*Displacement, Emplacement, and Migration* Chowdhury, Touhid Ahmed, 2024-03-18      **The UN Community Liaison Assistants and the Politics of Translation** Victoria Motta de Lamare França, 2024-08-01 This book explores how the United Nations UN attempts to stabilise and justify an ambivalent meaning of protection and its socio political roles in the Protection of Civilians agenda Negotiating between different notions of translation the research takes the Community Liaison Assistants CLAs as an analytical prism to complexify the efforts to construct representations of protection Created alongside the United Nations Stabilisation Mission in the Democratic Republic of the Congo MONUSCO the CLAs are local staff tasked with improving the mission's engagement with the local population given their supposed linguistic cultural skills The CLAs are also part of the stabilisation turn in UN doctrine adhering to counterinsurgency tactics and instrumentalising language and culture to obtain intelligence and support of the local population Following a poststructuralist and postcolonial approach inspired mainly by the works of Jacques Derrida and Homi Bhabha this book proposes deconstructing the representations applied to the CLAs by analysing the discourses presented in the UN reports and doctrinal documents      **Translation and Circulation of Migration Literature** Stephanie Schwerter, Katrina Brannon, 2022-07-22 In the field of Translation Studies no book length work in English has yet been dedicated to the translation and circulation of migration literature The authors of this volume seek to contribute to filling this gap through a detailed study of texts belonging to a variety of literary genres and engaging with the phenomenon of migration in different parts of the world Not only will the challenges met by translators be discussed but the different ways in which the translated texts travel from one cultural sphere to another will also be explored The focus lies on the themes migration and politics migration and society as well as the experience of migration in words music and images      The Films and Videos of Jamelie Hassan [Deluxe] Julian Jason Haladyn, Miriam Jordan, 2010-11-01 Published as part of The Films and Videos of Jamelie Hassan the first curated project to bring together and examine Hassan's use of moving image art forms this richly illustrated book represents an important new avenue of research into one of Canada's most prominent artists The catalogue examines in detail nine films and videos produced by Hassan over her career These films and videos are discussed and contextualized within Hassan's artistic practice through a series of texts including an introduction by Julian Jason Haladyn two major essays by Laura U Marks and Miriam Jordan along with an opening statement by the artist as well as extensive visual documentation relating these works to the installations or projects from which they are derived The Films and Videos of Jamelie Hassan is published by PLATFORM Centre for Photographic and Digital Arts and Art Gallery of Windsor in association with Blue Medium Press      *Translating Egypt's Revolution* Samia Mehrez, 2012-05-01 This unique interdisciplinary collective project is the culmination of research and translation work conducted by American University in Cairo students of different cultural and linguistic backgrounds who continue to witness Egypt's ongoing revolution This historic event has produced an unprecedented proliferation of

political and cultural documents and materials whether written oral or visual Given their range different linguistic registers and referential worlds these documents present a great challenge to any translator The contributors to this volume have selectively translated chants banners jokes poems and interviews as well as presidential speeches and military communications Their practical translation work is informed by the cultural turn in translation studies and the nuanced role of the translator as negotiator between texts and cultures The chapters focus on the relationship between translation and semiotics issues of fidelity and equivalence creative transformation and rewriting and the issue of target readership This mature collective project is in many ways a reenactment of the new infectious revolutionary spirit in Egypt today *Migrant Aesthetics* Glenda R. Carpio, 2023-10-31 Co winner 2024 Matei Calinescu Prize Modern Language Association By most accounts immigrant literature deals primarily with how immigrants struggle to adapt to their adopted countries Its readers have come to expect stories of identity formation of how immigrants create ethnic communities and maintain ties to countries of origin Yet such narratives can center exceptional stories of individual success or obscure the political forces that uproot millions of people the world over Glenda R Carpio argues that we need a new paradigm for migrant fiction *Migrant Aesthetics* shows how contemporary authors Teju Cole Dinaw Mengestu Aleksandar Hemon Valeria Luiselli Julie Otsuka and Junot Diaz expose the historical legacies and political injustices that produce forced migration through artistic innovation Their fiction rejects the generic features of immigrant literature especially the acculturation plot and the use of migrant narrators as cultural guides who must appeal to readerly empathy They emphasize the limits of empathy insisting instead that readers recognize their own roles in the realities of migration which like climate change is driven by global inequalities Carpio traces how these authors create literary echoes of the past showing how the history of neo colonialism links distinct immigrant experiences and can lay the foundation for cross ethnic migrant solidarity Revealing how migration shapes and is shaped by language and narrative *Migrant Aesthetics* casts fiction as vital testimony to past and present colonial imperial and structural displacement and violence A Guide to Latin American, Caribbean and U.S. Latino Made Film and Video Karen Ranucci, Julie Feldman, 1998-11-05 This unique directory helps educators media users and researchers locate over 400 films and videos made by Latin American and Latino film video makers that are available in the United States It provides descriptions of these works from a U S user's point of view
