Zalloua,2025-06-26 In a novel pairing of anti colonial theorist Frantz Fanon with Marxist Lacanian philosopher Slavoj i ek Zahi Zalloua explores the ways both thinkers expose the violence of political structures This inventive exploration advances an anti racist critique describing how ontology operates in a racial matrix to produce some human bodies that count and others deemed not quite or non human that do not For Fanon and i ek the violence of ontology must be met with another form of violence a revolutionary violence that delegitimizes the logic of the symbolic order and troubles its collective fantasies Whereas Fanon begins his challenge to ontology by exposing its historical linkages to Europe s destructive imperialist procedures before proceeding to stretch Marxism along with psychoanalysis to account for the crushing neo colonial situation i ek premises his work on the refusal to accept the totality of ontology Because of these different points of intervention Fanon and i ek together offer a powerful and multifaceted assessment of the liberal anti racist paradigm whose propensity for identity politics and aversion to class struggle silence the cry of the dispossessed and foreclose radical change Avoiding contemporary separatist temptations decoloniality and Afropessimism and breaking with a non violent sentimentalist futurology that announces more of the same Fanon and i ek point in a different direction one that eschews identitarian thought in favor of a collective struggle for freedom and equality

Critical Issues in Social Studies

Research for the 21st Century William B. Stanley,2001-06-01 The authors of the nine other chapters in this book have struggled with the issues discussed above in several different ways The chapter authors represent a wide range of views and expertise within the field of social studies Some have been leading social studies scholars for three or four decades Other authors represent new voices that have begun to shape the direction social studies will take in the future The topics examined here include the debate over how to define social studies social studies and the impact of the standards accountability movement the contextual constraints restraints on teaching social studies education for democracy rationales for teaching history multicultural education global education social studies and educational technology and the nature and effectiveness of social studies research

Decolonizing Democratic Education ,2008-01-01 The essays in this edited collection open up a hopeful dialogue about the existing state of democratic education and the ways in which it could be re imagined as an inclusive democratized space of possibility and engagement Proceeding from a critique that questions the dominance of Western liberal understandings of democratic education as a series of rational culturally neutral acts undertaken by individuals who conceive of democracy and the common good in universalist and fundamentally exclusionary terms the contributors give voice to those whose ideas histories cultures and current understanding of the world is not highlighted in the dominant relationships of schooling From a variety of theoretical and pragmatic approaches the chapters in this collection engage the dialectics of history power colonization and decolonization identity memory citizenship Aboriginal rights development and globalization all in the context of providing a critique of educational systems relations structures and curricula that seem badly in need of reform While the contributors who have diverse scholarly interests are

not in a direct dialogue with one another their different foci should nevertheless inter topically inform each other The book should interest students and researchers in the general foundations of education democracy and education citizenship education comparative and international education postcolonial studies in education and cultural studies in education

Postcolonial Homiletics? Wessel Wessels,2024-03-29 This book pursues the question of consciousness and thought through the art of preaching in a postcolonial era Indeed the past has bestowed upon the present the legacy of colonization and in the South African context apartheid However the endeavor of postcolonizing theology and homiletics is a contentious space that has not been settled This book promotes a counterargument to the prevalent directions of decolonization by focusing on three themes of importance consciousness perspective and identity through the insights of primary postcolonial sources

New Framings on Anti-Racism and Resistance Ayan Abdule,Anne Nelun Obeyesekere,2017-06-09 This collection of essays generates important enquiries into the teaching and practice of anti racism education by way of working through conversations contestations and emotions as presented by a diverse group of strong women committed to social justice work in their own right Throughout the collection contemporary educational issues are situated within personal political historical and philosophical conversations which work to broach the challenges and possibilities for students educators staff administrators policy makers and community members who engage in critical anti racism education This work diverges from the existing scholarship by way of bringing new insights to the theoretical possibilities of resistance and futurity as voiced through pedagogues practitioners and scholars in anti racism In this book the authors speak to the importance of anti racism discursivity in a time when even those who desire to engage this framework struggle to be heard in a time when there are anti racism policies in institutions yet to speak anti racism philosophy remains dangerous and in a time when to speak race and anti racism is considered to be stirring up trouble in the face of post racial discourses

Decolonizing Educational Leadership Ann E. Lopez,2021-01-04 This book offers new ways of engagement for leaders seeking to connect theory to practice in decolonizing education In the current climate where xenophobia anti immigrant sentiments and other forms of exclusion make up much of the discourse educational leaders need to seek ways to foreground other forms of knowledge and transfer them into their daily leadership practices Lopez contributes to other critical leadership approaches while foregrounding a decolonizing approach that unsettles the coloniality manifested in education and school practices Chapters

provide school leaders with examples of ways they can challenge coloniality white supremacy and other forms of oppression in schooling that negatively impact some students and their educational outcomes **Latine Psychology Beyond**

