Ruling The Void The Hollowing Of Western Democracy:

Ruling the Void Peter Mair, 2023-01-17 A classic account of democracy's crisis of legitimacy The age of party democracy has passed argues Peter Mair in *Ruling the Void* The major parties have become so disconnected from society that they no longer seem capable of sustaining democracy in its present form First published in 2013 *Ruling the Void* presciently observed that the widening gap between citizens and their political leaders posed a crisis of legitimacy for the governing class and was fuelling populist mobilizations against it Europe's political elites had remodelled themselves as a homogeneous professional class withdrawing into state institutions that offer relative stability in a world of fickle voters Meanwhile non democratic agencies and practices proliferated not least among them the European Union itself Mair weighs the impact of these changes and offers an authoritative assessment of the prospects for popular political representation today not only in the varied democracies of Britain and the EU but throughout the developed world With a new Introduction by Chris Bickerton author of *The European Union A Citizen's Guide*

Demokratie und Krise Wolfgang Merkel, 2014-11-25 Es gibt kaum einen Begriff in den Politik und Sozialwissenschaften der so h ufig benutzt wird wie der Begriff Krise Krise des Sozialstaats Krise der politischen Parteien Krise des Parlaments Eurokrise Krise im Mittleren Osten Krise der Diktaturen und schon immer auch Krise der Demokratie Steckt die Demokratie tats chlich in der Krise oder ist dieses verbreitete Urteil eine Erfindung von Theoretikern und Medien

Die Beiträge dieses Buchs untersuchen den gegenwärtigen Zustand der etablierten Demokratien auf der Grundlage eines gemeinsamen Demokratieverständnisses. Dem Leser wird aus drei theoretischen Perspektiven ein empirisch gehaltvoller Blick auf die zentralen Ebenen der Demokratie in der OECD-Welt geöffnet: der Partizipation der Repräsentation und des Regierens. Die Krisenphänomene sind vielschichtig und variieren von Institution zu Institution, von Politikbereich zu Politikbereich und von Land zu Land. Von einer allgemeinen oder gar existenziellen Krise kann nicht die Rede sein. Dennoch gibt es keinen Grund zur Entwarnung. Die Legitimationsachsen der Demokratie verschieben sich. Die Demokratie steht vor großen Herausforderungen.

Kritische Theorie der Politik Ulf Bohmann, Paul Sörensen, 2019-10-27. Die Kritische Theorie prägt eine ganze Epoche des akademischen Denkens und strahlt bis in öffentliche Debatten aus. Ihr gesellschaftstheoretischer Anspruch weist über den geschichtlichen Entstehungskontext hinaus und so geht von ihr nach wie vor eine große Anziehungskraft aus. Doch im Felde der Politik klafft im Zentrum der historischen Frankfurter Schule eine Theorieleücke. Dieser Band fragt, was das für die Gegenwart bedeutet. Ist eine Kritische Theorie der Politik heute noch möglich? Woran kann sie anknüpfen? Wo muss sie sich neu erfinden? Was sind ihre Antworten auf die Fragen unserer Zeit? Der Band versammelt Beiträge einschlägiger Expertinnen und Experten wie Amy Allen, Wendy Brown, Hauke Brunkhorst, Rainer Forst, Nancy Fraser, Raymond Geuss, Oliver Marchart, Hartmut Rosa und Martin Saar und bietet ein reichhaltiges Panorama aktueller theoretischer Entwurfe, Streitfragen sowie Konstellationen.

Die Geburt der Freiheit aus dem Geist des Sozialismus Grace Blakeley, 2025-04-12. Eine beeindruckende Abrechnung mit der kapitalistischen Logik des freien Markts. Naomi Klein: Grace Blakeley erfindet Kapitalismuskritik neu. Theoretisch fundiert, erfrischend klug und mit umfassender Recherche zeigt sie, dass kapitalistische Strukturen Freiheit nicht fördern, sondern bedrohen. Die Krisen dieser Welt sind keine Ausnahmen, sondern logische Folge des real existierenden Kapitalismus. Nur wenn die Macht von Großkonzernen und der Finanzwelt eingehegt wird, kann die Politik der Alternativlosigkeit überwunden und die Demokratie gerettet werden. Eindringlich führt Grace Blakeley vor, dass das Gerede vom freien Markt eine Nebelkerze ist, die die Reichen und Mächtigen schützt und Bürger entmündigt. Denn der Kapitalismus braucht Planwirtschaft, erzeugt Monopole und zerstört so die Grundlagen unserer Demokratie: Subventionen, Steuer Deals, Hinterzimmer Absprachen und im Notfall die Rettung durch den Staat. Große Konzerne nahezu unverwundbar, eine global öffentlich subventionierte Plutokratie ohne demokratische Kontrolle. Erst durch eine Mitbestimmung im Geiste des Sozialismus kann ein Gesellschaftssystem entstehen, in dem Freiheit wieder etwas bedeutet.

Der Verlust politischer Gleichheit Armin Schäfer, 2015-01-08. Bundestagswahlen, Landtagswahlen, Kommunalwahlen, Europawahlen: seit Jahren sinkt die Wahlbeteiligung in Deutschland. Doch was steht hinter diesem Trend und was bedeutet er für die Demokratie? Armin Schäfer beantwortet diese Frage umfassend und zeigt, dass wachsende soziale Ungleichheit zu einer Verringerung der Wahlbeteiligung führt. Sozial benachteiligte Gruppen bleiben in großer Zahl der Wahlurne fern. Die Unterschiede in der Wahlbeteiligung waren in der Geschichte der Bundesrepublik nie so groß wie heute.

