Would You Kill The Fat Man By David Edmonds

Uwe Steinhoff

Would You Kill The Fat Man By David Edmonds:

Would You Kill the Fat Man? David Edmonds, 2013-10-06 From the bestselling coauthor of Wittgenstein's Poker a fascinating tour through the history of moral philosophy A runaway train is racing toward five men who are tied to the track Unless the train is stopped it will inevitably kill all five men You are standing on a footbridge looking down on the unfolding disaster However a fat man a stranger is standing next to you if you push him off the bridge he will topple onto the line and although he will die his chunky body will stop the train saving five lives Would you kill the fat man The question may seem bizarre But it's one variation of a puzzle that has baffled moral philosophers for almost half a century and that more recently has come to preoccupy neuroscientists psychologists and other thinkers as well In this book David Edmonds coauthor of the bestselling Wittgenstein's Poker tells the riveting story of why and how philosophers have struggled with this ethical dilemma sometimes called the trolley problem In the process he provides an entertaining and informative tour through the history of moral philosophy Most people feel it's wrong to kill the fat man But why After all in taking one life you could save five As Edmonds shows answering the question is far more complex and important than it first appears In fact how we answer it tells us a great deal about right and wrong **Gibt es "echte" moralische Dilemmata?** Alfred

Elsigan, 2025-04-14 Eine schwere Transportlok mit Bremsversagen rast auf eine Weiche zu Auf dem Hauptgeleise arbeiten fünf Personen auf dem Nebengeleise eine Person Soll der Fahrer auf das Nebengeleise umlenken sodass die fünf Arbeiter gerettet werden und nur ein Arbeiter ums Leben kommt In einer Umfrage entschied sich eine überwältigende Mehrheit intuitiv für das Umlenken zugleich aber ebenso deutlich dagegen einen dicken Mann von einer Brücke zu stoßen um so den Zug zu stoppen Was könnten die Gründe für diese unterschiedlichen Ergebnisse gewesen sein und wären diese Gründe ethisch zu rechtfertigen Im Zentrum dieser Untersuchung steht die Frage nach den Erscheinungsformen moralischer Dilemmata und vor allem die kontroverse Diskussion zur Fallstudie von Philippa Foot *Die aufgeregte Gesellschaft* Philipp

Hübl, 2019-03-25 Eine Gesellschaftsdiagnose aus philosophischer Sicht voller überraschender Erkenntnisse Konservative Landbewohner mögen Hunde moderne Städter lieber Katzen Wutbürger sind eigentlich Ekelbürger Angst macht nicht fremdenfeindlich Politische Korrektheit ist ein Erkennungszeichen für Gruppenzugehörigkeit Menschen leben dort streng religiös wo es viele Parasiten gibt Erkenntnisse wie diese präsentiert Philipp Hübl aus weltweiten wissenschaftlichen Untersuchungen Seine Erklärung lautet Emotionen prägen unsere moralische Identität und damit unsere politischen Präferenzen Zwischen Traditionalisten und Kosmopoliten verstärkt sich die Polarisierung wir leben in einer immer aufgeregteren Gesellschaft Dabei geht es um die Frage welche Werte ein gutes Leben ausmachen Die Bruchlinien verlaufen zwischen Alt und Jung Land und Stadt Auto und Fahrrad Tatort und Netflix Vergangenheit und Zukunft Wir sind der Aufregung aber nicht hilflos ausgeliefert sondern in der Lage selbst zu entscheiden nach welchen Werten wir leben wollen **The Ethical**

Detective Rachel Haliburton, 2018-02-28 Detective fiction and philosophy 3 4 moral philosophy in particular 3 4 may seem like

an odd combination Working within the framework offered by neo Aristotelian virtue ethics this book makes the case that moral philosophers ought to take murder mysteries seriously seeing them as a source of ethical insight and as a tool that can be used to spark the ethical imagination Detective fiction is a literary genre that asks readers to consider questions of good and evil justice and injustice virtue and vice and is consequently a profoundly and inescapably ethical genre Moreover in the figure of the detective readers are presented with an accessible role model who demonstrates the virtues of honesty courage and a commitment to justice that are required by those who want to live well as a virtue ethicist would understand it This book also offers a critique of contemporary moral philosophy and considers what features a neo Aristotelian conception of autonomy might display

