Resistance Owen Sheers:

Resistance Owen Sheers, 2011-07-07 1944 After the fall of Russia and the failed D Day landings half of Britain is occupied Young farmer's wife Sarah Lewis wakes to find her husband has disappeared along with all of the men from her remote Welsh village A German patrol arrives in the valley the purpose of their mission a mystery Sarah begins a faltering acquaintance with the patrol's commanding officer Albrecht and it is to her that he reveals the purpose of his mission to claim an extraordinary medieval art treasure that lies hidden in the valley But as the pressure of the war beyond presses in on this isolated community this fragile state of harmony is increasingly threatened **Mametz** Owen Sheers, 2017-03-02 For years afterwards the farmers found them the wasted young turning up under their plough blades So run the blunt grimly beautiful opening lines of the Welsh poet Owen Sheers's elegy for the men 4 000 of them from the 38th Welsh Division who were killed or wounded in the Battle of Mametz Wood in July 1916 Sheers revisits that chapter of carnage in a stirring sprawling promenade show He draws on the writings of two survivors in particular One is the poet David Jones whose fractured enervated modernist response to his war time experiences In Parenthesis was hailed as a work of genius by TS Eliot The other key influence is the writer Llewelyn Wyn Griffith driven to wondering how the sun could shine on this mad cruelty and on the quiet peace of an upland tarn near Snowdon We end up in dark woods and a place of numb desolation bombarded by words that pierce the heart and vignettes that capture the stomach churning sacrifice The finest commemoration of the First World War centenary I've seen to date this deserves a much longer life Dominic Cavendish Daily Telegraph Mametz by Owen Sheers was premiered by National Theatre Wales in June 2014 It is one of the set plays on WJEC's A level Drama specification This dual edition combines the original English language play with a Welsh language translation by Ceri Wyn Jones one of Wales's most eminent poets **Hi Hitler!** Gavriel D. Rosenfeld, 2015 Analyzes how the Nazi past has become increasingly normalized within western memory since the start of the new millennium **The Green Hollow** Owen Sheers, 2018-04-03 In 1966 a coal slag heap collapsed on a school in south Wales killing 144 people most of them children Poet Owen Sheers has given voice to those who still live in Aberfan the pit village in which tragedy struck and using their collective memories has created a striking work of poetic power Sheers set out to paint a portrait not just of what happened but also of what was lost What was Aberfan like in 1966 What were the interests of the people the social life the sporting obsessions the bands of the day What was the deeper history of the place Why had it become the mining village it was and what had it been before the discovery of coal under its soil Perhaps most significantly what was Aberfan like today The Green Hollow is a historical story with a deeply urgent contemporary resonance a story of what can happen when a community is run by a corporation It is also a story known along generational rather than geographic borders Based on the BBC One production The Green Hollow is a beautifully rendered picture of a time and place and a life altering event whose effects are felt to this day **Imagining the Unimaginable** Glyn Morgan, 2020-01-23 Imagining the Unimaginable

examines popular fiction's treatment of the Holocaust in the dystopian and alternate history genres of speculative fiction analyzing the effectiveness of the genre's major works as a lens through which to view the most prominent historical trauma of the 20th century. It surveys a range of British and American authors from science fiction pulp to Pulitzer Prize winners building on scholarship across disciplines including Holocaust studies, trauma studies and science fiction studies. The conventional discourse around the Holocaust is one of the unapproachable, unknowable and the unimaginable. The Holocaust has been compared to an earthquake, another planet, another universe, a void. It has been said to be beyond language or else have its own incomprehensible language beyond art and beyond thought. The othering of the event has spurred the phenomenon of non-realist Holocaust literature engaging with speculative fiction and its history of the uncanny, the grotesque and the inhuman. This book examines the most common forms of non-mimetic Holocaust fiction: the dystopia and the alternate history while firmly positioning these forms within a broader pattern of non-realist engagements with the Holocaust.

Veränderte Vergangenheiten Richard J. Evans, 2014-10-06. Was wir gewesen wären, Was wir sein könnten. Napoleon die Schlacht von Waterloo gewonnen hätte, Was wenn Hitler 1930 bei einem Autounfall gestorben wäre. Solche Fragen haben Historiker und Geschichtsinteressierte seit jeher fasziniert und wenn sie auch die Vergangenheit nicht zu ändern vermögen, so sind die Antworten darauf doch ein Spiegel der jeweiligen Gegenwart. Warum stellen sich Menschen alternative Geschichtsverläufe vor? Der renommierte Historiker Richard J. Evans untersucht die soziale, kulturelle und politische Bedeutung solcher Überlegungen und beschreibt das Aufkommen kontrafaktischer Geschichtsschreibung aus dem Geist der romantischen Vergangenheitsverklärung. Prägnant zeigt Evans, welchen Wert das Nachdenken über jene Wege hat, die nicht beschritten worden sind, und warnt zugleich vor einer gefährlichen Nähe zu Verschwörungstheorien.

