**The Secularization of Medicine** Nathan Carlin, Director of the McGovern Center for Humanities and Ethics Samuel Karff Chair Nathan Carlin, 2025-08-29 While it is true that medicine and religion once had overt connections that have since declined The Secularization of Medicine argues that religion as a social force in medicine has not been extinguished Instead religious material or ideas have migrated to non religious or secular spaces and have been absorbed by the surrounding culture Medicine is not as secular as we might imagine it to be and this has implications for the well being of physicians

**Africa Writes Back to Self** Evan M. Mwangi, 2010-07-02 The profound effects of colonialism and its legacies on African cultures have led postcolonial scholars of recent African literature to characterize contemporary African novels as first and foremost responses to colonial domination by the West In *Africa Writes Back to Self* Evan Maina Mwangi argues instead that the novels are primarily engaged in conversation with each other particularly over emergent gender issues such as the representation of homosexuality and the disenfranchisement of women by male dominated governments He covers the work of canonical novelists Nadine Gordimer Chinua Achebe Ngugi wa Thiong'o and J M Coetzee as well as popular writers such as Grace Ogot David Maillu Promise Okeke and Rebeka Njau Mwangi examines the novels self reflexive fictional strategies and their potential to refigure the dynamics of gender and sexuality in Africa and demote the West as the reference point for cultures of the Global South

**Dark Persuasion** Joel E. Dimsdale, 2021-08-10 A harrowing account of brainwashing s

pervasive role in the twentieth and twenty first centuries This gripping book traces the evolution of brainwashing from its beginnings in torture and religious conversion into the age of neuroscience and social media When Pavlov introduced scientific approaches his research was enthusiastically supported by Lenin and Stalin setting the stage for major breakthroughs in tools for social political and religious control Tracing these developments through many of the past century s major conflagrations Dimsdale narrates how when World War II erupted governments secretly raced to develop drugs for interrogation Brainwashing returned to the spotlight during the Cold War in the hands of the North Koreans and Chinese In response a huge Manhattan Project of the Mind was established to study memory obliteration indoctrination during sleep and hallucinogens Cults used the techniques as well Nobel laureates university academics intelligence operatives criminals and clerics all populate this shattering and dark story one that hasn t yet ended

Robert Altman and the Elaboration of Hollywood Storytelling Mark Minett,2021 Robert Altman and the Elaboration of Hollywood Storytelling reveals an Altman barely glimpsed in previous critical accounts of the filmmaker This re examination of his seminal work during the Hollywood Renaissance or New Hollywood period of the early 1970s including M A S H Brewster McCloud McCabe Mrs Miller Images The Long Goodbye Thieves Like Us California Split and Nashville sheds new light on both the films and the filmmaker reframing Altman as a complex pragmatic innovator whose work exceeds but is also grounded in the norms of classical Hollywood storytelling rather than someone who rejected those norms in favor of modernist art cinema Its findings and approach hold important implications for the study of cinematic authorship Largely avoiding thematic exegesis it employs an historical poetics approach robust functionalist frameworks archival research and formal and statistical analysis to demystify the essential features of the standard account of Altman s filmmaking history and profile lax narrative form heavy reliance on the zoom sound design replete with overlapping dialogue improvisational infidelity to the screenplay and a desire to subvert based in his time in the training grounds of industrial filmmaking and filmed television The book provides a clear example of how a filmmaker might work collaboratively and pragmatically within and across media institutions to elaborate upon their sanctioned practices and aims We misunderstand Altman s work and the creative work of Hollywood filmmakers in general when we insist on describing innovation as opposition to institutional norms and on describing those norms as simply assimilating innovation
