beast and Sgr East, Hiranyaksha and Hiranyakshaipu with secondary supernova seen as the birth of new destructive gods. Ancient myth has documented the cataclysmic destruction of the world on at least twenty occasions with four major geopolar migrations which has resulted in a shift of the earth's equator on at least one occasion. Multiple myths are shown to represent a view of the sky that can only be seen from the Antarctic region. Multiple versions of the myths of Orion are analyzed showing clear linkages between the Vedic myth of Trisanku, the Book of Genesis, Senmut's Tomb and the myths of Prajapati, Daksa representing the oldest version of the Orion myth older than Trishanku and Genesis by 20 000 years. The stunning conclusion explains how the Watchers of Enoch were the Vedic descendants of Ila and Ikshvaku. These descendants of the seventh Manu had been observing and recording the stars as a source of cataclysm for at least 15 000 years prior to Enoch, thus allowing Enoch to prophesize a new heaven. That prophecy became the foundation for St John's Book of Revelations which is shown to be a description of a series of cataclysms attributed to Sgr West. The book offers a new theory for explaining geopolar migration. That theory suggests small shifts in the location of the earth's center of gravity underlie each migration but that there are multiple causes for the shifts. THE EVOLUTION OF RELIGION Sulabh Jain, 15-06-09 History has an unsettling effect on religion. Like science, history is fundamentally nothing more than a range of theories based on objective evidence. Mythology becomes a byword for a tradition's history and history in the objective sense that we

understand it today becomes distorted Thus through time both myth and history blend into an entertaining story of the world around them and their role in that world

of the psychomythic evolution of humanity In the second volume Massey examines the celestial phenomenon known as the Precession of the Equinoxes He believed only by understanding this phenomenon was it possible to fathom Nile Valley history He provides the reader with extensive detail on the interconnection of the two The last half of the second volume is devoted to the Kamite sources of Christianity Massey demonstrated the manner in which New Testament Christianity evolved directly out of the Osirian mysteries Massey pioneered the effort to connect Old Kamite thought to its origin in Africa's antiquity His conclusions which are constantly being verified showed that Kamite thought was the direct progenitor to the philosophy metaphysics religion and science that eventually shaped Western civilization from back cover
