English in Cameroon Hans-Georg Wolf, 2013-06-10 The multilingual situation in Cameroon and the status of English as a co official language constitute a unique and fascinating case for sociolinguistic investigation Drawing from first hand material the author investigates several aspects of this complex configuration including the historical development of English in Cameroon the various languages and lingua franca areas the linguistic policy the de facto status of English and the situation in the anglophone provinces The speech community of the Anglophones is highlighted as a rare example of an ethnicity tied to the second language Apart from important sociolinguistic findings the work includes a novel corpus based analysis of Cameroon English Certain lexical phenomena are explained by the cognitive coding of culture particularly the African cultural model of community which also underlies the self perception of the Anglophones a perspective hitherto neglected in the study of the New Englishes

### **The Cameroon GCE Crisis: A Test of Anglophone Solidarity B**

Nyamnhoh, Fonteh Akum, 2008-03-15 This book richly documents the battles fought by the Anglophone community in Cameroon to safeguard the General Certificate of Education GCE a symbol of their cherished colonial heritage from Britain from attempts by agents of the Ministry of National Education to subvert it These battles opposed a mobilised and determined Anglophone civil society against numerous machinations by successive Francophone dominated governments to destroy their much prided educational system in the name of national integration When Southern Cameroonians re united with La R publique du Cameroun in 1961 they claimed that they were bringing into the union a fine education system from which their Francophone compatriots could borrow Instead they found themselves battling for decades to save their way of life Central to their concerns and survival as a community is an urgent need for cultural recognition and representation of which an educational system free of corruption and trivialisation through politicisation is a key component

*The Anglophone Question and Postcolonial Hegemony in Cameroon* Lyombe Eko, 2025-01-15 The Anglophone Question Postcolonial Hegemony in Cameroon The Past that Did Not Pass is a comprehensive collection of essays and analyses that explore the historical colonial postcolonial legal and international relations aspects of the politico cultural and linguistic crisis between the English speaking former British Southern Cameroons now divided into the Northwest and Southwest regions and the French speaking majority of the former French Cameroon la R publique du Cameroun This conflict has shaken Cameroon to its core since the 1990s and led to an armed conflict between the government of Cameroon and Anglophone non state armed groups The premise of this book is that the Anglophone Question the problematic situation of the muted English and Pidgin speaking minority in French Cameroon is one of the unfinished items of business of World War I and the Treaty of Versailles of 1919 that resolved the conflicts of that great conflict The Anglophone conflict has been exacerbated by the authoritarian republican chieftaincy that was installed in Cameroon after independence and reunification This neo patrimonial kleptocratic regime of Cameroon has with the support of its international partners emphasized the argument of

force rather than the force of argument thereby creating yet another frozen African conflict The Anglophone Question cannot vanish by some political maneuver as Cameroon's senile nonagenarian president has done over the decades with his ossified knee excruciatingly painful on the nation's neck That is my takeaway after reading this insightful well argued exhaustively researched highly intellectualized yet practical compendium of chapters that bear an unapologetic witness to the horrific Anglophone Problem I celebrate the authors fearlessness articulation and lucid presentation as the establishment continues to seal its ears with candle wax I'll reverse President Paul Biya's mantra and say Rule 1 There is an Anglophone Problem Rule 2 When in doubt consult Rule 1 Uche Onyebadi PhD Texas Christian University Texas USA

**The Languages of Nation** Carol Percy, Mary Catherine Davidson, 2012-07-25 This collection brings together research on linguistic prescriptivism and social identities in specific contemporary and historical contexts of cross cultural contact and awareness Providing multilingual and multidisciplinary perspectives from language studies lexicography literature and cultural studies our contributors relate language norms to frameworks of identity beyond monolingual citizenship nativeness ethnicity politics religion empire Some chapters focus on traditional instruments of prescriptivism language academies in Europe government language planners in southeast Asia dictionaries and grammars from Early Modern and imperial Britain republican America the postcolonial Caribbean and modern Germany Other chapters consider the roles of scholars in prescriptivism as well as the more informal and populist mechanisms of enforcement expressed in newspapers With a thematic introduction articulating links between its breadth of perspectives this accessible book should engage everyone concerned with language norms

