Bengali Science Fiction Story:

Science Fiction in Colonial India, 1835-1905 Mary Ellis Gibson, 2019-03-30 Science Fiction in Colonial India 1835-1905 shows for the first time how science fiction writing developed in India years before the writings of Jules Verne and H G Wells The five stories presented in this collection in their cultural and political contexts help form a new picture of English language writing in India and a new understanding of the connections among science fiction modernity and empire NP Speculative fiction developed early in India in part because the intrinsic dysfunction and violence of colonialism encouraged writers there to project alternative futures whether utopian or dystopic The stories in Science Fiction in Colonial India 1835-1905 created by Indian and British writers responded to the intellectual ferment and political instabilities of colonial India They add an important dimension to our understanding of Victorian empire science fiction and speculative fictional narratives They provide new examples of the imperial and the anti imperial imaginations at work Science Fiction and Indian Women Writers Urvashi Kuhad, 2021-07-29 Science fiction as a literature of fantasy goes beyond the mundane to ask the question what if the world were different from the way it is It often challenges the real builds on imagination places no limits on human capacities and encourages readers to think outside their social and cultural conditioning This book presents a systematic study of Indian women's science fiction It offers a critical analysis of the works of four female Indian writers of science fiction Rokeya Sakhawat Hossain Manjula Padmanabhan Priya Sarukkai Chabria and Vandana Singh The author considers not only the evolution of science fiction writing in India but also discusses the use of innovations and unique themes including science fiction in different Indian languages the literary political and educational activism of the women writers and eco feminism and the idea of cloning in writing to argue that this genre could be viewed as a vibrant representation of freedom of expression and radical literature This ground breaking volume will be useful for scholars and researchers of English literature It will also prove a very useful source for further studies into Indian literature science and technology studies women's and gender studies comparative literature and cultural studies **Library of Congress Subject Headings** Library of Congress, 2005 Science Fiction in Translation Ian Campbell, 2022-01-01 Science Fiction in Translation Perspectives on the Global Theory and Practice of Translation focuses on the process of translation and its implications The volume explores the translation of works of science fiction SF from one language to another and the translation of SF tropes terms and ideas of SF theory into cultures outside the West Providing a comprehensive examination of the state of translation into English the essays consider how representative the body of translated work of SF is from the source language culture It also considers the social political and economic choices in selecting a work to translate The book illustrates the dramatic growth both in SF production outside the Anglosphere the translation of works from other languages into English and the practice of translating English language SF into other languages Altogether the essays map the theory practice and business of SF translation around the world **The Hachette Book of Indian Detective Fiction Volume 1**

Between the Headphones Budhaditya Chattopadhyay,2021-01-29 Sound is a new area of interest in the Arts and Humanities The study of sound in cinema has only recently been established in Film and Media Studies Furthermore so far attention has focused on Hollywood and European cinema in this regard Reading sound from other world cinemas particularly those from the global South remains underexplored As India is currently the world s largest producer of films with a formidable global presence this book bridges the gap with a collection of interviews introducing leading film industry sound practitioners from the subcontinent The book examines historical developments from the advent of the talkies to present day digital cinema productions providing an embodied understanding of the unique Indian film sound world with new perspectives on cinematic narration in the practitioner s own words

The Scientific Edge Jayant V Narlikar,2003-08-04 India has a rich history of scientific accomplishments In the fifth century nearly one millennium before Copernicus the Indian astronomer and mathematician Aryabhata theorized that the earth spins on its axis Likewise in the twentieth century physicist Meghnad Saha s ionization equation opened the door to stellar astrophysics But India s scientific achievements have occurred as flashes of brilliance rather than as a clear trajectory of progress So how did India with its historic university system and excellent observatories lose its scientific edge Cosmologist founder director of the Inter University Centre for Astronomy and Astrophysics and science fiction author Jayant V Narlikar tracks the highs and lows of Indian science across the millennia distinguishing fact from fiction Through a lively narrative of breakthroughs and failures he explores the glories of India s scientific advances and questions the more fanciful so called discoveries His essays are invigorated by his excitement for new findings and he argues passionately for preserving the true

scientific temperament instead of granting legitimacy to such pseudosciences as astrology Above all Narlikar raises issues that both the layperson and the scientist need to consider as India seeks to lead the world in information technology and biotechnology

World Literature Decentered Ian Almond, 2021-07-13 What would world literature look like if we stopped referring to the West Starting with the provocative premise that the West is ten percent of the planet *World Literature Decentered* is the first book to decenter Eurocentric discourses of global literature and global history not just by deconstructing or historicizing them but by actively providing an alternative Looking at a series of themes across three literatures Mexico Turkey and Bengal the book examines hotels melancholy orientalism femicide and the ghost story in a series of literary traditions outside the West The non West the book argues is no fringe group or token minority in need of attention on the contrary it constitutes the overwhelming majority of this world