The Principle of Double Effect David Černý, 2020-03-20 This book offers a comprehensive history of the principle of double effect and its applications in ethics Written from a non theological perspective it makes the case for the centrality of the double effect reasoning in philosophical ethics The book is divided into two parts The first part thoroughly examines the history of double effect reasoning The author s history spans from Thomas Aquinas s opera omnia to the modern and influential understanding of the principle known as proportionalism The second part of the book elucidates the principle and addresses various objections that have been raised against it including those that arise from an in depth discussion of the trolley problem Finally the author examines the role of intentions in ethical thinking and constructs a novel defense of the principle based on fine distinctions between intentions The Principle of Double Effect A History and Philosophical Defense will be of interest to scholars and advanced students working in moral philosophy the history of ethics bioethics medical ethics and the Catholic moral tradition

Rethinking Punishment Leo Zaibert, 2018-04-19 Rejecting traditional alternatives Leo Zaibert offers an original and refreshing approach to the age old problem of the justification of punishment

The Oxford Handbook of Montaigne Philippe Desan, 2016 Montaigne s Essays resemble a patchwork of personal reflections but they engage with questions that animate the human mind and tend to a single goal to live better in the present and to prepare for death For this reason Montaigne s thought and writings have been a subject of enduring interest across disciplines This Handbook brings together essays by prominent scholars that examine Montaigne s literary philosophical and political contributions and assess his legacy and relevance today in a global perspective It presents Montaigne s Essays not only in their historical context but also as a starting point for discussing issues that concern us today

Simulating Good and Evil Marcus Schulzke, 2020-09-17 Simulating Good and Evil shows that the moral panic surrounding violent videogames is deeply misguided and often politically motivated but that games are nevertheless morally important Simulated actions are morally defensible because they take place outside the real world and do not inflict real harms Decades of research purporting to show that videogames are immoral has failed to produce convincing evidence of this However games are morally important because they simulate decisions that would have moral weight if they were set in the real world Videogames should be seen as spaces in which players may experiment with moral reasoning strategies

without taking any actions that would themselves be subject to moral evaluation Some videogame content may be upsetting or offensive but mere offense does not necessarily indicate a moral problem Upsetting content is best understood by applying existing theories for evaluating political ideologies and offensive speech **Designed for Good** Kevin J. Brown,2016-06-01

In this Christian take on classical virtue ethics Kevin J Brown invites us to explore what it means to live the virtuous life and why that is so important Today the word virtue can sound legalistic or old fashioned but in the past it was used to describe the fullness of human excellence in accordance with God s design This book seeks to recapture that definition weaving in modern day examples from economics politics and pop culture to create a relevant framework that relates faith to

contemporary ethical questions **Tom Stoppard in Context** David Kornhaber,James N. Loehlin,2021-06-17 Tom Stoppard s work as a playwright and screenwriter has always been notable for mixing ideas with entertainment From the early success of *Rosencrantz and Guildenstern Are Dead* to masterpieces like *Arcadia* from radio plays about modern art to the Oscar winning screenplay for *Shakespeare in Love* Stoppard has challenged and delighted audiences with the intellectual and cultural richness of his writing *Tom Stoppard in Context* provides multiple perspectives on both the life and works of one of the most important modern playwrights This collection covers biographical and historical topics as well as the broad array of intellectual aesthetic and political concerns with which Stoppard has engaged More than thirty essays on subjects ranging from science to screenwriting help illuminate Stoppard s rich body of work **Self-Defense, Necessity, and Punishment**

Uwe Steinhoff,2019-10-08 This book offers a philosophical analysis of the moral and legal justifications for the use of force While the book focuses on the ethics self defense it also explores its relation to lesser evil justifications public authority the justification of punishment and the ethics of war Steinhoff s account of the moral use of force covers a wide range of topics including the nature of justification in general the precise elements of different justifications the logic of claim and liberty rights and of rights forfeiture the value of human life and its limits and the principles of reciprocity and precaution While the author s analysis is primarily philosophical it is informed by a metaethical stance that also places heavy emphasis on existing law and legal scholarship In doing so the book appeals to widely shared moral intuitions precepts and concepts grounded in criminal law *Self Defense Necessity and Punishment* offers the most comprehensive and systematic account of the ethics of self defense It will be of interest to scholars and graduate students working in applied ethics and moral philosophy

philosophy of law and political philosophy *The Oxford Handbook of Elizabeth Anscombe* Roger Teichmann,2022 Elizabeth Anscombe was one of the most important philosophers of the twentieth century as well as a friend pupil and the main translator of Ludwig Wittgenstein She wrote on a wide range of philosophical topics publishing a handful of books and a large corpus of articles in her lifetime This collection of twenty two essays on the philosophy of Elizabeth Anscombe by an international array of experts in the field covers intention ethical theory human life the first person and Anscombe on other philosophers *This is Technology Ethics* Sven Nyholm,2023-01-05 An approachable introduction to the philosophical study

