The Name Preferred By The Writers Themselves A Large Number Of Cross References Are Provided To Facilitate The
Location And Identification Of The Writers **Modern Indian Literature as Cosmopolis** Didier Coste, 2024-10-09 This
book redefines modern Indian literature from a cosmopolitan comparative perspective inclusive of literature in English from
India and the diaspora in native languages and works by non Indians It shows how since the mid 19th century Indian literary
modernity pursued the conjunction of the sensuous and ethical spiritual that characterized its three traditions Sanskritik
Persian and folk culture while the encounter both receptive and oppositional with the West vastly expanded the Indian
literary sphere Aesthetics and ethics are not antithetical in the Indian cultural space but the quest for an exclusive Indian
identity versus universalist approaches offsets concerns for social justice as well as enjoyable embodied communication The
literary constellation in many languages now formed in and around India can be better apprehended as a virtual Cosmopolis
a commonwealth of elaborate emotions The versatile figure of Hanuman metaphorically flies across this Ocean of Stories to
make us discover new worlds of experience **Hindutva and Violence** Vinayak Chaturvedi, 2022-09-01 Examines the place of
history in the political thought of Vinayak Damodar Savarkar one of the key architects of modern Hindu nationalism Hindutva
and Violence explores the place of history in the political thought of Vinayak Damodar Savarkar 1883 1966 the most
controversial Indian political thinker of the twentieth century and a key architect of Hindu nationalism Examining his central
claim that Hindutva is not a word but a history the book argues that for Savarkar this history was not a total history a
complete history or a narrative history Rather its purpose was to trace key historical events to a powerful source the font of
motivation for chief actors of the past who had turned to violence in a permanent war for Hindutva as the founding principle
of a Hindu nation At the center of Savarkar s writings are historical characters who not only participated in ethical warfare
against invaders imperialists and conquerors in India but also became Hindus in acts of violence He argues that the
discipline of history provides the only method for interpreting Hindutva The book also shows how Savarkar developed his
conceptualization of history as a way into the meaning of Hindutva Savarkar wrote extensively from analyses of the
nineteenth century to studies of antiquity to draw up his histories of Hindus He also turned to a wide range of works from the
epic tradition to contemporary social theory and world history as his way of explicating Hindutva and history By examining
Savarkar s key writings on history historical methodology and historiography Vinayak Chaturvedi provides an interpretation

of the philosophical underpinnings of Hindutva Savarkar's interpretation of Hindutva he demonstrates requires above all grappling with his idea of history *Catalogue of Books Printed in the State of Maharashtra* Maharashtra (India),1987
