Roses In December Mc Chagla:

, *Cosmopolitan Elites* Kira Huju, 2023 This book offers a critical sociological examination of the elite Indian Foreign Service and its members examining how Indian diplomats learned to live under a Westernized world order and exploring what their experience reveals about social hierarchies under global order *What's Wrong with Pakistan?* Babar Ayaz, 2013-08-01 A courageous comprehensive and no holds barred account by a veteran journalist of a 66 year old nation that is still trying to find its identity and fighting its own demons Beginning with the genetic defect that Pakistan was born with Babar Ayaz highlights the numerous problems faced by Pakistan today that have arisen as a result of the country's foundation being based on religion What Quaid e Azam Muhammad Ali Jinnah managed to achieve as a separate homeland in August 1947 is today being consumed by religious fanaticism Ayaz attributes such a state of affairs to the Islamization of Pakistani laws which are in conflict with the twenty first century value systems The author next pinpoints how Jinnah failed to recognize the ethno linguistic diversity of the Pakistan he had created which needed proper distribution of power between the Centre and the states in the then existent West Pakistan and East Pakistan He describes how the centralization of power and the imposition of a single language for both wings of the country led to the dismemberment of Pakistan and the creation of Bangladesh in 1971 The book also analyzes the unwritten national security policy of Pakistan and how it has dictated its foreign policy Relations with the US India China Saudi Arabia Iran and Afghanistan are discussed vis vis the overall national security policy The author contends that the rise of fundamentalism is a global phenomenon but in Pakistan it has given birth to a plethora of Islamic militant groups covertly supported by the Pakistani intelligence services Pakistan has been branded as the most dangerous state of the world and the epicentre of terrorism He laments the fact that attempts to present the peaceful side of Islam are extremely feeble because of the dominance of the pro jihad elements which are pushing the country into a civil war like situation In spite of several years of attempts at indoctrination of the people through mass media and educational institutions in Pakistan the anti Indian feelings and extreme stands on Kashmir have been limited Ayaz believes that India and the developed world would have to help by being more accommodating and understanding so that the people of Pakistan can re invent their country Without moving towards secularism the author warns Pakistan will remain at war with itself as it is torn between the twenty first century and medieval religious value systems Jinnah vs. Gandhi Roderick Matthews, 2012-11-30 The modern history of South Asia is shaped by the personalities of its two most prominent politicians and ideologues Mohammad Ali Jinnah and Mahatma Gandhi Jinnah shaped the final settlement by consistently demanding Pakistan and Gandhi defined the largely non violent nature of the campaign Each made their contribution by taking over and refashioning a national political party which they came to personify Theirs would seem therefore to be a story of success yet for each of them the story ended in a kind of failure How did two educated barristers who saw themselves as heralds of a newly independent country come to find themselves on opposite ends of the political spectrum

How did Jinnah who started out a secular liberal end up a Muslim nationalist How did a God fearing moralist and social reformer like Gandhi become a national political leader And how did their fundamental divergences lead to the birth of two new countries that have shaped the political history of the subcontinent This book skilfully chronicles the incredible similarities and ultimate differences between the two leaders as their admirers and detractors would have it and as they actually were

Radhakrishnan K. Satchidananda Murty, Ashok Vohra, 1990-09-11 This book presents a critical and comprehensive biography of Radhakrishnan The authors explain how Radhakrishnan who had a British knighthood and an Oxford Professorship and who did not participate in India's struggle for freedom became important in the political life of Independent India They show how this philosophy professor and vice chancellor often expressed radical views developed rapport with national leaders and became President of India under Nehru without losing the goodwill and regard of either the British intellectuals or the colonial government of India It is the thought of Sarvepalli Radhakrishnan that is most often presented in the West as Hinduism Through an analysis of his autobiographical sketches writings of those who knew him and worked with him and documents the authors come to grips with Radhakrishnan's complex personality which in spite of his greatness and varied achievements is all too human *A Tale of Three Lawyers* N.C. Beohar, 2020-04-22 *A Tale of Three Lawyers* is an analytical and objective study of three colossal leaders of an era in which one struggled for the independence of the country the second struggled for the creation of his new country while the third struggled for the political rehabilitation of the deprived classes Three different objectives motivated Mahatma Mohandas Karamchand Gandhi Quaid e Azam Mohammad Ali Jinnah and Bharat Ratna Dr Bhimrao Ramji Ambedkar They employed three different means and methods and therefore it is no surprise that they brought about three distinct achievements delivering three different legacies to their succeeding generations The author attempts to present to the readers a dispassionate assessment of these three mass leaders without an intention to compare and contrast any of the three great leaders advantages or disadvantages

