MASCULINITY AND SEXUALITY IN HIGH SCHOOL

WITH A NEW PREFACE **C. J. Pascoe**

Dude You Re A Fag

Patricia Leavy PhD

Dude You Re A Fag:

The Structure of Schooling Richard Arum, Irene R. Beattie, Karly Ford, 2015 This comprehensive reader in the sociology of education examines important topics and exposes students to examples of sociological research on schools Drawing from classic and contemporary scholarship the editors have chosen readings that examine current issues and reflect diverse theoretical approaches to studying the effects of schooling on individuals and society **Dude, You're a Fag** C. J. Pascoe, 2007 Eighteen months of fieldwork in a racially diverse working class high school this is an exploration of the dynamics of masculinity among boys **Other, Please Specify** D'Lane R. Compton, Tey Meadow, Kristen Schilt, 2018-07-31 This provocative collection showcases the work of emerging and established sociologists in the fields of sexuality and gender studies as they reflect on what it means to develop practice and teach queer methods Located within the critical conversation about the possibilities and challenges of utilizing insights from humanistic queer epistemologies in social scientific research Other Please Specify presents to a new generation of researchers an array of experiences insights and approaches revealing the power of investigations of the social world With contributions from sociologists who have helped define queer studies and who use a range of interpretative and statistical methods this volume offers methodological advice and practical strategies in research design and execution all with the intent of getting queer research off the ground and building a collaborative community within this emerging subfield *The New Politics of the Textbook* Heather Hickman, Brad J. Porfilio, 2012-10-13 In an age of unprecedented corporate and political control over life inside of educational institutions this book provides a needed intervention to investigate how the economic and political elite use traditional artifacts in K 16 schools to perpetuate their interests at the expense of minoritized social groups The contributors provide a comprehensive examination of how textbooks the most dominant cultural force in which corporations and political leaders impact the schooling curricula shape students thoughts and behavior perpetuate power in dominant groups and trivialize social groups who are oppressed on the structural axes of race class gender sexuality and disability Several contributors also generate critical insight in how power shapes the production of textbooks and evaluate whether textbooks still perpetuate dominant Western narratives that normalize and privilege patriotism militarism consumerism White supremacy heterosexism rugged individualism technology and a positivistic conception of the world Finally the book highlights several textbooks that challenge readers to rethink their stereotypical views of the Other to reflect upon the constitutive forces causing oppression in schools and in the wider society and to reflect upon how to challenge corporate and political dominance over knowledge production Uncovering Violence Amy Cottrill, 2021-10-26 It is no surprise that the Bible is filled with stories of violence having come into being through the crucible of trauma cultural conflict and warfare But the more obvious acts of physical or sexual violence in the Hebrew Bible often overshadow its subtler forms throughout Scripture and belie the variety of perspectives on violence embedded in biblical narratives This hinders readers ability to recognize the full spectrum of human engagement with violence both in

texts and in their lived experiences *Uncovering Violence Reading Biblical Narratives as an Ethical Project* seeks to provide a theoretical vocabulary for the various forms that violence can take including textual violence interpretive violence moral injury and slow violence and to offer a fresh ethical reading of violence in the biblical text Focusing on four narratives from the Hebrew Bible Cottrill uses the approach of narrative ethics to lay out the many ways that stories can make moral claims on readers not by delivering a discrete lesson or takeaway but by making transformative contact with readers and involving them in a more embodied dialogue with the text Exploring the narratives of Jael s killing of Sisera the toxic masculinity of Samson environmental devastation and failures of legal systems in Ruth and Abigail s mediation with King David *Uncovering Violence* presents strategies for reading that allow for this close encounter In doing so it helps prepare readers to better recognize interpret and even respond to violence and its many effects within and beyond the text **Boys and Schooling** B. Lingard,W. Martino,M. Mills,2008-11-12 Exploring current approaches to addressing boys education in schools this book highlights the limitations of structural reform initiatives and the failure to address the impact of socioeconomic status race sexuality disability and hegemonic masculinity on both boys and girls participation in schooling Sorry I Don't Dance Maxine Leeds Craig,2014 Explores the feminization sexualization and racialization of dance in America since the 1960s

