**Politically Incorrect Guide to Science** Tom Bethell,2005-11-25 If the globe is warming is mankind responsible or is

the sun Such a statement does not appear out of place in Bethell s entertaining account of how modern science is politically motivated and in desperate need of oversight Bethell writes in a compulsively readable style and although he provides legitimate insight into the potential benefits of nuclear power and hormesis some readers will be turned off when he attempts to disprove global warming and especially evolution Throughout the book Bethell makes questionable claims about subjects as varied as AIDS careful U S studies had already shown that at least a thousand sexual contacts are needed to achieve heterosexual transmission of the virus and extinction It is not possible definitely to attribute any given extinction to human activity and backs up his arguments with references to the music magazine SPIN and thriller writer Michael Crichton Ironically Bethell ends up proving his own premise by producing a highly politicized account of how liberal intellectuals and unchecked government agencies have created a white coated priesthood whose lust for grant money has driven them to produce fearsome but in Bethell s view false tales of ozone destruction and AIDS pandemics In the end this book is unlikely to sway readers who aren t already in Bethell s ideological camp as any points worthy of discussion get lost in the glut of unsourced claims that populate this latest installment of The Politically Incorrect Guide series     *Theology of Reconciliation in the Context of Church Relations* Rula Khoury Mansour,2020-01-31 Christians are called to be peacemakers in a world rife with conflict but how should Christians respond when the source of strife is not outside the church but within it Built on an in depth analysis of three Palestinian church splits this text examines the cultural and theological implications of intra church conflict in Arab evangelical communities in Israel Translating Miroslav Volf s formative theology of reconciliation into her contemporary Palestinian context Dr Rula Khoury Mansour provides a critical evaluation of both Volf s theory and Palestinian peacemaking models Through her research and analysis Dr Mansour develops a Middle Eastern theology of reconciliation and encourages congregations around the world to develop greater cultural and theological awareness in their quest to experience lasting peace within their churches and wider communities     **State** ,1986     [Guide to Microforms in Print](#) ,1994     **One Sacred Effort** Chad Brand,David Hankins,2006-05-01 The preamble of the original constitution of the Southern Baptist Convention describes the purpose of the SBC as eliciting combining and directing the energies of the whole denomination in one sacred effort for the propagation of the Gospel These words are not only historically significant they convey the mission and purpose and distill the distinct facets of the SBC Cooperative Program One Sacred Effort looks close at this unique and enduring ministry operation     **World Christian Trends Ad30-ad2200 (hb)** ,2001     [Congressional Record](#) United States.
