*Theology, History, and Biblical Interpretation* Darren Sarisky, 2015-01-29 The Christian Bible serves as the sacred scripture of the Christian community It is read regularly by

many people around the world today as it has been for centuries But how should one interpret this text This reader presents a variety of perspective on how to relate historical and theological considerations when approaching the Bible It encourages students and scholars to ponder how historical and theological categories shape one's view of three crucial realities the text of the Bible the human subject who reads the text and the nature of the exchange between the two in the practice of reading As historical and theological categories are applied to these realities are they mutually exclusive or can they be combined in some way This reader encourages students and scholars to explore these important questions by bringing together a selection of some of modernity's most influential discussions of the issues as well as some of the present day's most distinguished attempts to weigh in on the debate

**Modern Biblical Criticism as a Tool of Statecraft (1700-1900)** Scott Hahn, Jeffrey L. Morrow, 2020-04-27 Modern biblical scholarship is often presented as analogous to the hard and natural sciences its histories present the developmental stages as quasi scientific discoveries That image of Bible scholars as neutral scientists in pursuit of truth has persisted for too long Modern Biblical Criticism as a Tool of Statecraft 1700 1900 by Scott W Hahn and Jeffrey L Morrow examines the lesser known history of the development of modern biblical scholarship in the eighteenth and nineteenth centuries This volume seeks partially to fulfill Pope Benedict XVI's request for a thorough critique of modern biblical criticism by exploring the eighteenth and nineteenth century roots of modern biblical scholarship situating those scholarly developments in their historical philosophical theological and political contexts Picking up where Scott W Hahn and Benjamin Wiker's *Politicizing the Bible: The Roots of Historical Criticism and the Secularization of Scripture* 1300 1700 left off Hahn and Morrow show how biblical scholarship continued along a secularizing trajectory as it found a home in the newly developing Enlightenment universities where it received government funding Modern Biblical Criticism as a Tool of Statecraft 1700 1900 makes clear why the discipline of modern biblical studies is often so hostile to religious and faith commitments today

*The Victorian Cult of Shakespeare* Charles LaPorte, 2020-11-05 How and why did Victorian culture make Shakespeare into a literary deity and his

work into a secular Bible      **The Semantics of Qur'anic Language: al-Āhira** Ghassan el Masri, 2020-06-02 In The Semantics of Qur'anic Language al-ira Ghassan el Masri offers a semantic study of the concept al-ira the End in the Qur'an. The study is prefaced with a detailed account of the late antique concept of etymologia. Semantic Etymology. In his work he demonstrates the necessity of this concept for appreciating the Qur'an's rhetorical strategies for claiming discursive authority in the Abrahamic theological tradition. The author applies the etymological tool to his investigation of the theological significance of al-ira and concludes that the concept is polysemous and tolerates a large variety of interpretations. The work is unique in that it draws extensively on Biblical material and presents a plethora of pre-Islamic poetry verses in the analysis of the concept.      For the Sake of Our Salvation Scott Hahn, 2011-02-22 This is the sixth annual volume of the remarkably popular journal of biblical theology edited by Scott Hahn and his St Paul Center for Biblical Theology. This volume features an all-star lineup tackling one of the most controversial and important subjects in biblical scholarship: the inspiration and truth of Sacred Scripture. What does it mean to say that Scripture is the Word of God? Are there errors in Scripture? These are some of the questions addressed in important new works by Hahn, Brant Pitre, Pablo Gadenz, Michael Waldstein, John Betz, and Germain Grisez. Highlights include Hahn's new essay on the truth and humility of God's Word and Gadenz's authoritative review of the Catholic teaching on the inerrancy of Scripture. This volume also includes a never-before-translated essay by Romano Guardini, "Holy Scripture and the Science of Faith." From the Editors' introduction: The widespread erosion in the assumption that Scripture is the true Word of God forms the broader context for the articles and studies in this volume of *Letter and Spirit*. As we see it, the work we present in these pages is no ivory tower exercise. It is no exaggeration to say that at stake in this discussion is the future of the identity of the Church and the mission of the Word incarnate. If the Scriptures cannot be trusted to communicate the truth about God and his saving message, if they do not bring us to the encounter with the living God who speaks his Word, then it must be asked: what is the meaning and purpose of the Church?      **The Power of Love for Reaching Out to "the Other"** Johnny Ramirez-Johnson, 2023-08-24 Race is a result of God's design and not of sin. God loves diversity and sought it. Race biases are normal and come as a result of likes and dislikes. Love of the other is to be learned. In this book, Bible stories and principles are combined with four intercultural communication skills to help develop love of the other. This book builds on what Sherwood Lingenfelter and Marvin K. Mayers developed for understanding cultural values and diversity of likes and dislikes. Those differences are normal. The problem comes from excluding the other. This book explores a step-wise approach to developing the love of the other. How the person, the leader, and the church see diversity defines the church's outreach mission and gospel fulfillment. **Author's Own Words Book Description** The Power of Love book explains how emotions and feelings were part of God's creation design from before sin entered this world. While departing from cognitive neuropsychology and the latest learning from science, this seminar furthers the idea that race relations are not to be understood by sociology and science but by Bible and Christian beliefs. If you want to learn a non-CRT critical race

