

Week 10

Structure of Literature Analysis

- Structure of Literature** After following the 7 steps below, you'll have the tools to write a literature analysis paper. (The 7 steps are in the next section.)
- Remember: Literature analysis is not just about understanding the text, but also about evaluating it and supporting your evaluation with evidence.

Structure of Literature Analysis

The structure of a literature analysis paper should follow the following steps:

1. **State your thesis** in the paragraph.
2. **Introduce the text** (author, title, context, etc.) and the author's purpose/argument.
3. **Introduce the text's main argument**.
4. **Present your evidence** (quotes, examples, etc.) and explain how it supports your thesis.
5. **Present your analysis** (how the text's argument is supported or refuted by your evidence).
6. **Present your conclusion** (what you have learned from the text and your analysis).

This structure is a general guideline. You may need to adjust it to fit the specific requirements of your assignment.

Example of a Literature Analysis

The structure of a literature analysis paper should follow the following steps: 1. **State your thesis** in the paragraph. 2. **Introduce the text** (author, title, context, etc.) and the author's purpose/argument. 3. **Introduce the text's main argument**. 4. **Present your evidence** (quotes, examples, etc.) and explain how it supports your thesis. 5. **Present your analysis** (how the text's argument is supported or refuted by your evidence). 6. **Present your conclusion** (what you have learned from the text and your analysis).

This structure is a general guideline. You may need to adjust it to fit the specific requirements of your assignment.

Example of a Literature Analysis

1. **State your thesis** in the paragraph.
2. **Introduce the text** (author, title, context, etc.) and the author's purpose/argument.
3. **Introduce the text's main argument**.
4. **Present your evidence** (quotes, examples, etc.) and explain how it supports your thesis.

Teaching Literature Rhetorically Jennifer Fletcher, 2023-10-10 English language arts teachers often find themselves defending their discipline and the practical values it has When will I read this again is an all too common question heard in classrooms Author Jennifer Fletcher faced the same questions and more In *Teaching Literature Rhetorically Transferable Literacy Skills for 21st Century Students* she shows you how to help your students develop transferable literacy skills that allow them to succeed not just in their English language arts classes but in their future lives and careers The book is built around eight high utility literacy skills and practices that will help students communicate effectively and with confidence as they navigate important transitions in their lives Integrating skills and knowledge from texts Reading closely and critically Assessing rhetorical situations Negotiating different perspectives Developing and supporting a line of reasoning Analyzing genres Communicating with self and others in mind Reading and writing with passion *Teaching Literature Rhetorically* offers readers writing prompts readings discussion questions graphic organizers as well as examples of student work and activities for helping students to understand key rhetorical concepts As Fletcher writes in her introduction rhetorical thinking promotes the transfer of learning the single most important goal we can have as teachers if we hope to have a positive impact on our students lives This book will help teachers everywhere do just that *Tracing Paradigms: One Hundred Years of Neophilologus* Rolf H. Bremmer Jr, Thijs Porck, Frans Ruiter, Usha Wilbers, 2016-09-27 This volume brings together a

selection of pivotal articles published in the hundred years since the launch of the journal *Neophilologus*. Each article is accompanied by an up to date commentary written by former and current editors of the journal. The commentaries position the articles within the history of the journal in particular and within the field of Modern Language Studies in general. As such this book not only outlines the history of a scholarly journal but also the history of an entire field. Over the course of its first one hundred years 1916 to 2016 *Neophilologus*, An International Journal of Modern and Mediaeval Language and Literature has developed from a modest quarterly set up by a group of young and ambitious Dutch professors as a platform for their own publications to one of the leading international journals in Modern Language Studies. Although *Neophilologus* has remained broad in scope multilingual and multidisciplinary it has witnessed dramatic changes in its long standing history: paradigm shifts, the rise and fall of literary theories, methods and sub disciplines as has the field of Modern Language Studies itself. *Literature, Videogames and Learning* Andrew Burn, 2021-06-29

This innovative book explores links between literature and videogames and how designing and playing games can transform our understanding of literature. It shows how studying literature through the lens of videogames can provide new insights into narrative and creative engagement with the text. The book sets out theories of narrative aesthetics and multimodality in literature and videogames alongside models of literacy needed for such cultural and creative engagement. It goes on to examine game adaptations of children's literature and a series of videogames made by students based on *Beowulf* and *Macbeth*. In each case the book considers ways in which the original text has been transformed by the process of game design and what fresh light this casts on the literary narrative. It also considers what kind of learning, creative production and cultural engagement is apparent in the game designs and emphasises the importance of treating games as a narrative medium in their own right. With a unique approach to the aesthetics of narrative in literature and videogames the book will be of great interest to researchers, academics and post graduate students in the fields of literature, pedagogy and game studies. *Grammardog Guide to The Turn of the Screw*

Mary Jane McKinney, 2009-02-15. *Grammardog Teacher's Guide* contains 16 quizzes for this short story. All sentences are from the story. Figurative language includes: long slumbering hospitality seemed to be easily awakened; the sharp dry twigs caught and held her and scratched her like talons; The old pine must have loved his new dependent; the great world for the first time puts out a hand to her; the murmur of the pine's green branches is in her ears; there was the huge tree asleep yet in the paling moonlight. *Literature* Prentice-Hall Staff, 2001-11