The Two Worlds of Charlie F. Owen Sheers, 2012-07-31. Welcome to our war. The Two Worlds of Charlie F. is a soldier's view of service, injury and recovery. Moving from the war in Afghanistan through the dream world of morphine-induced hallucinations to the physio rooms of Headley Court, the play explores the consequences of injury, both physical and psychological, and its effects on others as the soldiers fight to win the new battle for survival at home. Drawn from the personal experience of the wounded, injured and sick Service personnel involved, Owen Sheers's The Two Worlds of Charlie F. premiered at the Theatre Royal Haymarket, London, in January 2012 and toured nationally that summer.

Unicorns, Almost Owen Sheers, 2018-07-05. Unicorns Almost portrays the short life of World War II poet Keith Douglas from his childhood through four engagements to his fighting in the Western Desert, his accelerated education as a poet and his early death three days after the Normandy D-Day landings at the age of twenty-four. It is the story of his Faustian pact with a war that would nurture his unique poetic voice before taking it away. It is also the story of his desperate race to see his poems in print. Widely recognised as the finest poet of World War Two, Keith Douglas was championed by Ted Hughes as an important influence. Hughes wrote the introduction to Douglas's Collected Poems published by Faber. Unicorns Almost by Owen Sheers opened at The Swan Hotel, Hay-on-Wye, in May 2018.

