Hull,2014-07-28 The Tactile Heart is a collection of theological essays on relating blindness and faith and developing a theology of blindness that makes a constructive contribution to the wider field of disability theology John Hull looks at key texts in the Christian tradition such as the Bible written as a text for sighted people and at hymns which often use blindness as a metaphor for ignorance and explores how these can be read by blind people **A**

congregational psalm chanting in late Georgian York Whatever the topic Temperley takes a fresh approach based on careful research while refusing to adopt artistic or religious preconceptions *Healing Liturgies for the Seasons of Life* Abigail Rian Evans, 2004-01-01 Are you looking for a new way to renew your worship respond to the needs of the church and community and connect with people in their passage of life both chronological and crisis This book offers a rich resource to you both as a tool for worship and also devotionally as you face the deepest questions of life Here you will find one way that the church can renew and rediscover its healing ministry Abigail Evans a leading specialist in bioethics and health ministries explores how God's gift of healing is available during all seasons of a person's life and how the power of hope and healing are affirmed and redirected through liturgical services sacraments and rites This distinctive resource features specific healing liturgies for injury illness death separation retirement and a host of other major life events from a wide variety of religious traditions

Two Poets of the Oxford Movement Rodney Stenning Edgecombe, 1996 John Keble and John Henry Newman both conceived poetry as the instrument of religious persuasion Keble through his *Christian Year* which although it antedated the movement was hailed as its Baptist cry and Newman through his more aggressive contributions to *Lyra Apostolica* A Dictionary of Hymnology, Setting Forth the Origin and History of Christian Hymns of All Ages and Nations, with Special Reference to Those Contained in the Hymn Books of English-speaking Countries ... John Julian, 1892 **Hymns and the Christian Myth** Lionel Adey, 2011-11-01 From its beginnings in the Bible Christian hymnology has fulfilled three functions praise recital and teaching of the Myth and collective and personal adoration as well as the foundation and worship of the church In *Hymns and the Christian Myth* Lionel Adey demonstrates that over the centuries shifts emphasizing particular elements of the Christian faith accord with the interests and concerns of the times in which the hymns were composed Using a broad range of texts Adey deals with major themes of every period from biblical times to the early twentieth century In tracing the changes in representation of the Father Son Holy Spirit and Four Last Things in early and medieval Latin hymns post Reformation chorales and psalm based hymns and English hymns from the time of Watts the book shows an increasing sense of personal response to the Incarnation and Passion of Christ and of participation in His redemptive work Chapters on hymnody of the Nativity and Passion illustrate the tendency of monastic poets the Learned tradition to focus on dogma mystery and paradox and carolists the Popular tradition to convey devotional tenderness Those on hymnody of the Holy Spirit illustrate a shift through the medieval period from representing pentecostal events to exploring their spiritual meaning During the Reformation and the Evangelical Revival the weight of hymnody shifts first to the Father and then to the Son's Passion and Atonement applied personally and inwardly re-lived by the convert Most consistently hymnic representations of the Last Things shift their focus from collective to individual judgement from death as sleep until the general awakening to death as instant passage to reunion with family and friends As a hymnologist rather than a theologian Adey makes no pronouncements on the truth of Christian beliefs His focus is on how poets have expressed them over two millennia As such