Text and Tradition in Performance and Writing Richard A. Horsley, 2013-11-05. Embedded in modern print culture, biblical scholars have been projecting the assumptions and concepts of print culture onto the texts they interpret. In the ancient world from which those texts originate, however, literacy was confined to only a small number of educated scribes. And as recent research has shown, even the literate scribes learned texts by repeated recitation while the nonliterate ordinary people had little if any direct contact with written scrolls. The texts that had taken distinctive form moreover were embedded in a broader and deeper cultural repertoire cultivated orally in village

communities as well as in scribal circles Only recently have some scholars struggled to appreciate texts that later became biblical in their own historical context of oral communication Exploration of texts in oral performance whether as scribal teachers instruction to their prot g s or as prophetic speeches of Jesus of Nazareth or as the performance of a whole Gospel story in a community of Jesus loyalists requires interpreters to relinquish their print cultural assumptions Widening exploration of texts in oral performance in other fields offers exciting new possibilities for allowing those texts to come alive again in their community contexts as they resonated with the cultural tradition in which they were embedded

Educational Advisory Manual United States. War Department. Information and Education Division,1945 **Literary Theory: The Basics** Hans Bertens,2024-06-28 Now in its fourth edition Literary Theory The Basics is an essential guide to the complicated and often confusing world of literary theory Readers will encounter a broad range of topics from Marxist and feminist criticism to postmodernism queer studies and ecocriticism Literary Theory The Basics shows in an always lucid and accessible style how literary theory and practice are connected and considers key theories and approaches including humanist criticism structuralist and poststructuralist theory postcolonial theory posthumanism ecocriticism and animal studies digital humanities and print culture studies Literary theory has much to say about the wider world of humanities and beyond and this guide helps readers to approach the many theories and debates with confidence Expanded with updates throughout this is the go to guide for understanding literary theory today *Omnibus II* Douglas Wilson,G. Tyler Fischer,2005-12 **Textual Reception and Cultural Debate in Medieval English Studies** María José Esteve Ramos,2018-11-27 This book is a rigorous and broad update of the state of the art in the investigation of Old and Middle English The volume written by some of the best known experts in this field addresses different issues such as etymology manuscript sources and medieval literary traditions among others Its contents will be particularly useful for those interested in the different perspectives of current research in the field exhorting the reader to consider the relationship of the medieval textual heritage and language with both its contemporary medieval audience and the readers of the 21st century This book will appeal to specialists in Old and Middle English language and literature and also to university students In contrast with monographs which focus on a specific aspect these essays allow a broader panorama of what is being done and the approaches currently being used **European Writers** George Stade,1992 Sixty eight unabridged essays based on the most studied European authors and themes *Techniques of Description* Gwyneth Fox,Michael Hoey,John M. Sinclair,2004-01-14 This book is a tribute to Malcolm Coulthard who has been remarkably active and influential across a wide range of English Language Studies He is particularly well known for his pioneering work in spoken and written discourse analysis and most recently for his work in forensic linguistics This collection of specially commissioned state of the art pieces by leading international linguists is dedicated to the man and his achievements and provides a showcase for the most exciting developments in applied discourse studies All the papers share common assumptions about language study that

descriptions should be data based data tested and replicable The collection as a whole contains original and important new research on descriptions with intriguing applications to forensic gender and literary studies **The Saturday Review of Politics, Literature, Science and Art** ,1858 **Saturday Review of Politics, Literature, Science and Art** ,1898 *An introduction to the Elements of Euclid, being a familiar explanation of the first twelve propositions of the first book* Stephen Thomas Hawtrey,1878 **The Saturday Review of Politics, Literature, Science, Art, and Finance** ,1892

Literature and Language Teaching Gillian Lazar,1993-01-28 Literature and Language Teaching is for teachers and trainers who want to incorporate literature into the language classroom The book can be used as a resource by trainers working with groups of teachers by teacher development groups or by teachers working on their own Literature and Language Teaching contains tasks and activities which encourage reflection on some of the issues and debates involved in using literature in the language classroom explore different approaches to using literature with teenage and adult learners at all levels suggest criteria for selecting and evaluating materials for classroom use identify some of the distinctive features of novels short stories poems and plays so that these can be successfully exploited in the classroom provide a wide range of practical ideas and activities for developing materials which teachers can use with their own learners encourage the observation and assessment of lessons using literacy texts draw on literary texts in English by a variety of authors from all over the world Each section of the book is designed to be self contained so that users of the book can select what is most relevant to their purpose A key to the tasks and activities is provided as well as guidelines for teacher trainers which suggest different ways of using the activities in the book as part of a training programme **Essays in the Numerical Criticism of Medieval Literature** Caroline D. Eckhardt,1979 The essays in this collection are attempts to understand medieval aesthetic principles and products not to champion the numerical approach All the essays share a confidence that when Chaucer for example wrote *alle thynges been ordeyned and nombred* he was enunciating a philosophical and aesthetic principle of fundamental importance to medieval thought