Colonialism Edil Torres Rivera, 2023-12-13 This book examines the colonial structure as it applies to Latine populations and demonstrates how the remnants of that structure continue to affect this ethnic group It will show that the colonial perspective is aligned with a racist viewpoint and the many ways in which this undermines psychological stability Currently many psychologists dealing with this population focus on individual deficits or disorders without the clarifying lens of social justice In this way the book will unravel the various strands of socio political stressors and the disabling effects of lingering oppression It will serve to bring new insights to those studying this group as well as the many mental health workers that provide services The result is an identification of a native psychology that is uniquely tailored to these particular individuals

Unarchived Histories Gyanendra Pandey, 2013-12-17 For some time now scholars have recognized the archive less as a neutral repository of documents of the past and rather more as a politically interested representation of it and recognized that the very act of archiving is accompanied by a process of un archiving Michel Foucault pointed to madness as describing one limit of reason history and the archive This book draws attention to another boundary marked not by exile but by the ordinary and everyday yet trivialized or trifling It is the status of being exiled within by prejudices procedures activities and interactions so fundamental as to not even be noticed that marks the unarchived histories investigated in this volume Bringing together contributions covering South Asia North and South America and North Africa this innovative analysis presents novel interpretations of unfamiliar sources and insightful reconsiderations of well known materials that lie at the centre of many current debates on history and the archive Decolonization, Development and Knowledge in Africa Sabelo J. Ndlovu-Gatsheni, 2020-04-30 This provocative book is anchored on the insurgent and resurgent spirit of decolonization of the twenty first century The author calls upon Africa to turn over a new leaf in the domains of politics economy and knowledge as it frees itself from imperial global designs and global coloniality With a focus on Africa and its Diaspora the author calls for a radical turning over of a new leaf predicated on decolonial turn and epistemic freedom The key themes subjected to decolonial analysis include 1 decolonization decoloniality articulating the meaning and contribution of the decolonial turn 2 subjectivity identity examining the problem of Blackness identity as external and internal invention 3 the Bandung spirit of decolonization as an embodiment of resistance and possibilities development and self improvement 4 development and self improvement of African political economy as entangled in the colonial matrix of power and the African Renaissance as weakened by undecolonized political and economic thought and 5 knowledge the role of African humanities in the struggle for epistemic freedom This groundbreaking volume opens the intellectual canvas on the challenges and possibilities of African futures It will be of great interest to students and scholars of Politics and International Relations Development Sociology African Studies Black Studies Education History Postcolonial Studies and the emerging field of

Decolonial Studies **Anti-colonialism and Education** George Jerry Sefa Dei, Arlo Kempf, 2006 There is a rich intellectual history to the development of anti colonial thought and practice In discussing the politics of knowledge production this collection borrows from and builds upon this intellectual tradition to offer understandings of the macro political processes and structures of education delivery e g social organization of knowledge culture pedagogy and resistant politics The contributors raise key issues regarding the contestation of knowledge as well as the role of cultural and social values in understanding the way power shapes everyday relations of politics and subjectivity In reframing anti colonial thought and practice this book reclaims the power of critical oppositional discourse and theory for educational transformation **Anti Colonialism and Education The Politics of Resistance** includes some of the most current theorizing around anti colonial practice written specifically for this collection Each of the essays extends the terrain of the discussion of what constitutes anti colonialism Among the many discursive highlights is the interrogation of the politics of embodied knowing the theoretical distinctions and connections between anti colonial thought and post colonial theory and the identification of the particular lessons of anti colonial theory for critical educational practice Essays explore such key issues as the challenge of articulating anti colonial thought as an epistemology of the colonized anchored in the indigenous sense of collective and common colonial consciousness the conceptualization of power configurations embedded in ideas cultures and histories of marginalized communities the understanding of indigeneity as pedagogical practice and the pursuit of agency resistance and subjective politics through anti colonial learning **Theory as World Literature** Jeffrey R. Di Leo, 2024-12-26 The first collection to consider what it means for theory to be considered as a species of world literature and vice versa What does it mean for theory to be considered as a species of not just literature but world literature This volume offers a wide range of accounts of how the worlding of literature both problematizes the national categorizing of theory e g French theory and brings new meanings and challenges to the coming together of theory and literature In sum it presents theory as world literature as a viable alternative to more commonplace approaches to theory Under such an approach to theory what it means to be an African American or Asian theorist let alone a French German or Spanish one in the new millennium is as complicated or simple as what means to be African American or Asian Worlded literature is not considered here as only the world literature of nations and nationalities Rather it is also the worlded literature of individuals crossing borders mixing stories and speaking in dialect So too is it the worlded literature of the multinational corporate publishing industry wherein success in the global market is a major determinate of aesthetic and literary value Offering accounts of what it means to consider theory as world literature the authors in this pioneering collection explore the ways in which we might regard theory as connected and reconnected through global literary networks of increasing complexity and precarity By approaching theory from this perspective **Theory as World Literature** demonstrates how and why theory is more worldly now than ever
