**Advanced Study in the History of Modern India 1707-1813** Jaswant Lal Mehta, 2005-01-01 An analytical and critical account of the political history of early modern India from 1707 to 1813 The narrative shatters the contention of contemporary European writers that it was the dark age of Indian history characterised by political anarchy and misgovernment until the British brought it under their sway The main thesis of the author is that the period was marked by two distinct phases the first phase which lasted from 1707 to 1760 saw the rapid disintegration of the Mughal power and its replacement by the Maratha hegemony Meanwhile the English traders turned colonialists after consolidating their hold along the Indian seacoasts and conquest of Carnatic and Bengal challenged the Maratha hegemony The second phase of developments was thus marked by the struggle for supremacy between these two powers The author makes use of contemporary English and Marathi sources and the intensive researches of modern historians to portray a compact picture of their findings in the form of a text book for the benefit of the degree students Historical facts are reinterpreted through illuminating expositions refreshing characterisation of historic personalities and objective assessment of events and movements Together with maps a select bibliography glossary and an elaborate index the volume makes a rich contribution to the advancement of modern historical literature

Sardesai,1935 The World of Ideas in Modern Marathi Govind Purushottam Deshpande,2009 The historiography of nineteenth century India is beset by a problem which flows from an assumption that India is one history area It is within the grand narrative of Indian history that debates in different regions and in various language discourses are viewed and interpreted This leaves a large gap in our understanding of particular histories especially the history of ideas In Marathi writing for instance the figure of Savarkar evokes responses from critics as much as from admirers that are very different from those in English G P Deshpande s new book shows us the riches we can hope to unearth if only we start listening to the vernacular He discusses the ideas of three influential and vastly different thinkers in Marathi the radical ideologue of shudratishudra emancipation Jotirao Phule the Hindutva ideologue V D Savarkar and the ideologue of Vedanta supremacy Vinoba Bhave This unusual grouping itself helps us break out of conventional ways of looking at intellectual history but the author goes further By analysing the writings of these thinkers in conjunction with writings on them in Marathi he underlines that the reception of their ideas in that language is as important as the ideas themselves He thus points to a method of reading that will be useful to those interested in the history of ideas in any Indian language In making a series of rigorous arguments in an entertaining and polemical style this book is an original and feisty addition to the historiography of modern India **Adhunik Bharatacha Itihas** BL Grover, It is one of the bestselling books on Modern Indian History covering the time line from 1707 to the modern times The book covers the entire gamut in a very unique style it mentions not only factual data about various topics but also provides information about different interpretations put forth by Western and Indian historians with an integrated analysis This makes the book equally useful for undergraduate students of History and aspirants appearing for various competitive examinations HISTORY OF MODERN INDIA ,1983 *History of Modern India* Moti Lal Bhargava,1977 *A Social History of Modern India* Kalikinkar Datta,1975 *History Of Modern India* Braham Singh,H.
