Why I Am A Salafi:

Why I Am a Salafi Michael Muhammad Knight, 2015-08-11 The Salafi movement invests supreme Islamic authority in the precedents of the Salaf the first three generations of Muslims who represent a Golden Age from which all subsequent eras can only decline In *Why I Am a Salafi* Michael Muhammad Knight confronts the problem of origins questioning the possibility of accessing pure Islam through its canonical texts *Why I Am a Salafi* is also a confrontation of Knight's own origins as a Muslim Reconsidering Salafism Knight explores the historical processes that informed Islam as he once knew it having converted to a Salafi vision of Islam in 1994 In the decades since he has drifted away from Salafism in favor of an alternative Islam that celebrates the freaks misfits and heretical innovators What happens to Islam when everything's up for grabs and can anything go Islam allow space for reputedly intolerant Salafism In *Why I Am a Salafi* Knight explores not only Salafism's valorization of the origins but takes the Salafi project further than its advocates are willing to go and reflects upon the consequences of surrendering the origins forever [Why I Am a Salafi](#) Michael Knight, 2014

Menoret,2023-05-25 The inside story of political protest in Saudi Arabia on the ground in the suburbs and in the face of increasing state repression Graveyard of Clerics takes up two global phenomena intimately linked in Saudi Arabia urban sprawl and religious activism Saudi suburbia emerged after World War II as citizens fled crowded inner cities Developed to encourage a society of docile isolated citizens suburbs instead opened new spaces for political action Religious activists in particular turned homes schools mosques and summer camps into resources for mobilization With the support of suburban grassroots networks activists won local elections and found opportunities to protest government actions until they faced a new wave of repression under the current Saudi leadership Pascal Menoret spent four years in Saudi Arabia in the places where today s Islamic activism first emerged With this book he tells the stories of the people actively countering the Saudi state and highlights how people can organize and protest even amid increasingly intense police repression This book changes the way we look at religious activism in Saudi Arabia It also offers a cautionary tale the ongoing repression by Saudi elites achieved often with the complicity of the international community is shutting down grassroots political movements with significant consequences for the country and the world A distinguished ethnographer Pascal Menoret excavates the Islamic Awakening in Saudi Arabia with great empathy and understanding Once again he demonstrates his ability to penetrate a world often associated with radicalism bigotry intolerance and violence bringing us face to face with the men of the movement and their rise and demise in the Saudi state Madawi al Rasheed author of The Son King

The Experiences of Face Veil Wearers in Europe and the Law Eva Brems,2014-09-11 One of the most remarkable aspects pertaining to the legal bans and societal debates on the face veil in Europe is that they rely on assumptions which lack any factual basis To rectify this Eva Brems researched the experiences of women who wear a face veil in Belgium and brought her research results together with those of colleagues who did the same in four other European countries Their findings which are outlined in this volume move the current discussion on face veil bans forward by providing a much needed insider perspective In addition a number of legal and social science scholars comment on the empirical findings and on the face veil issue more generally

Dilemmas of Authenticity Zaid Adhami,2025-05-07 The past two decades have witnessed pervasive anxieties in US Muslim communities around a perceived crisis of faith As Zaid Adhami argues in this richly textured ethnography these concerns are fundamentally about the pressures and dilemmas of authenticity what it really means to be a Muslim While discussions about authenticity in Islam typically focus on maintaining tradition and competing claims to true Islam Adhami focuses instead on the powerful idea of being true to one s own self and what it means to have genuine belief Drawing on extensive conversations with American Muslims and careful readings of broader communal discourse Adhami shows that this drive for personal authenticity plays out in complicated ways It can produce deep doubt while also serving as the grounds to

affirm tradition It can converge with revivalist modes of piety but it can also prompt emphatic challenges to communal orthodoxies Through vivid storytelling and sensitive analysis Adhami illuminates why religious doubt is often a source of intense anxiety in today's world and how people maintain their faith despite such unsettling uncertainty **The**

(De)Legitimization of Violence in Sacred and Human Contexts Muhammad Shafiq, Thomas Donlin-Smith, 2021-01-21

This book provides a multidisciplinary commentary on a wide range of religious traditions and their relationship to acts of violence Hate and violence occur at every level of human interaction as do peace and compassion Scholars of religion have a particular obligation to make sense out of this situation tracing its history and variables and drawing lessons for the future From the formative periods of the religious traditions to their application in the contemporary world the essays in this volume interrogate the views on violence found within the traditions and provide examples of religious practices that exacerbate or ameliorate situations of conflict Salafi Ritual Purity Richard Gauvain, 2013 Since 9/11 Salafism has attracted a great deal

of attention from the world's media which predominantly focuses on its potential for revolutionary violence Salafism remains poorly understood both in Western media where it is now the focus of considerable debate and in Western academia where until recently it was virtually undiscussed In neither arena has a consensus emerged regarding what Salafism is or does This pioneering work fills this lacuna by redirecting the reader towards the sphere of ritual practice within which the discussions of contemporary Salafi scholars prove equally revolutionary Taking the theme of ritual purity *tahara* as the leitmotif of modern Salafism this work combines an analysis of key developments in ritual purity law with detailed ethnographic investigations into ritual purity behaviour in specific Cairene settings The author's research not only bridges the gap between anthropological and Islamicist approaches to Muslim ritual but highlights the variety of ideas and experiences that contribute to Egyptian Salafism today This book will be of interest to students of Islamic studies Anthropology Religious studies as well as Middle East studies in general