**Exploring Academic Writing in Cameroon English: A Corpus-based Perspective** Daniel A. Nkemleke, 2011-10-20 **Post-Colonial Cameroon** Joseph Takougang, Julius A. Amin, 2018-06-13 In this unique volume leading scholars examine how Cameroonians organize and experience their lives under Cameroonian leadership and local responses to that leadership The volume offers essential case studies that allow us to examine the lives of ordinary people in post colonial Africa through five lenses politics society and culture economy

international relations and migration It places the nation's contemporary challenges within a broader political economic and socio cultural context and uses that to make recommendations for future directions The book also celebrates areas in which the country has done well and calls on its citizens to build on those achievements This volume is forward looking and as such raises important questions about issues of development ethnicity wealth poverty and class Quality Teacher Education in Cameroon Hamidou Hassana, 2022-09-05 Eine qualit tsorientierte Lehrer innenbildung verbessert die Qualit t von Lehr und Lernprozessen Welche Rolle spielt dabei der soziokuklturelle Hintergrund Das Buch beleuchtet wie der soziokulturelle Hintergrund der Akteur innen die Qualit t der Lehrer innenausbildung im Rahmen eines p dagogischen Reformprojekts mit Teilnehmer innen aus Kamerun und Deutschland beeinflusst Die Analyse und Interpretation qualitativer Daten zeigt dass die soziokulturellen Hintergr nde der Akteur innen wichtige Faktoren sind die den internationalen interkulturellen Dialog ber Lehrer innenbildung sowie die Lehr Lern Interaktionsdynamik im Klassenzimmer beeinflussen Das Buch er rtert dar ber hinaus den Einfluss soziokultureller Kontexte auf einen lerner innenorientierten Unterricht der auf den Prinzipien von Vielfalt Interaktion und gegenseitiger Verantwortung beruht **Cameroon, 1884-1985** Victor Julius Ngoh, 1988 Landscaping Postcoloniality. The Dissemination of Cameroon Anglophone Literature Joyce Ashuntantang, 2009 This is a foundational text on the production and dissemination of Anglophone Cameroon literature The Republic of Cameroon is a bilingual country with English and French as the official languages Ashuntantang shows that the pattern of production and dissemination of Anglophone Cameroon literature is not only framed by the minority status of English and English speaking Cameroonians within the Republic of Cameroon but is also a reflection of a postcolonial reality in Africa where mostly African literary texts published by western multi national corporations are assured wide international accessibility and readership This book establishes that in spite of these setbacks Anglophone Cameroon writers have produced a corpus of work that has enriched the genres of prose poetry and drama and that these texts deserve a wider readership **Education in Anglophone Cameroon, 1915-1975** Christiane Courade, Georges Courade, 1977 The Magistracy and the Bar in Cameroon Carlson Anyangwe, 1989 Bi- and multilingual universities: European perspectives and beyond Daniela Veronesi, Christoph Nickenig, 2009 This collection of the proceedings of the 3rd conference on bi and multilingual universities held at the Free University of Bozen Bolzano from 20 to 22 September 2007 tries to give a state of the art insight into theoretical and practical approaches towards implementing bi and multilingual models and policies in higher education institutions in various parts of the world *In the Service of People* S. N. Ejedepang-Koge, 2013-07-24 The author paints the rural geographical and sociological environment in which he was raised and highlights the careful parental care and the early death of his mother at the age of 32 years He was then 12 years old and his siblings 8 5 and 3 years old This provides the base from which traditional and western education were pursued with determination and vision as the source of progress and power thanks to the encouragement of his father Armed with a liberal and professional education Ejedepang Koge a teacher

through and through his autobiography reads like a book on the education and constitutional changes in Cameroon He served successively as a teacher Head of Service Deputy Director in both the Departments of Private and Secondary Education Director of Education of Private Education in the Ministry of National Education and in Diplomatic Service as Cultural Counsellor in the Embassy of Cameroon in Washington DC By virtue of such services he mirrors beautifully the joys and pains of a conscientious and patriotic civil servant striving to do his duty honestly and refusing to be discouraged and thwarted

