*All Politics Is Local* Meaghan Winter, 2019-10-01

Democrats have largely ceded control of state governments to the GOP allowing them to rig our political system and undermine democracy itself After the 2016 election Republicans had their largest majority in the states since 1928 controlling legislative chambers in thirty two states and governor offices in thirty three They also held both chambers of

Congress and the presidency despite losing the popular vote What happened Meaghan Winter shows how the Democratic Party and left leaning political establishment have spent the past several decades betting it all on the very risky and increasingly foolhardy strategy of abandoning the states to focus on federal races For the American public the fallout has been catastrophic At the behest of their corporate patrons Republican lawmakers have diminished employee protections and healthcare access and thwarted action on climate change Voting rights are being dismantled and even the mildest gun safety measures are being blocked Taking us to three key battlegrounds in Missouri Florida and Colorado Winter reveals that robust state and local politics are the lifeblood of democracy and the only lasting building block of political power **The**

**Spirit of Compromise** Amy Gutmann,Dennis Thompson,2014-04-27 Why compromise is essential for effective government and why it is missing in politics today To govern in a democracy political leaders have to compromise When they do not the result is political paralysis dramatically demonstrated by the gridlock in Congress in recent years In The Spirit of Compromise eminent political thinkers Amy Gutmann and Dennis Thompson show why compromise is so important what stands in the way of achieving it and how citizens can make defensible compromises more likely They urge politicians to focus less on campaigning and more on governing In a new preface the authors reflect on the state of compromise in Congress since the book s initial publication Calling for greater cooperation in contemporary politics The Spirit of Compromise will interest everyone who cares about making government work better for the good of all **Independent**

**Politics** Samara Klar,Yanna Krupnikov,2016-01-19 The number of independent voters in America increases each year yet they remain misunderstood by both media and academics Media describe independents as pivotal for electoral outcomes Political scientists conclude that independents are merely undercover partisans people who secretly hold partisan beliefs and are thus politically inconsequential Both the pundits and the political scientists are wrong argue the authors They show that many Americans are becoming embarrassed of their political party They deny to pollsters party activists friends and even themselves their true partisanship instead choosing to go undercover as independents Independent Politics demonstrates that people intentionally mask their partisan preferences in social situations Most importantly breaking with decades of previous research it argues that independents are highly politically consequential The same motivations that lead people to identify as independent also diminish their willingness to engage in the types of political action that sustain the grassroots movements of American politics **How Do I Become The President Of My Country?** Farah Sepanlou,2024-09-30
