and adventurous couple who have discovered how to continue this lifestyle even through the onslaught of Andy's Parkinson's disease. In *Your Wildest Dreams*, Heath offers a unique and intimate view into their unconventional choices and ways of living. Through examining their own life experiences which have included both the exotic and the mundane, strategies emerge for living well in all circumstances. For example, they traveled to India to work at an orphanage where they built a 125-foot suspension bridge. Another time in their life, they sailed a thirty-seven-foot trimaran sailboat across the Gulf of Mexico through a major storm. When faced with Parkinson's lessons from these experiences buoyed them. When their art business began to fail or when the fidelity of their marriage was tested, more approaches emerged. Lessons are learned that translate directly when faced with the reality of living with an incurable disease.

In My Wild Dream Sasha Lord, 2007-02-06 She is Cassandra, a wild child raised in a magical forest, a fey dreamer who is innocent of society's rules and too reckless to follow them anyway. In her nighttime visions, she sees a powerful Scottish laird with whom she is destined to share a passionate bond if she can save him from a hooded murderer. For him, she will travel to the king's court, risking ridicule and confronting treachery in her quest to claim the man of her dreams. He is Cadedryn, battle-hardened and emotionally scarred, a man driven to regain the title and honor his father threw away in the name of love. No redheaded firebrand will stop him from making a favorable political marriage for himself, no matter how persistent her warnings or how irresistible her allure. But when Cassandra's dire predictions begin to come true, Cadedryn must face the truth that violence threatens him on all sides, and Cassandra holds the key to both his survival and his every chance for happiness.

Wild Life Jackson Whitman, 2021-08-09 This book is a compendium of short stories and excerpts of personal journal entries from the life of Jack Whitman, a wildlife biologist who spent fifty years in some of the wildest places that remain on this earth. It is about his love of those places and the wild inhabitants with which he shared those lands. It is about a deep devotion towards understanding the ecology of predators and their prey, and with that knowledge, greater respect and better management of those natural resources. It is about his gratitude for living modestly and pushing life to the limits. It will make you laugh. It will make you cry.
