Hood An Urban Erotic Tale Noire:

Hood Noire, 2007-08-07 From a rough childhood to the number one spot in one of Brooklyn's most lucrative drug empires Lamont Mason has learned one lesson Ain't no need in looking over your shoulder in this game Because your real enemies ain't aiming at your back They lunging straight for your heart Lamont Hood Mason is a fearless nineteen year old gangsta who was born and raised in the projects of Brooklyn New York He was an abandoned child who roamed the cold city streets and fought hard for survival The only thing constant in his young life was the safety of a Brownsville barbershop owned by a father figure called Fat Daddy The barbershop is where Hood comes of age but cutting hair isn't the only thing Fat Daddy has going on His daughter Egypt is the love of Hood's young life and the one person whose dreams of a stable future can lead him off the grimy urban corners and out of the hustling life But when Fat Daddy gets caught slippin and crosses paths with Xanbar a notoriously brutal drug kingpin his vices threaten to bring death down on the family Hood loves In an effort to protect his own Hood and his best friend and hustling partner Dreko take to the streets on a bloody mission that doesn't go exactly as planned Hood returns to find his world turned upside down by a wave of sex violence and betrayal No longer the starving kid on the street he's now a man seeking vengeance and retribution and he might be forced to choose between bending or breaking as he picks up the shattered pieces of his life one by one *Erotic Revolutionaries* Shayne

Lee, 2010-08-04 Why is there no pro sex contingency in black feminist scholarship Why do so few African American scholars expound on issues celebrating female sexual pleasure Perhaps the answers to these questions reside within a discursive matrix of sexual repression commonly referred to as the politics of respectability and its rein on black sexual politics In *Erotic Revolutionaries Black Women Sexuality and Popular Culture* sociologist Shayne Lee steers black sexual politics toward a more sex positive trajectory Introducing feminist analysis to a conceptual ménage trois of scripting theory media representation and black sexual politics Lee considers the ways in which the feminist quest for social and sexual equality can delve into popular culture to see the production of subversive scripts for female sexuality and erotic agency Whereas most feminist scholarship underscores how sexual representations of black women in media are exploitative and problematic Lee portrays black female celebrities like Janet Jackson Beyoncé Karrine Steffans Zane Tyra Banks Juanita Bynum Sheryl Underwood and many more as feminists of sorts who afford women access to cultural tools to renegotiate sexual identity and celebrate sexual agency and empowerment *Erotic Revolutionaries* navigates the uncharted spaces where social constructionism third wave feminism and black popular culture collide to locate a new site for sexuality studies that is theoretically innovative politically subversive and stylistically chic **Patterns in Language and Linguistics** Beatrix

Black Female Sexualities Trimiko Melancon, Joanne M. Braxton, 2015-01-26

Western culture has long regarded black female sexuality with a strange mix of fascination and condemnation associating it with everything from desirability hypersexuality and liberation to vulgarity recklessness and disease Yet even as their bodies and sexualities have been the subject of countless public discourses black women's voices have been largely marginalized in these discussions In this groundbreaking collection feminist scholars from across the academy come together to correct this omission illuminating black female sexual desires marked by agency and empowerment as well as pleasure and pain to reveal the ways black women regulate their sexual lives The twelve original essays in Black Female Sexualities reveal the diverse ways black women perceive experience and represent sexuality The contributors highlight the range of tactics that black women use to express their sexual desires and identities Yet they do not shy away from exploring the complex ways in which black women negotiate the more traumatic aspects of sexuality and grapple with the legacy of negative stereotypes Black Female Sexualities takes not only an interdisciplinary approach drawing from critical race theory sociology and performance studies but also an intergenerational one in conversation with the foremothers of black feminist studies In addition it explores a diverse archive of representations covering everything from blues to hip hop from Crash to Precious from Sister Souljah to Edwidge Danticat Revealing that black female sexuality is anything but a black and white issue this collection demonstrates how to appreciate a whole spectrum of subjectivities experiences and desires

The Coupling Convention : Sex, Text, and Tradition in Black Women's Fiction Ann duCille Associate Professor of English and African American Studies

