Playing Our Game Edward S. Steinfeld, 2012-02-01 Conventional wisdom holds that China's burgeoning economic power has reduced the United States to little more than a customer and borrower of Beijing The rise of China many feel necessarily means the decline of the West the United States in particular Not so writes Edward Steinfeld If anything China's economic emergence is good for America In this fascinating new book Steinfeld asserts that China's growth is fortifying American commercial supremacy because as the title says China is playing our game By seeking to realize its dream of modernization by integrating itself into the Western economic order China is playing by our rules reinforcing the dominance of our companies and regulatory institutions The impact of the outside world has been largely beneficial to China's development but also enormously disruptive China has in many ways handed over outsourced the remaking of its domestic economy and domestic institutions to foreign companies and foreign rule making authorities For Chinese companies now participation in global production also means obedience to foreign rules At the same time even as these companies assemble products for export to the West the most valuable components for those products come from the West America's share of global manufacturing by value has actually increased since 1990 Within
