### **The Communism of Love Richard**

Gilman-Opalsky, 2020-12-01 Exploring the meanings and powers of love from ancient Greece to the present day Richard Gilman Opalsky argues that what is called love by the best thinkers who have approached the subject is in fact the beating heart of communism understood as a way of living not as a form of government Along the way he reveals with clarity that the

capitalist way of assigning value to things is incapable of appreciating what humans value most Capitalism cannot value the experiences and relationships that make our lives worth living and can only destroy love by turning it into a commodity The Communism of Love follows the struggles of love in different contexts of race class gender and sexuality and shows how the aspiration for love is as close as we may get to a universal communist aspiration [Black Couples Therapy](#) Yamonte Cooper, Erica Holmes, 2023-08-10 Introduces research theory and practice of couples therapy with Black clients to help clinicians in providing culturally responsive care **All That She Carried** Tiya Miles, 2023-04-06 SHORTLISTED FOR THE WOMEN S PRIZE FOR NON FICTION LONGLISTED FOR THE BAILLIE GIFFORD PRIZE FOR NON FICTION NATIONAL BOOK AWARD WINNER NEW YORK TIMES BESTSELLER WINNER OF THE CUNDILL HISTORY PRIZE An astonishing account of love resilience and survival Sunday Times A remarkable book New York Times An extraordinary tale through the generations Guardian In 1850s South Carolina Rose an enslaved woman faced a crisis the imminent sale of her daughter Ashley Thinking quickly she packed a cotton bag with a few items Soon after the nine year old girl was separated from her mother and sold Decades later Ashley s granddaughter Ruth embroidered this family history on the sack in spare haunting language That in itself is a story But it s not the whole story How does one uncover the lives of people who in their day were considered property Harvard historian Tiya Miles carefully traces these women s faint presence in archival records and where archives fall short she turns to objects art and the environment to write a singular history of the experience of slavery and the uncertain freedom afterward All That She Carried gives us history as it was lived a poignant story of resilience and love passed down against steep odds **Encyclopedia of Feminist Literature** Kathy J. Whitson, 2004-12-30 Many women writers have secured a solid place in the literary canon while others have remained marginalized This reference includes alphabetically arranged entries on roughly 70 women writers whose works are widely read in English and on some 20 related topics While some of the writers profiled are widely known others have not yet received as much attention And while most of the writers are from England and America the volume also profiles Chilean Brazilian Indian South African Australian French and German authors The writers selected are feminist in that their works have challenged traditional gender roles explored female oppression or critiqued patriarchal social structures In addition to providing biographical information the entries include interpretative summaries of major works Each author entry includes biographical information an extensive summary treatment of at least one of her works an list of her other major works cross references to related entries and a list of works for further reading What distinguishes this encyclopedia from the many other volumes addressing feminist literature or literature by women is the interpretative summary in each entry The volume closes with a list of works cited Entries are clearly written and are accessible to high school students and undergraduates [The Mother Wave](#) Andrea O'Reilly, Fiona Joy Green, 2024-09-01 Matricentric feminism seeks to make motherhood the business of feminism by positioning mothers needs and concerns as the starting point for a theory and politic on and for the empowerment of women as mothers Based on

the conviction that mothering is a verb it understands that becoming and being a mother is not limited to biological mothers or cisgender women but rather to anyone who does the work of mothering as a central part of their life The Mother Wave the first ever book on the topic compellingly explores how mothers need a matricentric mode of feminism organized from and for their particular identity and work as mothers and because mothers remain disempowered despite sixty years of feminism The anthology makes visible the power of matricentric feminism as it is theorized enacted and represented to realize and achieve the subversive potential of mothers and their contributions to feminist theory and activism Contributors share the impact and influence of matricentric feminism on families and children culture art literature education public policy social media and workplace practices through personal reflections scholarly essays memoir creative non fiction poetry and photography The mother wave of matricentric feminism invites conversations with others and offers a praxis of feminism that aims to coexist overlap and intersect with others Psychology of Black Womanhood Danielle Dickens,Dionne Stephens,2024-06-05

**Nobody Is Supposed to Know** C. Riley Snorton,2014-03-01 Since the early 2000s the phenomenon of the down low black men who have sex with men as well as women and do not identify as gay queer or bisexual has exploded in news media and popular culture from the Oprah Winfrey Show to R B singer R Kelly s hip hopera Trapped in the Closet Most down low stories are morality tales in which black men are either predators who risk infecting their unsuspecting female partners with

HIV or victims of a pathological black culture that repudiates openly gay identities In both cases down low narratives depict black men as sexually dangerous duplicitous promiscuous and contaminated In *Nobody Is Supposed to Know* C Riley Snorton traces the emergence and circulation of the down low in contemporary media and popular culture to show how these portrayals reinforce troubling perceptions of black sexuality Reworking Eve Sedgwick's notion of the glass closet Snorton advances a new theory of such representations in which black sexuality is marked by hypervisibility and confinement spectacle and speculation Through close readings of news music movies television and gossip blogs *Nobody Is Supposed to Know* explores the contemporary genealogy meaning and functions of the down low Snorton examines how the down low links blackness and queerness in the popular imagination and how the down low is just one example of how media and popular culture surveil and police black sexuality Looking at figures such as Ma Rainey Bishop Eddie L Long J L King and Will Smith he ultimately contends that down low narratives reveal the limits of current understandings of black sexuality

