## **Robert Kiyosaki The Business School:**

*Harvard Business School Confidential* Emily Chan, 2012-11-27 Harvard Business School is the iconic business school. An admission ticket to HBS is a hot commodity and an HBS degree is highly respected in the business world. Written by an HBS grad and seasoned businesswoman, *Harvard Confidential* tells you why. It is a distillation of the most valuable and pragmatic but yet easiest to learn concepts taught at HBS. It distills the best of what HBS has to offer and unveils the secrets to success taught behind Harvard's ivied edifices. Readers will learn what they teach without going to HBS, learn how to think like an HBS grad, and gain a head start on what to expect from HBS. Emily Chan graduated top of her engineering class at Stanford and has a MBA from Harvard Business School. She is a former consultant with BCG in Boston and Hong Kong and independent consultant in Greater China. Based in Hong Kong, she is now Director of Pacific Merit Ltd, a family owned direct investment company.

*Einstein's Business* Dawson Church, 2007-01-10. At this threshold of our species' evolution, there is an increasing recognition that new approaches are needed to create the radical changes necessary for humanity to survive on this planet. Business is not exempt; it's at the center of this radical change. Business can even be the lynchpin around which the rest of social transformation takes place and can lead the way as we relinquish our addiction to control and to the extreme competitiveness that has paralyzed us and prevented us from uniting to address the urgency of the crisis at hand. In this anthology, some of the best-selling business authors of today infuse their visions, experiences, and insights into the ongoing conversation about how to find solutions to seemingly impossible challenges. The guiding principles for the book are derived from the inspiring, timeless wisdom of Albert Einstein, a man who modeled the ability to be a channel for intuitive, imaginative, and collective intelligence. From that realm, we can draw on collective intelligence to reinvent ourselves and transform business.
