**Xenocide** Orson Scott Card,1996-07 Afraid that the descolada the deadly virus that the pequininos require to transform themselves into adults may escape the confines of Lusitania the Starways Congress orders the destruction of the entire planet     Xenocide Orson Scott Card,1996-07-15 The war for survival of the planet Lusitania will be fought in the heart of a child named Gloriously Bright On Lusitania Ender found a world where humans and pequininos and the Hive Queen could all live together where three very different intelligent species could find common ground at last Or so he thought Lusitania also harbors the descolada a virus that kills all humans it infects but which the pequininos require in order to become adults The Startways Congress so fears the effects of the descolada should it escape from Lusitania that they have ordered the destruction of the entire planet and all who live there The Fleet is on its way a second xenocide seems inevitable Xenocide is the third novel in Orson Scott Card s Ender Quintet     The Shape of the Signifier Walter Benn Michaels,2013-10-31 The Shape of the Signifier is a critique of recent theory primarily literary but also cultural and political Bringing together previously unconnected strands of Michaels s thought from Against Theory to Our America it anatomizes what s fundamentally at stake when we think of literature in terms of the experience of the reader rather than the intention of the author and when we substitute the question of who people are for the question of what they believe With signature virtuosity Michaels shows how the replacement of ideological difference we believe different things with identitarian difference we speak different languages we have different bodies and different histories organizes the thinking of writers from Richard Rorty to Octavia Butler to Samuel Huntington to Kathy Acker He then examines how this shift produces the narrative logic of texts ranging from Toni Morrison s Beloved to Michael Hardt and Toni Negri s Empire As with everything Michaels writes The Shape of the Signifier is sure to leave controversy and debate in its wake     **Bowker's Guide to Characters in Fiction 2007** ,2008-02     **Xenocide: Book Three of the Ender's Game Series** BookCaps Study Guides Staff,2012 Ender s Game is one of the greatest science fiction series of all time But it spans across many planets and features dozens of major characters and plots In short It gets complex The perfect companion to Orson Scott Card s Xenocide this study guide contains a chapter by chapter analysis of the book a summary of the plot and a guide to major characters and themes This guide only covers Xenocide additional guides are available for subsequent books BookCap™ Study Guides do not contain text from the actual book and are not meant to be purchased as alternatives to reading the book We all need refreshers every now and then Whether you are a student trying to cram for that big final or someone just trying to understand a book more BookCaps can help We are a small but growing company and are adding titles every month     Sequels Janet Husband,Jonathan F. The year is never specified, although the ages of the Wiggin children are specified to change throughout space, also carefully taking in the relativity of space and time.
