The Urban Political Economy and Ecology of Automobility Alan Walks,2014-07-25 Just how resilient are our urban societies to social energy environmental and or financial shocks and how does this vary among cities and nations Can our cities be made more sustainable and can environmental economic and social collapse be staved off through changes in urban form and travel behaviour How might rising indebtedness and the recent series of financial crises be related to automobile dependence and patterns of urban automobile use To what extent does the system and economy of automobility factor in the production of urban socio spatial inequalities and how might these inequalities in mobility be understood and measured What can we learn from the politics of mobility and social movements

within cities What is the role of automobility and auto dependence in differentiating groups both within cities and rural areas and among transnational migrants moving across international borders These are just some of the questions this book addresses This volume provides a holistic and reflexive account of the role played by automobility in producing reproducing and differentiating social economic and political life in the contemporary city as well as the role played by the city in producing and reproducing auto mobile inequalities The first section titled Driving Vulnerability deals with issues of global importance related to economic social financial and environmental sustainability and resilience and socialization The second section Driving Inequality is concerned with understanding the role played by automobility in producing urban socio spatial inequalities including those rooted in accessibility to work migration status and ethnic concentration and new measures of mobility based inequality derived from the concept of effective speed The third section titled Driving Politics explores the politics of mobility in particular places with an eye to demonstrating both the relevance of the politics of mobility for influencing and reinforcing actually existing neoliberalisms and the kinds of politics that might allow for reform or restructuring of the auto mobile city into one that is more socially politically and environmentally just In the conclusion to the book Walks draws on the findings of the other chapters to comment on the relationship between automobility neoliberalism and citizenship and to lay out strategies for dealing with the urban car system

Glasgow's Godfather Robert Jeffrey, 2011-05-22 Walter Norval was a man marked by destiny to be a career criminal in one of Britain's hardest cities As a boy he grew up in a world of illegal betting violent canal bank pitch and toss schools sleazy dance halls brothels and bars where the denizens of the slums in the north side of Glasgow slaked gargantuan thirsts and plotted murder and mayhem Before he had reached his teens close relatives had died as blood was spilled in the streets As a youngster he ran messages for the toughest gangsters in the city and stood guard over the pots of cash in illegal gambling schools It was a remarkable apprenticeship dangerous and sometimes deadly It honed a latent toughness and a talent for lawbreaking that saw him emerge in the Seventies as the first of a succession of Glasgow godfathers Dressed in pinstriped style he controlled his foot soldiers with fearsome fists and planned robberies with the attention to detail of a military general He organised various Glasgow fighting factions into a single gang which pulled off a spectacular series of robberies But unlike his successors he abhorred drugs and drug dealing And in a remarkable twist he joined the anti drugs war in later life His story told by the best selling crime historian Robert Jeffrey provides a fascinating insight into the making of a criminal mastermind from boy to man