Road to Pakistan B. R. Nanda, 2013-07-03 This is a biography of Mohammad Ali Jinnah and the story of the creation of Pakistan At a time of much interest and concern about Pakistan in the international community this volume provides a historical context which helps in an understanding of the present It traces the development of the Muslim identity on the Indian subcontinent and follows Jinnah as he rode the wave of Muslim communalism to ultimate success in the demand for the partition of India and the creation of Pakistan at independence from British rule Jinnah's successful espousal of the demand for Pakistan was a remarkable feat In achieving this success Jinnah traversed a long distance from the beliefs with which he entered public life He started out a nationalist as a protégé of senior Congress leaders like Dadabhai Naoroji However the introduction of separate electorates for Muslims after the Minto Morley reforms in 1909 led him to change his position in order to appeal to his changed constituency Even so it was not until 1937 that he unabashedly played the religious card He now began to see the Congress and the Hindus as his adversaries rather than the British Through these twists and turns of posture the one constant factor was his underlying ambition to remain in a position of leadership and eminence This

volume traces the zigzag course of Jinnah's political life and the establishment of Pakistan within the broader framework of the Indian freedom struggle. Indeed the main players in this struggle with three protagonists were the Indian National Congress and the British rulers. This work demonstrates how this bigger struggle opened the door for Muslim separatism led by Jinnah. It was through this opening aided by British moves to use the Muslim League as a foil to the Congress that Jinnah very astutely led his party to success in its demand for the creation of Pakistan. *Knowing Asia, Being Asian* Sarvani Gooptu, 2021-12-09 This book studies the various representations of Asia in Bengali literary periodicals between the 1860s and 1940s. It looks at how these periodicals tried to analyse the political situation in Asia in the context of world politics and how Indian nationalistic ideas and associations impacted their vision. The volume highlights the influences of cosmopolitanism, universalism and nationalism which contributed towards a common vision of a united and powerful Asia and how these ideas were put into practice. It analyses travel accounts by men and women and examines how women became the focus of the didactic efforts of all writers for a horizontal dissemination of Asian consciousness. The author also provides a discussion on Asian art and culture, past and present connections between Asian countries and the resurgence of 19th century Buddhism in the consciousness of the Bengalis. Rich in archival material, *Knowing Asia, Being Asian* will be useful for scholars and researchers of history, Asian studies, modern India, cultural studies, media studies, journalism, publishing, post colonial studies, travel writings, women and gender studies, political studies and social anthropology. *Gandhi's Hinduism the Struggle against Jinnah's Islam* M. J. Akbar, 2020-03-05 Gandhi, a devout Hindu, believed faith could nurture the civilizational harmony of India, a land where every religion had flourished. Jinnah, a political Muslim rather than a practicing believer, was determined to carve up a syncretic subcontinent in the name of Islam. His confidence came from a wartime deal with Britain embodied in the August Offer of 1940. Gandhi's strength lay in ideological commitment which was in the end ravaged by the communal violence that engineered partition. The price of this epic confrontation paid by the people has stretched into generations. M. J. Akbar's book, meticulously researched from original sources, reveals the astonishing blunders, lapses and conscious chicanery that permeated the politics of seven explosive years between 1940 and 1947. Facts from the archives challenge the conventional narrative and disturb the conspiratorial silence used to protect the image of famous icons. *Gandhi's Hinduism: The Struggle Against Jinnah's Islam* delves into both the ideology and the personality of those who shaped the fate of a region between Iran and Burma. It is essential reading for anyone interested in modern Indian history and the past as a prelude to the future. **Pakistan** Maleeha Lodhi, 2024-06-13 A realistic assessment of the evolution of contemporary Pakistan, one that eschews lurid headlines for sober analysis. *India's Partition* Devendra Panigrahi, 2004-08-19 This title offers an examination of the circumstances surrounding India's independence from Britain and the partition of the subcontinent. **Nationalism, Education and Migrant Identities** Sumita Mukherjee, 2009-12-16 This book examines the role western education and social standing played in the development of Indian nationalism in the

early twentieth century It highlights the influences that education abroad had on a significant proportion of the Indian population A large number of Indian students including key figures such as Mohandas Karamchand Gandhi Mohammad Ali Jinnah and Jawaharlal Nehru took up prominent positions in government service industry or political movements after having spent their student years in Britain before the Second World War Having reaped the benefits of the British educational system they spearheaded movements in India that sought to gain independence from British rule The author analyses the long term impact of this short term migration on Britain South Asia and Empire and deals with issues of migrant identities and the ways in which travel shaped ideas about the Self and Home Through this study of the England Returned attention is drawn to contemporary concerns about the politicisation of foreign students and the antecedents of the growing South Asian student population in the USA and Europe today as well as of Britain's growing South Asian diaspora **India's Vibgyor**
