speech science The Critique of Bioethical Principlism in Contrast to an African Approach to Bioethics Jude Thaddaeus Buyondo,2024-08-16 Though some argue that bioethics in the Black African world is simply a reflection of the Western approach to bioethics this work suggests otherwise While the Western approach bioethical principlism claims to offer an absolute approach to bioethics in a universalized common morality this book argues that bioethical principlism can be complemented with African approaches to bioethics Western principlism as primarily presented by Thomas L Beauchamp and James F Childress can hardly be incarnated in the African context of bioethical problems unless it is complemented by a contextual normative understanding of African social realities realities that themselves must be enriched by bioethical principlism Without claiming to offer the last word on intercultural bioethics or disputing which bioethical approaches deserve prioritization the work interactively relies on ordinary moral experiences that are practically visible in lived social realities as well as the community realities surrounding Africans south of the Sahara Prescriptively in order to not simply promote life but to do so fully the African ethical system supports an integral community life by continuously promoting the norm of solidarity continued vitality and the hierarchization of life within the corporate community which the individual must not blindly follow but responsibly interact with without her identity freedom and conscience being crushed **New**

Approach to Cave Art in Zimbabwe Joern Stoevring,2021-02-28 The material for the book is based on the four large caves at Musambura Northeast of HARARE with a comparison material from the other large caves and boulders in Zimbabwe It reassesses half a century of research on cave art in the country and presents a new approach for the interpretation of the old images The high pic photographic material consists of 186 high pic images subjected to various imaging software The approach is based on the Cosmology of the San as expressed in the large and majestic caves It enables a more sophisticated analysis than earlier by stratification of the material into traditions and periods The Ancient San from the last Ice Age to the Humid Period The San from the End of the Humid Period until the arrival of the Early BaNtu The Late San from the arrival of the Early BaNtu until the Demise of the Late San and The Demise of the Late San The analysis discusses and revises several assumptions and interpretations of earlier cave art contributions especially professor Peter Garlake as well as the contemporary contributions from New Animism Descola Harvey Willerslev The results of the book are used in the local conservation efforts by public authorities in Zimbabwe

The Athlete as National Symbol Nicholas Villanueva, Jr., 2020-02-04. Examining the phenomenon of nationalism in the world of sport this collection of new essays identifies moments when athletes became national symbols through their actions on and off the field. Since the break up of the Soviet Union and Yugoslavia and related global events of the 1980s and 1990s scholars have explored how race ethnicity gender and sexuality shape and are shaped by nationalism and national participation. Topics include race golf and the struggle for social justice in South Africa sport as a battleground within the Israel Palestine conflict multiculturalism and the Olympic Games and white privilege in sport. These case studies explore the strength and fragility associated with national identity and how athletes become icons for their nations. **Afrikan**

Alphabets Saki Mafundikwa, 2004. Through text and illustrations describes more than twenty African symbol systems and alphabets used on the continent and in the Diaspora. Worlds of Gender Sarah Milledge Nelson, 2007-03-01. In *Worlds of Gender* ten prominent scholars consider the research on gender and archaeology that has been conducted around the world. The authors discuss the archaeological evidence for gender distinctions from Africa East Asia South Asia Australia Europe Mesoamerica North America and South America. Although some regions of the world have only been studied sporadically this volume brings together the totality of the evidence to make it possible to compare sexual roles and identities from far flung

cultures of vastly different time periods *Worlds of Gender* is an excellent resource for comparative cultural studies and gender studies as well as a useful examination of how gender roles affect social structures *Languages of the World* Asya Pereltsvaig, 2020-09-03 Are you curious to know what all human languages have in common and in what ways they differ Do you want to find out how language can be used to trace different peoples and their past Then this book is for you Now in its third edition it guides beginners through the rich diversity of the world's languages It presupposes no background in linguistics and introduces the reader to linguistic concepts with the help of problem sets end of chapter exercises and an extensive bibliography Charts of language families provide geographical and genealogical information and engaging sidebars with demographic social historical and geographical facts help to contextualise and bring languages to life This edition includes a fully updated glossary of all linguistic terms used new problem sets and a new chapter on cartography Supplementary online materials include links to all websites mentioned and answers to the exercises for instructors

Anthropology and the Bushman Alan Barnard, 2020-05-18 The Bushman is a perennial but changing image The transformation of that image is important It symbolizes the perception of Bushman or San society of the ideas and values of ethnographers who have worked with Bushman peoples and those of other anthropologists who use this work *Anthropology and the Bushman* covers early travellers and settlers classic nineteenth and twentieth century ethnographers North American and Japanese ecological traditions the approaches of African ethnographers and recent work on advocacy and social development It reveals the impact of Bushman studies on anthropology and on the public The book highlights how Bushman or San ethnography has contributed to anthropological controversy for example in the debates on the degree of incorporation of San society within the wider political economy and on the validity of the case for indigenous rights as a special kind of human rights Examining the changing image of the Bushman Barnard provides a new contribution to an established anthropology debate **Women's Authority and Society in Early East-Central Africa** Christine Saidi, 2010

This study of more than two thousand years of African social history weaves together evidence from historical linguistics archaeology comparative ethnography oral tradition and art history to challenge the assumptions that all African societies were patriarchal and that the status of women in precolonial Africa is beyond the scope of historical research In East Central Africa women played key roles in technological and economic developments during the long precolonial period Female political leaders were as common as male rulers and women especially mothers were central to religious ceremonies and beliefs These conclusions contribute a new and critical element to our understanding of Africa's precolonial history Book Jacket *Afro-Cuban Religious Experience* Eugenio Matibag, 2018-02-26 The books in the Florida and the Caribbean Open Books Series demonstrate the University Press of Florida's long history of publishing Latin American and Caribbean studies titles that connect in and through Florida highlighting the connections between the Sunshine State and its neighboring islands Books in this series show how early explorers found and settled Florida and the Caribbean They tell the tales of early

pioneers both foreign and domestic They examine topics critical to the area such as travel migration economic opportunity and tourism They look at the growth of Florida and the Caribbean and the attendant pressures on the environment culture urban development and the movement of peoples both forced and voluntary The Florida and the Caribbean Open Books Series gathers the rich data available in these architectural archaeological cultural and historical works as well as the travelogues and naturalists sketches of the area in prior to the twentieth century making it accessible for scholars and the general public alike The Florida and the Caribbean Open Books Series is made possible through a grant from the National Endowment for the Humanities and the Andrew W Mellon Foundation under the Humanities Open Books program
