Nineties to Now Matthew McKeever,2021-10-06 What is it actually like to live today It s an era where world politics play out on Twitter and where the gig economy has made the nine to five job an object of aspiration rather than dread Rates of mental illness are soaring inequality predominates everything and much of life is contained in our phones The core idea of this book is that we can only understand what life is like now by comparing it to previous times to see what has changed what is genuinely new and what is a continuation of existing trends Providing original analyses of a range of seminal works of 90s pop culture this book extracts a core set of concepts such as irony branding and media that defined the 90s It demonstrates how these concepts are expressed in both those works and in the art of today Presenting close history in a new light this book helps us understand today by framing it in terms of yesterday

Transport Lessons from the Fuel Tax Protests of 2000 Kiron Chatterjee,2017-07-05 The UK fuel tax protests of September 2000 generated considerable debate about fuel prices and taxation and put transport in the media spotlight Away from the immediate events and debates surrounding the protests the experience offered the opportunity for longer term lessons on transport to be gained The editors of this volume Glenn Lyons and Kiron Chatterjee saw the opportunity to get fresh insight into car dependence and conducted a large scale travel behaviour survey to find out how car users coped when restricted in being able to buy petrol This book presents their findings and collects together articles written by other researchers on a range of topics including fuel taxation transport pricing policy acceptability travel behaviour and goods distribution

The Business Environment Ian Worthington,Chris Britton,2006 By encouraging students to explore the challenges and opportunities managers face in the business environment this text will provide students with a solid foundation from which to build upon their business knowledge

Obesity Meera Shekar,Barry Popkin,2020-02-13 Obesity is a global ticking time bomb with

huge potential negative economic and health impacts especially for the poor As of 2016 an estimated 44 percent of adults more than two billion worldwide are overweight or obese and over 70 percent of them live in low or middle income countries dispelling the myth that obesity is a problem only in high income countries The global obesity epidemic presents a formidable challenge to human capital acquisition national wealth accumulation and the goals of ending extreme poverty and boosting shared prosperity Given the renewed global focus on human capital its links to the obesity epidemic and the growing evidence base for double and triple duty actions there is both an urgent need for action and a great opportunity for engagement that will require both a whole of government and a whole of development partner approach Countries and global partners need to act urgently to address this ensuing epidemic with emphasis on interventions that require corrective public action rather than one of individual responsibility

Art as an Investment? Ms Melanie Gerlis, 2014-03-28 Aimed at collectors and investors this user friendly guide explains art's value as an asset through comparisons with more familiar investments including property shares and gold It draws on extensive research and interviews with key players in these other markets as well as the author's own experience to clarify the specifics of art as an asset class

Commercialization of Health Care M. Mackintosh, M. Koivusalo, 2005-09-19 Based on original research and analysis by a group of health policy experts and economists from across the world this book analyzes the causes and consequences of the expanding global and local commercialization of health care It argues for the necessity and possibility of effective policy responses to develop good quality universally inclusive health systems worldwide The book aims to contribute to a shift in the international common sense in health policy towards a more humane inclusive egalitarian and ethical framework for policy formulation

Macroeconomic Policies for EU Accession Erdem Basci, Sübidey Togan, Jürgen von Hagen, 2007-01-01 What macroeconomic requirements must Turkey meet in its quest to accede to the European Union This book with its distinguished contributors well known economists and policymakers examines and analyses these macroeconomic challenges confronting Turkey Although the focus is on the specific situation of Turkey the lessons are informative for other candidate countries and the findings directly relevant to the process of European integration The book is divided into four parts fiscal policies and sustainability of public finances monetary policy challenges preconditions for euro adoption sustainable regimes of capital movements Each topic is studied in two consecutive papers concentrating first on the challenges faced by the countries of the EU and then by Turkey Several papers review the experiences from the previous round of EU accession and

the implications of these for Turkey Macroeconomic Policies for EU Accession will appeal to policymakers bureaucrats and academics interested in the macroeconomic problems of EU accession and European integration