Wesleyan University, 1993-10-19 What does the tradition of marriage mean for people who have historically been deprived of its legal status Generally thought of as a convention of the white middle class the marriage plot has received little attention from critics of African American literature In this study Ann duCille uses texts such as Nella Larsen's Quicksand 1928 and Zora Neale Hurston's Their Eyes Were Watching God 1937 to demonstrate that the African American novel like its European and Anglo American counterparts has developed around the marriage plot what she calls the coupling convention Exploring

the relationship between racial ideology and literary and social conventions duCille uses the coupling convention to trace the historical development of the African American women's novel She demonstrates the ways in which black women appropriated this novelistic device as a means of expressing and reclaiming their own identity More than just a study of the marriage tradition in black women's fiction however *The Coupling Convention* takes up and takes on many different meanings of tradition It challenges the notion of a single black literary tradition or of a single black feminist literary canon grounded in specifically black female language and experience as it explores the ways in which white and black male and female mainstream and marginalized traditions and canons have influenced and cross fertilized each other Much more than a period study *The Coupling Convention* spans the period from 1853 to 1948 addressing the vital questions of gender subjectivity race and the canon that inform literary study today In this original work duCille offers a new paradigm for reading black women's fiction

Black Professional Women in Recent American Fiction Carmen Rose Marshall, 2015-01-24 The last three decades of

the 20th century have marked the triumph of many black professional women against great odds in the workplace. Despite their success, few novels celebrate their accomplishments. Black middle class professional women want to see themselves realistically portrayed by protagonists who work to achieve significant productivity and visibility in their careers, desire stability in their personal lives, aspire to accrue wealth and live elegantly though not consumptively. The author contends that most recent American realistic fiction fails to represent black professional women protagonists performing their work effectively in the workplace. Identifying the extent to which contemporary novels satisfy the readerly desires of black middle class women readers, this book investigates why the readership wants the texts as well as what they prefer in the books they buy. It also examines the technical and cultural factors that contribute to the lack of books with self-empowered black professional female protagonists and considers *The Salt Eaters* by Toni Cade Bambara and *Waiting to Exhale* by Terry McMillan, two novels that function as significant markers in the development of contemporary black women writers' texts.

Book jacket **Black Women, Cultural Images and Social Policy**, *Experimental Subjectivities in Global Black Women's Writing* Sheldon George, Jean Wyatt, 2024-08-22 In what innovative ways do novels by diasporic Black women writers experiment with the representation of Black subjectivity? This collection explores the inventiveness of contemporary Black women writers: Black British, African Caribbean, African American, who remake traditional understandings of blackness. As the title word 'experimental' signals, these essays foreground the narrative form and stylistic innovations of the black-authored novels they analyze. They also show how these experiments with form mirror the novels' convention-breaking experiments with reimagining Black female subjectivities. While each novel, of course, represents the complexities of diasporic experiences differently, some issues emerge that are broadly shared, not just within a regional group but across geographical borders. One feature of the collection is a comparative look at such linking themes.

across borders under the rubrics a return to precolonial systems of belief reinventions of mothering relational subjectivities memory history and haunting and posthumanist revaluations These themes take different shapes across the multitude of diverse cultures studied in this book But together they establish a pan global imaginative practice *From Jim Crow to Jay-Z* Miles White, 2011-11-01 This multilayered study of the representation of black masculinity in musical and cultural performance takes aim at the reduction of African American male culture to stereotypes of deviance misogyny and excess Broadening the significance of hip hop culture by linking it to other expressive forms within popular culture Miles White examines how these representations have both encouraged the demonization of young black males in the United States and abroad and contributed to the construction of their identities *From Jim Crow to Jay Z* traces black male representations to chattel slavery and American minstrelsy as early examples of fetishization and commodification of black male subjectivity Continuing with diverse discussions including black action films heavyweight prizefighting Elvis Presley's performance of blackness and white rappers such as Vanilla Ice and Eminem White establishes a sophisticated framework for interpreting and critiquing black masculinity in hip hop music and culture Arguing that black music has undeniably shaped American popular culture and that hip hop tropes have exerted a defining influence on young male aspirations and behavior White draws a critical link between the body musical sound and the construction of identity *American While Black* Niambi Michele Carter, 2019 At the same time that the Civil Rights Movement brought increasing opportunities for blacks the United States liberalized its immigration policy While the broadening of the United States's borders to non European immigrants fits with a black political agenda of social justice recent waves of immigration have presented a dilemma for blacks prompting ambivalent or even negative attitudes toward migrants What has an expanded immigration regime meant for how blacks express national attachment In this book Niambi Michele Carter argues that immigration both historically and in the contemporary moment has served as a reminder of the limited inclusion of African Americans in the body politic As Carter contends blacks use the issue of immigration as a way to understand the nature and meaning of their American citizenship specifically the way that white supremacy structures and constrains not just their place in the American political landscape but their political opinions as well White supremacy gaslights black people and others into critiquing themselves and each other instead of white supremacy itself But what may appear to be a conflict between blacks and other minorities is about self preservation Carter draws on original interview material and empirical data on African American political opinion to offer the first theory of black public opinion toward immigration