theory approach to race relations while risking being again convicted of the need to reach out to the other in gospel love enter into dialogue with the author by reading his book and let us pray together If you want to keep it safe and your intercultural relationships as they are in a tongue in cheek way the author advises to stay away from this book *The Matriarchs of Genesis* David J. Zucker, Moshe Reiss, 2015-08-27 Sarah Hagar Rebekah Leah Rachel Bilhah Zilpah These are the Matriarchs of Genesis A people's self understanding is fashioned on their heroes and heroines Sarah Rebekah Leah and Rachel the traditional four Matriarchs are important and powerful people in the book of Genesis Each woman plays her part in her generation She interacts with and advises her husband seeking to achieve both present and future successes for her family These women act decisively at crucial points through their actions and words their family dynamics change irrevocably Unlike their husbands we know little of their unspoken thoughts or actions What the text in Genesis does share shows that these women are perceptive and judicious often seeing the grand scheme with clarity While their stories are told in Genesis in the post biblical world of the Pseudepigrapha their stories are retold in new ways The rabbis also speak of these women and contemporary scholars and feminists continue to explore the Matriarchs in Genesis and later literature Using extensive quotations we present these women through five lenses the Bible Early Extra Biblical Literature Rabbinic Literature Contemporary Scholarship and Feminist Thought In addition we consider Hagar Abraham's second wife and the mother of Ishmael as well as Bilhah and Zilpah Jacob's third and fourth wives *Christology, Hermeneutics, and Hebrews* Jon C. Laansma, Daniel J. Treier, 2012-03-01 This book discusses the history of the interpretation of the Letter to the Hebrews across the last two millennia Beginning with the Patristic period essays go on to examine the responses of Thomas Aquinas Martin Luther John Calvin as well as more recent figures such as Karl Barth and contemporary global interpreters The premise behind the work is to move study of Hebrews away from the perennial arguments about its authorship and provenance and to instead engage with it from a theological perspective focusing upon the text's reception history Consequently the issue of the Christological message in Hebrews is at the forefront and is considered both in terms of the interpreter's context and historical setting At the end of the book the investigations are summarised and responded to by leading scholars Harold Attridge Donald A. Hagner and Kathryn Greene-McCreight providing a fitting conclusion to a radical academic project

Studien zur jüdischen Bibel Johann Maier, 2024-12-30 Der 2019 verstorbene Judaist Johann Maier gehörte zu den renommiertesten Vertretern seines Fachs in Deutschland Eine Auswahl seiner wichtigen teils bahnbrechenden Schriften zur Geschichte Religionsgeschichte und Literatur des Judentums wird in diesem Band gemeinsam mit einem umfassenden Schriftenverzeichnis dargeboten Qur'ānic Studies Today Angelika Neuwirth, Michael Sells, 2016-04-14 Qur'ānic Studies Today brings together specialists in the field of Islamic studies to provide a range of essays that reflect the depth and breadth of scholarship on the Qur'an Combining theoretical and methodological clarity with close readings of qur'anic texts these contributions provide close analysis of specific passages themes and issues within the Qur'an even as they attend to the

disciplinary challenges within the field of qur'anic studies today. Chapters are arranged into three parts treating specific figures appearing in the Qur'an, analysing particular suras and finally reflecting on the Qur'an and its others. They explore the internal dimensions and interior chronology of the Qur'an as text, its possible conversations with biblical and non-biblical traditions in Late Antiquity and its role as scripture in modern exegesis and recitation. Together they are indispensable for students and scholars who seek an understanding of the Qur'an founded on the most recent scholarly achievements. Offering both a reflection of and a reflection on the discipline of qur'anic studies, the strong scholarly examinations of the Qur'an in this volume provide a valuable contribution to Islamic and qur'anic studies.

**Spirit Hermeneutics** Keener, 2016. How do we hear the Spirit's voice in Scripture? Once we have done responsible exegesis, how may we expect the Spirit to apply the text to our lives and communities? In *Spirit Hermeneutics*, biblical scholar Craig Keener addresses these questions carefully, articulating how the experience of the Spirit that empowered the church on the day of Pentecost can and should dynamically shape our reading of Scripture today. Keener considers what Spirit-guided interpretation means, explores implications of an epistemology of Word and Spirit for biblical hermeneutics, and shows how Scripture itself models an experiential appropriation of its message. Bridging the Word-Spirit gap between academic and experiential Christian approaches, *Spirit Hermeneutics* narrates a way of reading the Bible that is faithful both to the Spirit-inspired biblical text and the experience of the Spirit among believers. From book flap.

**Jewish Concepts of Scripture** Benjamin D. Sommer, 2023-11-21. What do Jews think scripture is? How do the People of the Book conceive of the Book of Books? In what ways is it authoritative? Who has the right to interpret it? Is it divinely or humanly written? And have Jews always thought about the Bible in the same way? In seventeen cohesive and rigorously researched essays, this volume traces the way some of the most important Jewish thinkers throughout history have addressed these questions from the rabbinic era through the medieval Islamic world to modern Jewish scholarship. They address why different Jewish thinkers, writers, and communities have turned to the Bible and what they expect to get from it. Ultimately, argues editor Benjamin D. Sommer, in understanding the ways Jews construct scripture, we begin to understand the ways Jews construct themselves.