Brexlit Kristian Shaw, 2021-07-29 Britain's vote to leave the European Union in the summer of 2016 came as a shock to many observers. But writers had long been exploring anxieties and fractures in British society from Euroscepticism to immigration to devolution to post truth narratives that came to the fore in the Brexit campaign and its aftermath. Reading these tensions back into contemporary British writing, Kristian Shaw coins the term Brexlit to deliver the first in-depth study of how writers engaged with these issues before and after the referendum result. Examining the work of over a hundred British authors including Julian Barnes, Jonathan Coe, Kazuo Ishiguro and Ali Smith as well as popular fiction by Andrew Marr and Stanley Johnson, Brexlit explores how a new and urgent genre of post-Brexit fiction is beginning to emerge. *Pink Mist* Owen Sheers, 2013-06-04 Winner of Wales Book of the Year. *Pink Mist* is a verse drama about three young soldiers from Bristol who are deployed to Afghanistan. School friends still in their teens, Arthur, Hads and Taff each have their own reasons for enlisting. Within a short space of time they return to the women in their lives: a mother, a wife, a girlfriend, all of whom must now share the psychological and physical aftershocks of their service. A work of great dramatic power, documentary integrity and emotional intensity, *Pink Mist* uses everyday yet heightened speech to excavate the human cost of modern warfare. Drawing upon interviews with soldiers and their families as well as ancient texts such as the medieval Welsh poem *Y Gododdin*, it is the first extended lyric narrative to emerge from the devastating conflict in Afghanistan. **WJEC Eduqas GCSE English Language: Book 2: Assessment preparation for Component 1 and Component 2** Natalie Simpson, Julie Swain, Michelle Doran, Jill Carter, Annabel Charles, Margaret Graham, 2020-07-16 Student Book 2 provides guidance and activities in the context of the Component 1 and Component 2 exam questions on how to improve reading and writing skills. With the types of texts that students will face in the exams in context, SPAG support and regular opportunities to monitor progress, this book aims to improve exam performance. **Monsters in the Mirror** Sara Buttsworth, Maartje Abbenhuis, 2010-08-31 This collection provides readers with a comprehensive overview of postwar representations of Nazism in popular culture, documenting and critiquing their enormous impact and importance. From Charlie Chaplin's *The Great Dictator* to the depiction of Nazis in *The Raiders of the Lost Ark* to other various literature, comic books, video games, television programs and pop music, Nazism has maintained a constant presence in popular culture after World War II. Why are representations of Nazism, which are often used to depict the ultimate expression of human evil, so entrenched in our culture? Each chapter in this book examines this multifaceted topic from different angles, highlighting the different incidences of Nazistic representations in the post-1945 period. The diverse subject matter in this text ranges from analysis of recent historical novels to the music of the neo-folk movement to fetishes and pornography. Readers will gain insight on how the imagery and symbology of Nazism in popular culture has changed over time and understand how the disconnect between representations of Nazism and the historical record have developed, particularly with regard to the genocide that resulted from Nazi politics. the Second World War in their own words **To Provide All People** Owen Sheers, 2018-06-19 July 2018 marks the 70th anniversary of the National Health Service Act Owen Sheers the author of *Pink Mistand* the BAFTA nominated *The Green Hollow* has created a virtuosic film poem to coincide with the Vox Pictures BBC production broadcast to mark the occasion *To Provide All People* is the intimate story of the N H S in British society today Depicting 24 hours in the service with a regional hospital at the centre of the action the poem charts an emotional and philosophical map of the N H S against the personal experiences that lie its heart from patients to surgeons porters to midwives This is a world of transformative pains triumphs losses and celebrations that joins us all in our universal experiences of health and sickness birth and death regardless of race gender or wealth Based upon over 70 hours of interviews the work is punctuated with the historical narrative of the birth of the N H S Act from its origins in a local miners scheme in Tredegar in Wales through multiple hearings amendments and battles with the press the B M A and the Conservative party to its coming into effect in July 1948 *To Provide All People* is a work that excavates what the N H S represents and means on a personal and national level and paints an authentic tonal picture of a rare social phenomenon illuminating with exquisite sensitivity and power why the ethos at its heart should always be protected *Tipping Point* Helen Ramscar, Michael Clarke, 2019-11-28 Britain is facing big security challenges in the 2020s The decade to come will not be as favourable as the two past decades For a country as globalised as Britain security challenges cover a wide spectrum from terrorism international crime and cyber attack through to the prospects of war in its own continent or even again for its own survival Brexit has entered these equations and turned them into a political tipping point from which there is no hiding and no turning back *Tipping Point* looks at the immediate and long term security challenges Britain faces from security and foreign policy to the crisis of liberal democracy as well as Britain's security capabilities *Telling It Like It Wasn't* Catherine Gallagher, 2018-01-26 Inventing counterfactual histories is a common pastime of modern day historians both amateur and professional We speculate about an America ruled by Jefferson Davis a Europe that never threw off Hitler or a second term for JFK These narratives are often written off as politically inspired fantasy or as pop culture fodder but in *Telling It Like It Wasn't* Catherine Gallagher takes the history of counterfactual history seriously pinning it down as an object of dispassionate study She doesn't take a moral or normative stand on the practice but focuses her attention on how it works and to what ends a quest that takes readers on a fascinating tour of literary and historical criticism Gallagher locates the origins of contemporary counterfactual history in eighteenth century Europe where the idea of other possible historical worlds first took hold in philosophical disputes about Providence before being repurposed by military theorists as a tool for improving the art of war In the next century counterfactualism became a legal device for deciding liability and lengthy alternate history fictions appeared illustrating struggles for historical justice These early motivations for philosophical understanding military improvement and historical justice are still evident today in our fondness for counterfactual tales Alternate histories of the Civil War and WWII abound but here Gallagher shows

how the counterfactual habit of replaying the recent past often shapes our understanding of the actual events themselves The counterfactual mode lets us continue to envision our future by reconsidering the range of previous alternatives Throughout this engaging and eye opening book Gallagher encourages readers to ask important questions about our obsession with counterfactual history and the roots of our tendency to ask What if

[London's Burning](#) Antony Taylor, 2012-01-26 From the early years of the nineteenth century cultural pessimists imagined in fiction the political forces that might bring about the destruction of London Periods of popular protest or radicalism have generated novels that consider the methods insurgents might use to terrorise the metropolis There has been a tendency to dismiss such writings as the lurid imaginings of pulp novelists but this book re evaluates the contribution of popular fiction to the construction of the terrorist threat It analyses the high points for the production of such works and locates them in their cultural and historical context From the 1840s when a fear of Chartist insurgency was paramount in the minds of authors it moves through the anarchist thrillers of the 1890s considers writers' fears about Bolshevik revolution in the East End of the 1920s and 1930s explores fears of Fascism in the inter war years and assesses the concerns with underground counter culture that feature in the thriller literature of the 1970s It concludes with a re evaluation of the metropolitan background to the figure of the Islamist terrorist