**Nationalism and Intra-State Conflicts in the Postcolonial World** Fonkem Achankeng, 2015-09-28 This book highlights the complexities of nationalism and the struggles of different groups left unaddressed within the nation states of a postcolonial world The central question is what happened to the worldly and radical visions of freedom liberty and equality that animated intellectual activists and policy makers from Woodrow Wilson in the 1920s This book analyzes the outcome of lumping disparate groups of people together under one nation state and holding them together against the knowledge of the incompatibility theory of plural states In a world of arbitrarily and colonially mapped sovereign states groups and nations with distinctive histories and cultures trapped within the borders of sovereign states want the freedom to decide their own destinies This book challenges deconstructs and decolonizes Western epistemologies related to postcolonial state formation and maintenance In examining the freedom concept that no human group ought to be determining the independence of other human groups this book constructs an alternative conceptualization of nations and peoples rights in the twenty first century in which radical hopes and global dreams are recognized as central to internal nationalism struggles

**The Fundamentals of Lekongho** A. B. K. Kasozi, Josephine Ahikire, Dominica Dipio, Helen Byamugisha, Isaac Tibasiima, 2024-04-26 This book stems from a compilation of two separate research projects The first was A Long Essay entitled Meaning of the Names of People in Mbo Department of Linguistics University of Buea and the other was an Essay entitled Time in Lekongho The authors succinctly presented Nkongho Mbo traditional names their meaning and socio cultural implications in the Nkongho Mbo Speech Community Most importantly the researchers examined the impact of the Nkongho Mbo names to the bearers They explored the positivity and negativity of the selected Nkongho Mbo names including the meanings portrayed through the Lekongho language In addition they demonstrated the wealth and diversity of African languages cultures and traditions and how they are fast losing their richness and diversity to the domineering influence of European colonialism and modernization which has drastically altered the socio cultural socio economic and political conditions in Africa and given rise to a new generation of Africans who take greater pride in imbibing and promoting Europeans rather than fostering African values The authors also addressed the Nkongho conception of time and names in a succinct analysis of how the Nkongho Mbo people conceived interpret and use them The concept of time in most African cultures is very elusive fluid and imprecise but this book has demonstrated that careful research and patient analysis can reduce that elusiveness fluidity and imprecision The authors have moved away from that colonial frame of mind and have

shown great interest in reviving certain of the African values that have fallen prey to modernization      *The Routledge Handbook of Content and Language Integrated Learning* Dario Luis Banegas, Sandra Zappa-Hollman, 2023-07-03 Content and language integrated learning CLIL is an increasingly popular educational approach given its dual focus on enabling learners to acquire subject matter through an additional language while learning this second language in tandem with content This Handbook provides a comprehensive overview of recent CLIL developments illustrating how CLIL has been uniquely conceptualised and practised across educational and geographical contexts Divided into six sections covering language and language teaching core topics and issues contexts and learners CLIL in practice CLIL around the world and a final section looking forward to future research directions every chapter provides a balanced discussion of the benefits challenges and implications of this approach Representing the same diversity and intercultural understanding that CLIL features the chapters are authored by established as well as early career academics based around the world The Routledge Handbook of Content and Language Integrated Learning is the essential guide to CLIL for advanced students and researchers of applied linguistics education and TESOL      West Africa ,1981-07      Commonwealth Universities Yearbook ,1996      **The Role of English and French as Languages of Communication Between Anglophone and Francophone West African States** Africa Educational Trust, Carew Treffgarne, 1975 Educational research monograph on the role current provision and resources with respect to language teaching of English and French as second languages for wider communication between countries of West Africa French speaking Africa and English speaking Africa includes a bibliography pp 130 to 135 and statistical tables
