Shawnee legend tells of a herd of huge bison rampaging through the Ohio Valley laying waste to all in their path To protect the tribe a deity slew these great beasts with lightning bolts finally chasing the last giant buffalo into exile across the Wabash River never to trouble the Shawnee again The source of this legend was a peculiar salt lick in present day northern Kentucky where giant fossilized skeletons had for centuries lain undisturbed by the Shawnee and other natives of the region In 1739 the first Europeans encountered this fossil site which eventually came to be known as Big Bone Lick The site drew the attention of all who heard of it including George Washington Daniel Boone Benjamin Franklin Meriwether Lewis and William Clark and especially Thomas Jefferson The giant bones immediately cast many scientific and philosophical assumptions of the day into doubt and they eventually gave rise to the study of fossils for biological and historical purposes Big Bone Lick The Cradle of American Paleontology recounts the rich history of the fossil site that gave the world the first evidence of the extinction of several mammalian species including the American mastodon Big Bone Lick has played many roles nutrient source hallowed ground salt mine health spa and a rich trove of archaeological and paleontological wonders Natural historian Stanley Hedeon presents a comprehensive narrative of Big Bone Lick from its geological formation forward explaining why the site attracted animals regional tribespeople European explorers and scientists and eventually American pioneers and presidents Big Bone Lick is the history of both a place and a scientific discipline it explores the infancy and adolescence of paleontology from its humble and sometimes humorous beginnings Hedeon combines elements of history geology politics and biology to make Big Bone Lick a valuable historical resource as well as the compelling tale of how a collection of fossilized bones captivated a young nation *AMERIKANISCHE UMGANGSSPRACHE UND SLANG* Eddy Keymolen, 2020 Glossar der amerikanischen Umgangssprache und Slang Sie werden feststellen dass dieses Buch keine langweilige Aufzählung von Worten ist sondern im Gegenteil ein angenehmes lesbares oft komisches Buch ist Slang ist meistens vulgär sogar beleidigend aber auch oft witzig Sie werden bestimmt nicht einschlafen Der Leser Zielpublikum die Jugend von 16 bis 86 Jahre wird dieses Buch nach Wahl und nach Bedarf benutzen **Romance with Voluptuousness** Kamille Gentles-Pearl, 2016-10 Offering a unique vantage point from which to view black women's body image and Caribbean migration Romance with Voluptuousness illuminates how first and second generation immigrant black Caribbean women

engage with a thick body aesthetic while living in the United States Using personal accounts Romance with Voluptuousness examines the ways in which black women with heritage in the English speaking Caribbean participate in perpetuate and struggle with the voluptuous beauty standard of the black Caribbean while living in the hegemony of thinness cultivated in the United States It highlights how black Caribbean women negotiate issues of body image deriving from both Caribbean and American pressures to maintain a particular body shape and contend with discourses and practices surrounding the body that aim to marginalize and exclude them from economic social and political spaces By focusing on diasporic Caribbean women s romance with voluptuousness Kamille Gentles Peart explores the transnational flow of beauty ideals and examines how ideas about beauty in the Caribbean diaspora help to shape the experiences of Caribbean black women in the United States

Dogs at Large Daniel Rose, 2018-05-10 Dogs at Large weaves together the struggles of two women as they confront the slings and arrows of our Matrixed world Because they live in the information age they have turned to the Internet for guidance with their current conflicts Here they discover a double edged sword for although information may be powerful too much can be overwhelming They soon realize that a fine line exists in cyberspace ranging from the usual array of charlatans and false prophets to a remarkable community of like minded people whose goal is to save the planet It is to the later that this book is dedicated On one level this is a story about how we go to bat for what we love the most On another it is as multi dimensional as the changes that are in store for the human race To sum it all up God is truly alive magic is truly afoot

Fatness and the Maternal Body Maya Unnithan-Kumar, Soraya Tremayne, 2011-07-01 Obesity is a rising global health problem On the one hand a clearly defined medical condition it is at the same time a corporeal state embedded in the social and cultural perception of fatness body shape and size Focusing specifically on the maternal body contributors to the volume examine how the language and notions of obesity connect with or stand apart from wider societal values and moralities to do with the body fatness reproduction and what is considered natural A focus on fatness in the context of human reproduction and motherhood offers instructive insights into the global circulation and authority of biomedical facts on fatness as risky anti fit for example As with other social and cultural studies critical of health policy discourse this volume challenges the spontaneous connection being

made in scientific and popular understanding between fatness and ill health **PONS Wörterbuch für Schule und Studium** ,2005 **Riding Through Thick and Thin** Melinda Folse,2016-03-01 Many if not most women have been locked in a battle with their bodies for as long as they can remember And when it comes to riding horses they drag their arsenal of self doubt with them every time they step into the saddle Some quit riding completely Others ride but are frustrated by their lack of progress as riders or what they see as poor performance They succumb to silent self torment as they wonder how they look what others think and whether they have any business on the back of a horse if their jeans feel a little too tight Regardless of seat size riding discipline or the degree or even truth of the body issues with which they struggle the scars on female self image in our society run deep and wide So with the humor and big sisterly swagger that readers and reviewers have come to love Melinda Folse author of bestseller *The Smart Woman's Guide to Midlife Horses* has decided to step in with a delightful insightful fulfilling new book *Riding Through Thick and Thin* delves to the bottom of the issues that have long held women hostage bringing together experts research resources and stories to encourage inspire and empower Readers will find some answers that may surprise them Believe it or not this is not about losing weight or getting fit although if that's a point of interest there's a section packed with helpful tools and ideas This book is more about what's going on in every woman's mind and it taps new findings in neuroscience to reveal that permanent change to deeply ingrained body image issues is not only possible but it may be much easier than we think