Gleichheit in einer ungleichen Welt Corinne Michaela Flick, 2023-03-22 Politische, ökonomische und philosophische Aspekte zur Debatte von Gleichheit, Ungleichheit, Ungleichheit und Verschiedenheit sind Grundmerkmale des Menschseins. Wir wollen und brauchen ein großes Maß an Gleichheit als Fundament unseres gesellschaftlichen Zusammenlebens und als Ausdruck von Gerechtigkeit. Unter dem Thema *Gleichheit in einer ungleichen Welt* werden Aspekte wie Chancen und Ergebnisgleichheit, die Rolle des Wettbewerbs sowie die Frage, wie sich gesellschaftliche Forderungen und staatliche Eingriffe im Namen der Gleichheit mit individueller Freiheit vereinbaren lassen, diskutiert. Im Hintergrund steht dabei immer das Prinzip, dass Gleiches gleich und Ungleiches ungleich zu behandeln ist. Den Begriff Gleichheit neu zu fokussieren ist heute wichtiger denn je, denn die Welt sieht sich mit globalen Bedrohungen konfrontiert, die das Potenzial haben, bestehende Ungleichheiten massiv zu verschärfen. Mit Beiträgen u.a. von Marietta Auer, Paul Collier, Gabriel Felbermayr, Raji Jayaraman, Kai A. Konrad, Jörn Leonhard, Mathias Risse, Claudia Wiesner, Jonathan Wolff. *On Parties, Party Systems and Democracy* Peter Mair, 2014-09-01 This collection brings together some of the most significant and influential work by leading comparativist Peter Mair 1951-2011. The selection ranges from considerations on the relevance of concept formation to the study of party systems and party organisations and from reflections on the democratic legitimacy of the European Union to the future of party democracy. Including frequently cited papers alongside lesser known work, the writings collected in this volume attest to the broad scope and depth of Mair's insights into comparative party politics and the changing realities of party government. As such, they form an important and enduring contribution to the study of politics and a fitting tribute to an inspirational and much missed figure in the global political science community. Edited and introduced by Ingrid van Biezen with an intellectual portrait of Peter Mair by Stefano Bartolini and Hans Daalder. **The Modern British Party System** Paul Webb, Tim Bale, 2021-09-28 The new edition of this successful book provides a comprehensive and up-to-date overview and account of the changing nature of party politics in Britain today. Webb and Bale draw on models of comparative politics in conducting a wealth of new empirical analysis to map and explain the ways in which the party system has evolved and the parties have adapted to a changing political environment. Themes covered include the nature and extent of party competition, the internal life and organizational development of parties, the varieties of party system found across the UK and the roles played by parties within the wider political system. The book also addresses the crisis of popular legitimacy confronting the parties as well as assessing the scope for potential reform. While parties remain central to the functioning of Britain's

democracy public disaffection with them is as high as it has ever been reform of the system of representation and party funding is warranted but there are unlikely to be any panaceas

Advanced Introduction to Party Systems Paul Webb, 2024-02-12 Paul Webb's *Advanced Introduction to Party Systems* expertly draws upon major theories and concepts existing literature and cutting edge empirical evidence to present an authoritative contribution to the field of party systems Webb rigorously explores the different types of party systems that exist the role of socio political cleavages and electoral systems in shaping them their evolution over time and their significance for government and the wider functioning of democracy

The Success and Failure of Right-Wing Populist Parties in the Benelux Countries Léonie de Jonge, 2021-06-14

This book focuses on the varied support for the populist radical right in the Benelux countries Belgium the Netherlands and Luxembourg Despite many common characteristics right wing populist parties have historically been more successful in the Netherlands and Flanders than in Luxembourg and Wallonia This book argues that the variation in the success of right wing populist parties depends to a large extent on the way in which they are perceived and received in a given polity In the Netherlands and Flanders mainstream parties and the media have contributed to politicising issues pertaining to immigration and national identity thereby tilling the field for the populist radical right In Luxembourg and Wallonia mainstream parties and the media have resolutely limited the opportunities for right wing populist challengers to influence the public debate This volume will be of interest to practitioners as well as students and scholars of party politics the media the populist radical right and the Benelux region

Democracy and the Cartelization of Political Parties Richard S. Katz, Peter Mair, 2018-07-11

Political parties have long been recognized as essential institutions of democratic governance Both the organization of parties and their relationships with citizens the state and each other have evolved since the rise of liberal democracy in the 19th and early 20th centuries Going into the 21st century it appears that parties losing popular support putting both parties and potentially democracy in peril This book traces the evolution of parties from the model of the mass party through the catch all party model to argue that by the late 20th century the principal governing parties and their allied smaller parties collectively the political mainstream were effectively forming a cartel in which the form of competition might remain

and indeed even appear to intensify while its substance was increasingly hollowed out The spoils of office were increasingly shared rather than restricted to the temporary winners contentious policy questions were kept off the political agenda and competition shifted from large questions of policy to minor questions of managerial competence To support this cartel the internal arrangements of parties changed to privilege the party in public office over the party on the ground The unintended consequence has been to stimulate the rise of extra cartel challengers to these cozy arrangements in the form of anti party system parties and populist oppositions on the left but especially on the right Comparative Politics is a series for researchers teachers and students of political science that deals with contemporary government and politics Global in scope books in the series are characterised by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit www.ecprnet.eu The series is edited by Emilie van Haute Professor of Political Science Universit libre de Bruxelles Ferdinand M ller Rommel Director of the Center for the Study of Democracy Leuphana University and Susan Scarrow John and Rebecca Moores Professor of Political Science University of Houston
