those is very important Many couples when divorced they still love each other the root cause was that they forgot how to
maintain the passion With that in mind I since 1986 I have been writing about tools or behavior that singles or couples could
improve their relationship Since their teenager phase most of people are prepared to conquer your love pre sales but they do
not know how to maintain it after sales With this I hope you enjoy and use those tools I selected in this book Of course each
couple do not need just erotic or sensuality but it is very important Other tools will be published by myself in other books For

this time just relax talk and touch a lot your love partner
