

BASIC CONCEPTS OF INTERCULTURAL COMMUNICATION

PARADIGMS, PRINCIPLES, & PRACTICES

With Substantial New Text for the Second Edition,
complete with New Analysis and Applications

"A thorough redo of the 1998 edition, Dr. Bennett does an incredible job presenting the key concepts of a complex dynamic, in the process pointing out what we may erroneously be holding onto in the work we do today. He highlights what is needed, and points the way for us to get there."

— Dianne Hofner Saphiere, Founder, Cultural Detective, www.culturaldetective.com

In the long-awaited second edition of *Basic Concepts of Intercultural Communication*, Milton J. Bennett provides a comprehensive overview of the field from a constructivist perspective. In addition to his insightful analysis, Bennett offers a full complement of classic readings on the topic of intercultural communication, including:

- "Science and Linguistics," by Benjamin Lee Whorf
- "The Power of Hidden Differences," by Edward T. Hall
- "Culture: A Perceptual Approach," by Marshall R. Singer
- "Communication in a Global Village," by Dean Barnlund
- "Beyond Cultural Identity: Reflections on Multiculturalism,"
by Peter S. Adler

Dr. Milton J. Bennett is one of the leading intercultural specialists in the world. His model of intercultural sensitivity is the standard for developmental training in the field, and his constructivist perspective is influential in both global business and international/multicultural education. He is the Director of the Intercultural Development Research Institute located in the US and Italy.