*The Painful Truth about Hunger in America* Mariana Chilton, 2024-10-01 A radical and urgent new approach to how we can solve the problems of hunger and poverty in the US Most people think hunger has to do with food researchers policymakers and advocates focus on promoting government funded nutrition assistance well meaning organizations try to get expired or wasted food to marginalized communities and philanthropists donate their money to the cause and congratulate themselves for doing so But few people ask about the structural issues undergirding hunger such as Who benefits from keeping people in such a state of precarity In *The Painful Truth about Hunger in America* Mariana Chilton shows that the solution to food insecurity lies far beyond food and must incorporate personal political and spiritual approaches if we are serious about fixing the crisis Drawing on 25 years of research programming and advocacy efforts Chilton compellingly demonstrates that food insecurity is created and maintained by people in power Taking the reader back to the original wounds in the United States caused by its history of colonization genocide and enslavement she forces us to reckon with hard questions about why people in the US allow hunger to persist Drawing on intimate interviews she conducted with many Black and Brown women the author reveals that the experience of hunger is rooted in trauma and gender based violence violence in our relationships with one another with the natural world and with ourselves and that if we

want to fix hunger we must transform our society through compassion love and connection Especially relevant for young people charting new paths toward abolition mutual aid and meaningful livelihoods The Painful Truth about Hunger in America reinvigorates our commitment to uprooting the causes of poverty and discrimination and points to a more generative and humane world where everyone can be nourished *Overlooked* LaVerne Hanes Collins,2023-12-06 American treatment systems overlook some of the most salient issues in Black mental health The global social justice movement brought attention to obvious issues but all challenges of living Black are not obvious Much remains deeply embedded in overlooked historical factors overlooked identity issues overlooked clinical bias overlooked losses and overlooked strengths LaVerne Collins brings those unspoken issues of Black life to the forefront of counseling conversations The author looks deep into Black identities and unhides the psychological impact of Black racialization The book considers the emotional weight of the historical presumption of guilt and the impact of shorter lifespans Collins unearths the hidden sorrow disenfranchised grief and ambiguous losses imposed by racism Each chapter brings overlooked and unspoken considerations into view helping counselors develop culturally sensitive case conceptualizations and interventions The book invites counselors to reverse the deficit narratives associated with Black families Black resistance and the Black Church and see these as overlooked strengths

*Das Ende der Ehe* Emilia Roig,2023-03-30 Die Ehe ist in unserer Gesellschaft unantastbar Trotz ihrer Institutionalisierung wird sie als Inbegriff der Liebe romantisiert und mythisch verklärt Dabei verschrift eine Heirat für Frauen oft die Ungleichheit und sie führt zu finanzieller Abhängigkeit Die Bestseller Autorin Emilia Roig blickt hinter die Fassade eines patriarchalen Konstrukts und weist Wege zu einer Revolution der Liebe Die Ehe normiert Beziehungen und Familie kontrolliert Sexualität den Besitz und die Arbeitskraft Sie ist eine wichtige Stütze des Kapitalismus und lässt uns in binären Geschlechterrollen verharren In ihrem mutigen und provokanten Buch ruft Emilia Roig daher das Ende der Ehe aus Sie hinterfragt die Herrschaft der Paare und untersucht ob man Männer lieben und zugleich das Patriarchat stürzen kann Letztlich wäre eine Abschaffung der Ehe nicht nur für Frauen befreiend sondern für alle Denn nur dann können wir Liebe in Freiheit und auf Augenhöhe miteinander neu denken und leben **Unfinished Business** Keri Day,2012-01-01 This portrayal of the

poverty of black women in this country describes the unemployment underemployment isolation and lack of assets they typically experience The author also takes on and demolishes the common stereotypes that castigate poor black women as morally problematic and dependent on the money of good tax paying citizens She then calls on the black churches to become potential agents of change and leaders in addressing the unequal social and economic structures that hold captive these poor women The goal is to empower poor black women to develop assets that will prevent long term poverty and allow them to flourish The Post-Racial Mystique Catherine Squires,2014-04-04 Despite claims from pundits and politicians that we now live in a post racial America people seem to keep finding ways to talk about race from celebrations of the inauguration of the first Black president to resurgent debates about police profiling race and racism remain salient features of our world When

faced with fervent anti immigration sentiments record incarceration rates of Blacks and Latinos and deepening socio economic disparities a new question has erupted in the last decade What does being post racial mean The Post Racial Mystique explores how a variety of media the news network television and online independent media debate define and deploy the term post racial in their representations of American politics and society Using examples from both mainstream and niche media from prime time television series to specialty Christian media and audience interactions on social media Catherine Squires draws upon a variety of disciplines including communication studies sociology political science and cultural studies in order to understand emergent strategies for framing post racial America She reveals the ways in which media texts cast U S history re imagine interpersonal relationships employ statistics and inventively redeploy other identity categories in a quest to formulate different ways of responding to race
