Critical Essays on Julio Cortázar Jaime Alazraki, 1999 This book offers interviews reviews tributes and articles to

examine the works of Julio Cortazar with a biographical introduction **Questions of the Liminal in the Fiction of Julio Cortazar** Domenic Moran,2017-12-02 The great Argentinian writer Julio Cortazar 1914 84 was immersed in one of the most vibrant and revolutionary intellectual scenes of the last century the Paris of the 1950s and 60s Yet his often highly cerebral work has never received the close philosophical attention it deserves Moran s book fills this critical lacuna Rather than indiscriminately applying theory to Cortazar it aims to show that his work both engages with and often foreshadows many of the problems which were to become central to so called poststructuralist philosophy and poetics This study demonstrates that Cortazar remains enduringly problematically modern **Hopscotch** ,2000 *The Experientiality of Narrative* Marco Caracciolo,2014-07-28 Recent developments in cognitive narrative theory have called attention to readers active participation in making sense of narrative However while most psychologically inspired models address interpreters subpersonal i e unconscious responses the experiential level of their engagement with narrative remains relatively undertheorized Building on theories of experience and embodiment within today s second generation cognitive science and opening a dialogue with so called enactivist philosophy this book sets out to explore how narrative experiences arise from the interaction between textual cues and readers past experiences Caracciolo s study offers a phenomenologically inspired account of narrative spanning a wide gamut of responses such as the embodied dynamic of imagining a fictional world empathetic perspective taking in relating to characters and higher order evaluations and interpretations Only by placing a premium on how such modes of engagement are intertwined in experience Caracciolo argues can we do justice to narrative s psychological and existential impact on our lives These insights are illustrated through close readings of literary texts ranging from mile Zola s *Germinal* to Jos Saramago s *Blindness* Gregory Rabassa's Latin American Literature María Constanza Guzmán,2011-03-14 This book is a critical study of the work of Gregory Rabassa translator of such canonical novels as Gabriel Garc a M rquez s *Cien a os de soledad* Jos Lezama Lima s *Paradiso* and Julio Cort zar s *Rayuela* During the past five decades Rabassa has translated over fifty Latin American novels and to this day he is one of the most prominent English translators of literature from Spanish and Portuguese Rabassa s role was pivotal in the internationalization of several Latin American writers it led to the formation of a canon and significantly to the most prevalent image of Latin American literature in the world Even though Rabassa s legacy has been widely recognized the extent of his work s influence and the complexity of the sociocultural circumstances surrounding his practice have remained largely unexamined In Gregory Rabassa s *Latin American Literature A Translator s Visible Legacy* Mar a Constanza Guzm n examines the translator s conceptions about language contextualizes his work in terms of the structures and conditions that have surrounded his practice and investigates the role his translations have played in constructing collective narratives of Latin American literature in the global imaginary By revisiting and historicizing the translator s practice this book reveals the scale of Rabassa s legacy The translator emerges as an active subject in the inter American literary exchange an agent bound to

history and to the forces involved in the production of culture Full Circles Cindi Katz, Janice Monk, 2014-02-04 Full Circles describes the very different lives and expectations of women in post industrial and developing countries from childhood to old age Analysing how class ethnicity nationality and individual values intersect with the experience of the life course the book explores the futures open to women in diverse and changing locations Retranslation and Reception , 2022-08-22 This is the first complete study of the relationship between Retranslation and Reception Although many translation scholars have cited Reception Theory in their work this is the first systematic study of its relationship to Retranslation The book starts from the hypothesis that frequent retranslations of the same literary text into the same language may be indicative of its impact in the target culture The volume encompasses both theory and practical analysis of Retranslation and Reception as mutually dependent concepts The sixteen chapters relate the translations analysed to their socio historical contexts in order to assess the impact that they have had on the target culture in terms of the reception of the authors studied and also explore the relationship that may exist between the appearance of new translations and historical social or cultural changes *Rubén Darío and the Romantic Search for Unity* Cathy L. Jade, 2014-07-03 Modernism was the major Spanish American literary movement of the late nineteenth and early twentieth centuries Leader of that influential movement was Rubén Darío the Nicaraguan now recognized as one of the most important Hispanic poets of all time Like the Romantics in England and the Symbolists on the Continent Darío and other Modernists were strongly influenced by occultist thought But as the poet Octavio Paz has written academic criticism has preferred to close its eyes to the stream of occultism that runs throughout Darío's work This silence damages our comprehension of his poetry Cathy Login Jade's groundbreaking study corrects this critical oversight Her work clearly demonstrates that esoteric tradition is central to Modernism and that an understanding of this centrality clarifies both the nature of the movement and its relationship to earlier European literature After placing Modernism in a broad historical and literary perspective Jade examines the impact of esoteric beliefs upon Darío's view of the world and the role of poetry in it Through detailed and insightful analyses of key poems she explores the poet's quest for solutions to the nineteenth century crisis of belief The movement that Rubén Darío headed brought Hispanic poetry into the mainstream of the modern tradition with its sense of fragmentation and alienation and its hope for integration and reconciliation with nature Rubén Darío and the Romantic Search for Unity enriches our understanding of that movement and the work of its leading poet Literature in Motion Ellen Jones, 2022-01-18 Literature is often assumed to be monolingual publishing rights are sold on the basis of linguistic territories and translated books are assumed to move from one original language to another Yet a wide range of contemporary literary works mix and meld two or more languages incorporating translation into their composition How are these multilingual works translated and what are the cultural and political implications of doing so In *Literature in Motion* Ellen Jones offers a new framework for understanding literary multilingualism emphasizing how authors and translators can use its defamiliarizing and disruptive potential to resist

conventions of form and dominant narratives about language and gender Examining the connection between translation and multilingualism in contemporary literature she considers its significance for the theory practice and publishing of literature in translation Jones argues that translation does not conflict with multilingual writing s subversive potential Instead we can understand multilingualism and translation as closely intertwined creative strategies through which other forms of textual and conceptual hybridity fluidity and disruption are explored Jones addresses both well known and understudied writers from across the American hemisphere who explore the spaces between languages as well as genders genres and textual versions reading their work alongside their translations She focuses on U S Latinx authors Susana Ch vez Silverman Junot D az and Giannina Braschi who write in different forms of Spanglish as well as the Brazilian writer Wilson Bueno who combines Portuguese and Spanish or Portunhol with the indigenous language Guarani and whose writing is rendered into Frenglish by Canadian translator Er n Moure
