story of one man's quest to create his own nirvana in the desert based on his exacting design and experimentation with lessons he's gleaned not only from the incredible success of Zappos but also from rave culture and Burning Man. Is it the business model of the future or a cautionary tale of hubris?

Conscious Capitalism Field Guide Raj Sisodia, Timothy Henry, Thomas Eckschmidt, 2018-03-20

Build conscious leadership into your business. You subscribe to the basic idea that business can do more than make money but you're not sure how to act on that conviction or how to share it with the rest of your organization. The Conscious Capitalism Field Guide, the authoritative follow-up to the bestselling book *Conscious Capitalism* by John Mackey, CEO of Whole Foods Market and leadership expert Raj Sisodia, gives you the tools for sharing and implementing the principles of higher purpose and conscious business throughout your organization. This practical guide provides hands-on materials, the same tools used in companies such as Whole Foods Market, Southwest Airlines, Life is Good, The Container Store, Barry Wehmiller, Zappos, and many others that you can use on your own with your team or with others throughout your organization to build conscious leadership and practices into your business. Organized according to the four core principles: higher purpose, stakeholder orientation, conscious leadership, and conscious culture of Conscious Capitalism, the book provides exercises, worksheets, checklists, and instructions for use both individually and with teams, as well as advice, examples, and real-life stories to help you apply these ideas and make them come alive in your organization. You and your team will write a purpose statement, learn how to create win-win-win relationships with all your stakeholders, create a culture playbook for your company, develop a leadership checklist for your organization, build a personal leadership development plan, set priorities for the coming year and beyond.

Raising an Entrepreneur Margot Machol Bisnow, 2016-09-01

In this book, a political powerhouse and mother of two thriving entrepreneurs interviews the moms of over fifty of today's most successful innovators and, based on her findings, provides ten rules for raising confident, fearless, self-made individuals whose ideas and drive will change the world. Is your child passionate about something? Maybe it's music, sports, theatre, writing, building things, or helping others—the kind of creative pursuits that create distinguished leaders and make change in the world. All parents want their kids to have success, but how do you help them cultivate their talent and vision for a personally fulfilling and financially successful life? Once you've recognized their drive and passion, how do you set your little trailblazers free? *Raising an Entrepreneur* presents seventy-six stories from the mothers of some of the most successful entrepreneurs today. Entrepreneurs are the new rock stars; they're the ones who turn their passions into ingenious projects because they're willing to risk failure to make their dreams come true. Highlighting the various achievements of innovators from a wide range of cultural and socioeconomic backgrounds, such as Geek Squad's Robert Stephens and Nantucket Nectars' Tom Scott, nonprofit founders like Mama Hope's Nyla Rodgers and Pencils of Promise's Adam Braun, profit-for-purpose creators like TOMS Shoes' Blake Mycoskie and FEED Projects' Ellen Gustafson, activists like Mike de la Rocha and Erica Ford, and artists like actress Emmanuelle Chriqui and songwriter Benny Blanco, and with photos of the entrepreneurs as children, these inspirational

interviews will provide guidance and support on nurturing your own change maker Not every kid will be an entrepreneur but all kids have something that makes them unique If you're seeking a way to nurture your children's passions and help them harness their talent drive and grit into a fulfilling life purpose this book is for you With these ten rules and numerous inspiring stories you'll gain confidence in raising your child into a creatively successful adult **DIY Utopia** Amber Day, 2016-12-22 At first glance contemporary popular culture filled with bleak images of the future seems to have given up on the possibility of positive collective change Below the surface however alternative culture is rife with artist-led projects activist movements and subcultural communities of interest that seek to spark the collective imagination and to encourage hunger for alternatives More playfully self-conscious than past utopian movements today's are often whimsical or ironic but are still entirely earnest Artists invite us to re-author city maps or archive individual ideas for the future while maker collectives urge us to rethink our relationship to consumer goods All seem to have grown out of a similar do-it-yourself ethos and alternative culture One of the central conflicts informing these case studies is that while it remains immensely difficult to envision anything outside of the current system of consumer capitalism there is nevertheless a powerful desire to take it apart in piecemeal ways We see the longing for new social and political narratives new forms of communion and sociability and new imaginings of the possible longings that are currently unmet by mainstream culture but that are taking expression in myriad ways at the local level Taken as a whole this collection examines what our grand ideals and playful daydreams tell us about ourselves *The Soul of an Entrepreneur* David Sax, 2020-04-21 An award-winning business writer dismantles the myths of entrepreneurship replacing them with an essential story about the experience of real business owners in the modern economy We're often told that we're living amidst a startup boom Typically we think of apps built by college kids and funded by venture capital firms which remake fortunes and economies overnight But in reality most new businesses are things like restaurants or hair salons Entrepreneurs aren't all millennials more often it's their parents And those small companies are the fabric of our economy *The Soul of an Entrepreneur* is a business book of a different kind exploring our work but also our passions and hopes David Sax reports on the deeply personal questions of entrepreneurship why an immigrant family risks everything to build a bakery how a small farmer fights to manage his debt and what it feels like to rise and fall with a business you built for yourself This book is the real story of entrepreneurship It confronts both success and failure and shows how they can change a human life It captures the inherent freedom that entrepreneurship brings and why it matters *Guia Prático de Negócios Conscientes* Raj Sisodia, Timothy Henry, Thomas Eckschmidt, 2023-04-30 Quatro princípios fundamentais guiam a forma de construir e liderar um negócio consciente Se eles propõem um modelo evolutivo interdependência dos stakeholders cultura responsável e lideram a de cuidar O livro *Capitalismo Consciente Guia Prático* foi lançado em 2018 com o objetivo de fornecer ferramentas para implementar esses princípios nas organizações Nesta nova edição o livro ganha um formato diferente fracionado em quatro volumes mantendo o mesmo conteúdo do original mas proporcionando uma experi
