### **Screening Woolf**

Earl G. Ingersoll, 2016-12-06 As the subtitle indicates this book has three major concerns The first and most important concern is an examination of the film adaptations of Woolf's novels *To the Lighthouse* *Orlando* and *Mrs Dalloway* in the order the films were released This is the heart of the matter a fairly conventional effort to acknowledge film reviews as well as the criticism of academicians in film or literature as a starting point for a fresh view of these three film adaptations Since many film specialists prefer that no film ever be adapted from literary fiction and many literature specialists have similarly wished that their favorite novels had never been filmed the effort to mediate the two sides can be challenging Of the three films *To the Lighthouse* is the least successful tending toward the old Masterpiece Theater mode of attempting to be faithful to the source text to use the term of the film theorist Robert Stam but missing the essence of the novel Director Sally Potter's *Orlando* is cinematically the most venturesome and attractive although some Woolf readers condemn Potter's erasure of Woolf's intent to celebrate her affair with Vita Sackville West whose son Nigel Nicolson called Woolf's *Orlando* the longest and most charming love letter in literature *Mrs Dalloway* tends toward the Merchant Ivory style of treating literary

masterworks indeed the film credits include a debt of gratitude to the producer director partnership and is generally carried by the star power of Vanessa Redgrave although it is difficult to imagine her having a crush on another young woman even at eighteen The book's second concern is Woolf's interest in what she would call the cinema As a member of Bloomsbury she saw and participated in the discussion of the cinema especially avant garde films which she considered to be more the future of cinema than film adaptations upon which she heaped great scorn for their ravenous if not rapacious consumption of vulnerable literary fiction such as Leo Tolstoy's Anna Karenina Woolf specialists such as Leslie Hankins proclaim her one of the earliest and most significant British film theorists for the brilliant essay The Cinema 1925 as film was just beginning to establish itself as art and not merely popular entertainment The third concern is a complex effort to explore the David Hare Stephen Daldry film adaptation of Michael Cunningham's Pulitzer Prize winning novel The Hours an homage to Mrs Dalloway in which Virginia Woolf has a starring role as portrayed by Oscar winner Nicole Kidman The film and Kidman's prosthetic nose produced a violent division among the Woolfians who either commended its bringing legions of new readers to Mrs Dalloway and potentially to Woolf Mrs Dalloway becoming the best seller it could not have been in her lifetime or were outraged by the film's diminishment of probably the most important female British novelist of the 20th century Even Nobel Laureate Doris Lessing spoke out against the travesty of a novelist she considered a foremother of later 20th century writers

Virginia Woolf's Good Housekeeping Essays Christine Reynier, 2018-07-11 In the mid twentieth century Virginia Woolf published Six Articles on London Life in Good Housekeeping magazine a popular magazine where fashion cookery and house decoration is largely featured This first book length study of what Woolf calls little articles proposes to reassess the commissioned essays and read them in a chronological sequence in their original context as well as in the larger context of Woolf's work Drawing primarily on literary theory intermedial studies periodical studies and philosophy this volume argues the essays which provided an original guided tour of London are creative and innovative works combining several art forms while developing a photographic method Further investigation examines the construct of Woolf's essays as intermedial and as partaking both of theory and praxis intermediality is closely connected here with her defense of a democratic ideal itself grounded in a dialogue with her forebears Far from being second rate the Good Housekeeping essays bring together aesthetic and political concerns and come out as playing a pivotal role they redefine the essay as intermedial signal Woolf's turn to a more openly committed form of writing and fit perfectly within Woolf's essayistic and fictional oeuvre which they in turn illuminate

Moran, 1996 Word of Mouth focuses on the two most prominent women in British modernism Virginia Woolf and Katherine Mansfield Both wrote with an extraordinary and sometimes celebratory self consciousness about their status as women writers At odds with their explicit privileging of female difference however are patterns of imagery that demonstrate self revulsion and self hatred the woman writer's rejection of herself Patricia Moran points out that strategies of resistance and challenge are also strategies of repudiation and revulsion directed at female embodiment Word of Mouth reevaluates Mansfield and Woolf focusing on the figures of the anorexic and the hysteric and on the extensive imagery of eating feeding starvation suffocation flesh and longing that permeates both fictional and nonfictional texts it locates this writing within the overlapping frames of psychoanalytic theory studies of women and eating disorders and feminist work on women's anxiety of authorship **Teaching Modernist Women's Writing in English** Janine Utell, 2021-04-25 Offers pedagogical techniques for teaching anglophone modernist writing by Virginia Woolf Gertrude Stein Dorothy Richardson Jean Rhys Nella Larsen and others Gives syllabus suggestions for undergraduate and graduate courses in literature and writing Covers topics such as feminism gender identity canon formation politics activism and war Suggests many digital humanities approaches
