Colossae, Colossians, Philemon Alan H. Cadwallader,2023-05-15 The material culture of Colossae is here for the first time given as full a collation as possible to the present day 38 inscriptions 88 coins and 49 testimonia are brought together in the context of a thorough overview of the site of Colossae These include evidence that has been thought lost or has been overlooked or misinterpreted or has only recently been discovered New readings insights and analyses of the material evidence are brought into a highly creative exchange with the two letters of the Second Testament connected with the site The texts thereby become additional evidence for an appreciation of the life of a city in the first two centuries of the Common Era The fullest collation of evidence for the ancient Phrygian city in the Greco Roman period was the coin catalogue assembled by Hans von Aulock 1987 The most recent catalogue of the inscriptions of Colossae was published by William Calder and William Buckler in 1939 There has never been a full inventory of ancient writings that bear witness to the site Alan H Cadwallader in his volume not only updates this material by subjecting it to thorough critical analysis in the light of comparative evidence from across the Roman province of Asia and the Mediterranean world New discoveries from the site and from museums and collections in the United Kingdom Europe Russia Australia and the United States are introduced Into this assemblage and interpretation are brought the letters to the Colossians and Philemon in the Second Testament writings of the Christian Church For the first time the letters are released to be players in the highly competitive environment of a city negotiating its way in the new realities of imperial Rome Here the letters and their recipients become participants in the society of the day contributing critiquing and struggling to forge an identity for the Christ followers within that world Echoes of the gymnasium gladiatorial spectacles cosmological speculations religious devotion and sanction family structures commerce and industry struggles for justice intercity competition and legal negotiations are found in the letters echoes that witness to their participation in the life of Colossae This is a radical new approach incorporating the turn to material culture as the embedding of literature and its consumers rather than an embellishing backdrop **The Expansion of Christianity** Roderic Mullen,2003-12-01 This volume covers the geographical spread of Christianity in its first three centuries It is arranged by continents Asia Europe and Africa to show the gradual development of Christian communities down to the Council of Nicaea in 325 The area surveyed stretches from Wales to the borders of India and from the Northern coasts of the Black Sea to the plains of Morocco The result is a picture not only of the outward development of early Christianity but of the variety that existed within it as well *CAA2015. Keep The Revolution Going* Stefano Campana,Roberto Scopigno,Gabriella Carpentiero,2016-03-31 This volume brings together all the successful peer reviewed papers submitted for the proceedings of the 43rd conference on Computer Applications and Quantitative Methods in Archaeology that took place in Siena Italy from March 31st to April 2nd 2015 **Herodotus: Histories Book V** Herodotus,2013-12-12 One of the most important

works of history in Western literature by the freshest and liveliest of all classical Greek prose authors Herodotus's Histories is also a key text for the study of ancient Greece and the Persian Empire Covering a central and widely studied period of Greek history Book V not only describes the revolt of the east Greeks against their Persian masters which led to the great Persian Wars of 490-479 BC but also provides fascinating material about the mainland Greek states in the sixth century BC This is an up to date edition of and commentary on the Greek text of the book providing extensive help with the Greek basic historical information and clear maps as well as lucid and insightful historical and literary interpretation of the text The volume is suitable for advanced undergraduates graduate students teachers and scholars **Israel Numismatic Research**

Israel Numismatic Society, 2017-12-31 Barrington Atlas of the Greek and Roman World Richard J. A. Talbert, 2000 *An Inventory of Archaic and Classical Poleis* Mogens Herman Hansen, Thomas Heine Nielsen, 2004-11-11 This is the first ever documented study of the 1 035 identifiable Greek city states poleis of the Archaic and Classical periods c 650-325 BC Previous studies of the Greek polis have focused on Athens and Sparta and the result has been a view of Greek society dominated by Sophokles Plato's and Demosthenes' view of what the polis was This study includes descriptions of Athens and Sparta but its main purpose is to explore the history and organization of the thousand other city states The main part of the book is a regionally organized inventory of all identifiable poleis covering the Greek world from Spain to the Caucasus and from the Crimea to Libya This inventory is the work of 47 specialists and is divided into 46 chapters each covering a region Each chapter contains an account of the region a list of second order settlements and an alphabetically ordered description of the poleis This description covers such topics as polis status territory settlement pattern urban centre city walls and monumental architecture population military strength constitution alliance membership colonization coinage and Panhellenic victors The first part of the book is a description of the method and principles applied in the construction of the inventory and an analysis of some of the results to be obtained by a comparative study of the 1 035 poleis included in it The ancient Greek concept of polis is distinguished from the modern term city state which historians use to cover many other historic civilizations from ancient Sumeria to the West African cultures absorbed by the nineteenth century colonializing powers The focus of this project is what the Greeks themselves considered a polis to be *Challenges of Mapping the Classical World* Richard J.A. Talbert, 2018-09-04 Challenges of Mapping the Classical World collects together in one volume fourteen varied items written by Richard Talbert over the past thirty years They cohere around the theme of mapping the classical world since the nineteenth century All were originally prompted by Talbert's commission in the late 1980s to produce a definitive classical atlas after more than a century of failed attempts by the Kiepert and others These he evaluates as well as probing the Smith Grove atlas a successful twenty year initiative launched in the mid 1850s with a cartographic approach that departs radically from established practice Talbert's initial vision for the international collaborative project that resulted in the Barrington Atlas of the Greek and Roman World 2000 is presented and the successive twice yearly reports on its progress

from 1991 through to completion are published here for the first time A further item reflects retrospectively on the project s cartographic challenges and on how developments in digital map production were decisive in overcoming them This volume will be invaluable to anyone with an interest in the development and growing impact of mapping the classical world