**Dangerous Religious Ideas** Rachel S. Mikva, 2020-11-03. Reveals how faith traditions have always passed down tools for self-examination and debate because all religious ideas, not just extremist ones, can cause harm even as they also embody important moral teachings. Scripture's abiding relevance can inspire great goodness, such as welcoming the stranger and extending compassion for the poor. But its authority has also been wielded to defend slavery, marginalize LGBTQ individuals, ignore science, and justify violence. Grounded in close readings of scripture and tradition in Christianity, Islam, and Judaism, religious scholar Rachel Mikva shows us that the Abrahamic religions have always been aware of their tremendous power, both to harm and to heal. And so they have transmitted their sacred stories along with built-in tools, interpretive traditions, to do the necessary work of taking on dangerous religious ideas and fostering self-critical faith. By exploring the themes of Scripture: Election, Reward, and Punishment, Mikva examines how

the interpretive methodologies of these religions have identified and grappled with their perilous power and positive potential Many readers presume that their understanding of scripture s meaning is absolute forgetting how these sacred texts and the history of interpretation have valued multiple perspectives and recognized ongoing rhythms of change It s not a modern phenomenon to debate the nature of truth hold space open for doubt value humility and question our capacity to know things especially about God and God s will with certainty In fact none of the traditions could remain vital or thrive together without a sustained practice of self critique Dangerous Religious Ideas reframes the way we talk about faith to create a space where public discussion of religion is more constructive nuanced and socially engaged

*A More Christlike Word* Bradley Jersak,2021-07-20 The Scriptures are an essential aspect of the Christian faith But we have often equated them with the living Word Himself even elevating them above the One to whom they point In doing so we have distorted their central message and our view of God Tragically this has caused multitudes of people unnecessary doubt confusion and pain in their encounters with the Scriptures Many people understand God as being truly loving and good Yet they struggle with depictions of God in Scripture as wrathful violent and genocidal These toxic texts have caused some to set aside their Bibles as R rated and unreliable They have led others to completely reject their faith Author and theologian Bradley Jersak has wrestled deeply with such passages over many years He has experienced the same questions doubt and pain In *A More Christlike Word* he offers a clarifying and freeing path forward Whether readers consider themselves believers doubters or skeptics all are invited to a more beautiful and ancient way of reading the Scriptures Bradley calls this path the Emmaus Way because it demonstrates how Jesus regarded all Scripture as fulfilled in himself the final Word of God who reveals the true nature of the Father After deconstructing the modern biblicist literalist approaches to Scripture interpretation that have failed us Brad turns to the early church for a hermeneutic of prefigurement treating the Bible as the grand narrative of redemption told through a polyphony of voices and worldviews culminating in the arrival of Christ as the eternal Word of God what God has to say about himself The interpretive system of the church fathers and mothers who gathered the New Testament and preached the gospel from the Old Testament has largely been ignored or dismissed by both evangelical and liberal movements the twin children of modernity The patristics explain and model the apostles Christ centered interpretation of the Scriptures Brad applies their approach to unwrath sample passages from each genre of the Bible showing how even the cringe worthy texts have an important place in the Christotelic saga of divine love Your journey on the Emmaus Way will open up to you the fullness of the Scriptures and most important lead you to the God who deeply loves and welcomes you

*At the Intersection of Texts and Material Finds* Stuart S. Miller,2019-03-11 Stuart Miller examines the hermeneutical challenges posed by the material and literary evidence pertaining to ritual purity practices in Graeco Roman Palestine and especially the Galilee He contends that stepped pools which we now know were in use well beyond the Destruction of the Temple and as indicated by the large collection on the western acropolis of Sepphoris and elsewhere into

the Middle and Late Roman Byzantine eras must be understood in light of biblical and popular perspectives on ritual purity. The interpretation of the finds is too frequently forced to conform to rabbinic prescriptions which oftentimes were the result of the sages' unique and creative nominalist approach to ritual purity. Special attention is given to the role ritual purity continued to play in the lives of ordinary Jews despite or because of the loss of the Temple. Miller argues against the prevailing tendency to type material finds and Jewish society according to known groups: pre 70 C.E. Pharisaic, Sadducean, Essenic, post 70 C.E. rabbinic, priestly, etc. He further counters the perception that ritual purity practices were largely the interest of priests and argues against the recent suggestion that the kohanim resurfaced as an influential group in Late Antiquity. Building upon his earlier work on sages and commoners, Miller claims that the rabbis emerged out of a context in which a biblically derived complex common Judaism thrived. Stepped pools, stone vessels, and other material finds are realia belonging to this complex common Judaism. A careful reading of the rabbis indicates that they were acutely aware of the extent to which ritual purity rites pertaining to home and family life had spread, which undoubtedly contributed to their intense interest in regulating them.
