## **Fundamental Rights In Sri Lanka:**

**Fundamental Rights in Sri Lanka** S. Sharvananda, 1993      **Sri Lanka's Development Since Independence** W. D. Lakshman, Clement Allan Tisdell, 2000 Social political economic and constitutional developments are considered as well as the evolution of science and arts in the development process This is in accordance with the Sri Lankan tradition of seeing the world as a connected whole **BOOK JACKET**      **Rights, Emergencies and Judicial Review** Imtiaz Omar, 2023-07-03 This book makes a significant contribution to the understanding of issues of comparative constitutionalism in emergent politics Recurrent states of emergency in Malaysia Sri Lanka and Bangladesh provide the background for a comparative examination of constitutional emergency powers individual rights and judicial review This work examines the extent to which the Court in these countries has performed its expected role identifies problems in approaches to interpretation which have been adopted and suggests alternatives to constitutional interpretation and judicial review The alternatives explored are drawn from contemporary western jurisprudence including those of Ronald Dworkin and writers of the Critical Legal Studies tradition The juxtaposition of western jurisprudential development to issues of constitutionalism in the countries under survey is a bold attempt to seek some common ground in conceptualizing rights and techniques of juristic interpretation in western and eastern legal cultures The theoretical framework of the study is well perceived the arguments convincing This carefully researched work makes a valuable and scholarly contribution to the study of comparative constitutional law and jurisprudence      **Sri Lanka, Human Rights and the United Nations** Thamil Venthan Ananthavinayagan, 2019-04-30 This book examines the engagement between the United Nations human rights machinery and the respective governments since Sri Lanka then Ceylon joined the United Nations Sri Lanka has a long and rich history of engagement with international human rights instruments However despite its active membership in the UN the country's post colonial trials and tribulations are emblematic of the limited influence the international organisation has exerted on this country in the Global South Assessing the impact of this international engagement on the country's human rights infrastructure and situation the book outlines Sri Lanka's colonial and post colonial development It then considers the development of a domestic human rights infrastructure in the country It also examines and analyzes Sri Lanka's engagement with the UN's treaty based and charter based human rights bodies before offering conclusions concerning the impact of said engagement The book offers an innovative approach to gauging the impact of international human rights engagement while also taking into account the colonial and post colonial imperatives that have partly dictated governmental behaviour By doing so the book seeks to combine and analyse international human rights law post colonial critique studies on biopower and critical approaches to international law It will be a useful resource not only for scholars of international law but also for practitioners and activists working in this area

**The Global Emergence of Constitutional Environmental Rights** Joshua C. Gellers, 2017-05-18 Over the past 40 years countries throughout the world have similarly adopted human rights related to environmental governance and

protection in national constitutions Interestingly these countries vary widely in terms of geography politics history resources and wealth This raises the question why do some countries have constitutional environmental rights while others do not Bringing together theory from law political science and sociology a global statistical analysis and a comparative study of constitutional design in South Asia Gellers presents a comprehensive response to this important question Moving beyond normative debates and anecdotal developments in case law as well as efforts to describe and categorize such rights around the world this book provides a systematic analysis of the expansion of environmental rights using social science methods and theory The resulting theoretical framework and empirical evidence offer new insights into how domestic and international factors interact during the constitution drafting process to produce new law that is both locally relevant and globally resonant Scholars practitioners and students of law political science and sociology interested in understanding how institutions cope with complex problems like environmental degradation and human rights violations will find this book to be essential reading

The Asian Yearbook of Human Rights and Humanitarian Law Matthias Vanhullebusch, Steve Foster, Ben Stanford, 2024-10-07 The Asian Yearbook of Human Rights and Humanitarian Law aims to publish peer reviewed scholarly articles and reviews as well as significant developments in human rights and humanitarian law It examines international human rights and humanitarian law with a global reach though its particular focus is on the Asian region Volume 8 of the Yearbook covers a wide range of topics focusing on accountability under various legal regimes which have been organized along four parts Governance and Accountability Justice and Accountability Economic and Social Justice and Violence and Accountability

*State and Nation in South Asia* Swarna Rajagopalan, 2001 What makes a national community out of a state Addressing this fundamental question Rajagopalan studies national integration from the perspective of three South Asian communities Tamilians in India Sindhis in Pakistan and Tamils in Sri Lanka that have a history of secessionism in common but with vastly different outcomes Rajagopalan investigates why integration is relatively successful in some cases Tamil Nadu less so in others Sindh and disastrous in some Sri Lanka Broadly comparative and drawing together multiple aspects of political development and nation building her imaginative exploration of the tension between state and nation gives voice to relatively disenfranchised sections of society

Recognising Human Rights in Different Cultural Contexts Emily Julia Kakoullis, Kelley Johnson, 2020-06-26 This book explores the journey of the United Nations Convention on the Rights of Persons with Disabilities CRPD as it is interpreted and translated from International Human Rights Law into domestic law and policy in different cultural contexts Beginning with reflections on culture disability and human rights from different disciplinary perspectives the work is then organised as snapshots of the journey of the CRPD from the international level to the domestic the process of ratification the process of implementation and then the process of monitoring the CRPD s implementation in States Parties cultural contexts Leading global contributors provide cutting edge accounts of the interactions between the CRPD and diverse cultures revealing

variations in the way that the concept of culture is defined This collection will appeal to academics and students in Law and Socio Legal Studies Disability Studies Policy Studies and Social Work Sociology Anthropology and those training to be service providers with persons with disabilities

**Religious Offences in Common Law Asia** Li-ann Thio, Jaclyn L Neo, 2021-02-25 This book provides in depth comparative analysis of how religious penal clauses have been developed and employed within Asian common law states and the impact of such developments on constitutional rights By examining the theoretical and conceptual underpinnings of religious offences as well as interrogating the nature and impact of religious penal clauses within the region it contributes to the broader dialogue in relation to religious penal clauses globally whether in countries which practise forms of secular or religious constitutionalism Asian practice is significant in this respect given the centrality of religion to social life and indeed in some jurisdictions to constitutional or national identity Providing rigorous studies of common law jurisdictions that have adopted similar provisions in their penal code the contributors provide an original examination and analysis of the use and development of these religious clauses in their respective jurisdictions They draw upon their insights into the background sociopolitical and constitutional contexts to consider how the inter relationship of religion and state may determine the rationale and scope of religious offences These country by country chapters inform the conceptual examination of religious views and sentiments as a basis for criminality and the forms of harm that attract legal safeguards Several chapters examine these questions from a historical and comparative perspective considering the underlying bases and scope as well as evolving objectives of these provisions Through these examinations the book critically interrogates the legacy of colonialism on the criminal law and constitutional practice of various Asian states