Male Rape, Masculinities, and Sexualities Aliraza Javaid,2018-10-08 This book critically explores the intersections between male rape masculinities and sexualities It examines the ways in which male rape is policed responded to and addressed by state and voluntary agencies in Britain The book uncovers how notions of gender sexualities and masculinities shape these agencies understanding of male rape and their views of men as victims of rape Javaid pays particular attention to the police and deconstructs police subculture to consider whether it influences and shapes the ways in which police officers provide services for male rape victims Grounded in qualitative interviews and data derived from the state and voluntary sector this book will be invaluable reading for sociologists criminologists and social scientists who are keen to learn more about gender policing sexual violence and male sexual victimisation Radical Interactionism and Critiques of Contemporary Culture Norman K. Denzin,2021-04-30 Norman K Denzin has gathered a team of leading experts to explore and showcase a variety of topics in the field of symbolic interaction Some of the topics explored include extending dramaturgical and grounded theory and new empirical and theoretical inquiries into fashion journalism stigma police body work autobiography and gender studies *Contemporary British Musicals: 'Out of the Darkness'* Clare Chandler,Gus Gowland,2024-02-08 The shortest runs can have the longest legacies for too long scholarship surrounding British musical theatre has coalesced around the biggest names ignoring important works that have not had the critical engagement they deserve Through academic interrogation and industry insight this unique collection of essays recognizes these works shining a light on their creative achievements and legacies With each chapter focusing on a different significant musical a selection of shows spanning 2010s are analysed and the development and evolution of the genre is explored Touching on key hit shows

such as *SIX Matilda Everybody's Talking About Jamie The Grinning Man* and *Bend It Like Beckham* each chapter discusses different theatrical elements from dramaturgy and musicology to reception and also includes an interview with a practitioner related to each musical providing in depth understanding and invaluable practical and industry knowledge Identifying the intersectionality between industry insight and academic analysis *Contemporary British Musicals Out of the Darkness* challenges the narrative that the British musical is dead creating a new historiography of the British musical that celebrates the work being created while providing a manifesto for the future **Queer Refugees** Bernhard Falch, 2020-03-14 Bernhard Falch porträtiert zehn nach Mitteleuropa geflüchtete LGBTI Personen in der Heuristik alltäglicher narrativer Identitätsarbeit Das in der Forschungsliteratur bislang weitgehend ausgesparte Thema entfaltet er aus einer gender queer und migrationstheoretisch postkolonialen Perspektive Dabei eröffnet sich durch die minoritätliche Herangehensweise ein höchst differenzierter Blick auf die Verflochtenheit der Erzählungen vom Wandern Werden und Wollen den Narrativen von Flucht Identität und Sexualität Der Autor bringt die geflüchteten Akteurinnen und Akteure in ihren Männlichkeiten Weiblichkeiten bzw Intergeschlechtlichkeiten zwischen Ressourcenorientierung Mehrfachdiskriminierung und Beinahe Vernichtungserlebnissen zur Sprache *Online Sex Talk and the Social World* Chrystie Mykietiak, 2020-10-09 This book develops a feminist and queer linguistic account of the construction of sex sexuality and desire through a linguistic and discursive analysis of naturally occurring sex talk from an online community Critical discourse analysis is used to analyse a corpus of data drawn from incidental sex talk observed in the community over the course of an 18 month period Sub types of sex talk that are examined include cybersex self disclosure confidences joking games flirting and automated sexual commands that generate sex between participants The book will be of use to students and researchers interested in the language of gender and sexuality as well as feminist and queer accounts of technology and sexual communication *Gender Norms and Intersectionality* Riki Wilchins, 2019-03-25 There have been few if any attempts to translate the immense library of academic studies on gender norms for a lay audience or to illustrate practical ways in which their insights could and should be applied Similarly there have been few attempts to build the case for gender in diverse fields like health education and economic security within a single book one which also uses an intersectional lens to address issues of race and class This book not only looks at the impact of rigid gender norms on young people who internalize them but also shows how the health educational and criminal justice systems with which young people interact are also highly gendered systems that relentlessly police and sustain very narrow ideas of masculinity and femininity particularly among youth Current treatments of a gender lens or gender analysis both at home and abroad usually conflate gender with women and or trans *Gender Norms and Intersectionality* shows conclusively how this is both inadequate and wrong headed It documents why gender norms must be moved to the center of the discourses aimed at improving life outcomes for at risk communities And it does so while acknowledging the insights of queer theorists about bodies power and difference This book provides a starting point for a

long overdue movement to elevate applied gender studies providing both a reference and guide for researchers students policymakers funders non profit leaders and grassroots advocates It aims to transform readers view of a broad array of familiar social problems such as basic wellness and reproductive health education economic security and partner male on male and school violence showing how gender norms are an integral if overlooked key to understanding each