of ethical dilemmas in technology In the Technology Age innovations in medical communications and weapons technologies have given rise to many new ethical questions Are technologies always value neutral tools Are human values and human prejudices sometimes embedded in technologies Should we merge with the technologies we use Is it ethical to use autonomous weapons systems in warfare What should a self driving car do if it detects an unavoidable crash Can robots have morally relevant properties This is Technology Ethics An Introduction provides an accessible overview of the sub field of philosophy that focuses on the ethical implications of new technologies Requiring no previous background in the subject this reader friendly volume explores ethical questions concerning artificial intelligence robots self driving cars brain implants social media and communication technologies and more Throughout the book clear and engaging chapters describe and discuss key discussions issues and themes while inviting readers to develop their own perspectives on a wide range of moral and ethical questions Discusses how various technologies influence and shape individuals and society both positively and negatively Illustrates how emerging technologies affect traditional ideas about ethics and human self understanding Addresses the ethical complications of creating technologies that may lead to morally problematic consequences Considers if the benefits of new technologies outweigh potential drawbacks such as how people interact online through social media Explores how established moral and ethical theories relate to new questions concerning advanced technologies Part of the popular This is Philosophy series published by Wiley Blackwell This is Technology Ethics An Introduction is a must read for undergraduate students taking a Technology Ethics course researchers in the field engineers technology professionals and general readers looking to learn more about the topic

Machiavelli's Legacy Timothy Fuller, 2015-10-28 Niccolo Machiavelli's *The Prince* is one of the most celebrated and notorious books in the history of Western political thought It continues to influence discussions of war and peace the nature of politics and the relation of private ethics to public duties Ostensibly a sixteenth century manual of instruction on certain aspects of princely rule and behavior *The Prince* anticipates and complicates modern political and philosophical questions What is the right order of society Can Western politics still be the model for progress toward peace and prosperity or does our freedom to create our individual purposes and pursuits undermine our public responsibilities Are the characteristics of our politics markedly different for better or for worse than the politics of earlier eras Machiavelli argues that there is no ideal transcendent order to which one can conform and that the right order is merely the one that has the capacity to persist over time *The Prince*'s emphasis on the importance of an effective truth over any abstract ideal marks it as one of the first works of modern political philosophy Machiavelli's *Legacy* situates Machiavelli in general and *The Prince* in particular at the birth of modernity Joining the conversation with established Machiavelli scholars are political theorists Americanists and international relations scholars ensuring a diversity of viewpoints and approaches Each contributor elucidates different features of Machiavelli's thinking from his rejection of classical antiquity and Christianity to his proposed dissolution of natural roles and hierarchies among human beings The

essays cover topics such as Machiavelli's vision for a heaven sent redemptive ruler of Italy an argument that Machiavelli accomplished a profoundly democratic turn in political thought and a tough minded liberal critique of his realistic agenda for political life resulting in a book that is in effect a spirited conversation about Machiavelli's legacy Contributors Thomas E Cronin David Hendrickson Harvey Mansfield Clifford Orwin Arlene Saxonhouse Maurizio Viroli David Wootton Catherine Zuckert

Intuitively Rational: How We Think and How We Should Andrew McGee, Charles Foster, 2024-04-08 This book is about the respective roles of intuition and reasoning in ethics It responds to a number of well known philosophers and psychologists and proposes a new perspective radical in its moderation It examines in depth the work of the philosopher Joshua Greene and the psychologist Jonathan Haidt With the so called empirical turn in ethics much work has been done to try to isolate the role of reason and intuition in forming our moral judgements with Haidt and Greene leading the research programmes and attracting much of the professional and public attention and many others following The current view shared by both camps is that intuition is largely the driver of our moral judgements a view summed up in Haidt's slogan intuition first strategic reasoning second Haidt believes we have to live with this and accept it Greene does not he contends that our intuitions while suitable for the environments in which we evolved are worthless in the modern global technological age and to avoid ethical disaster we must learn to adopt reason as the arbiter of moral truth This book steers a middle course between these two positions and is therefore of great interest to philosophers and psychologists alike Intuition and reason and different conceptions of them lie behind many significant discussions in recent philosophical ethics and moral psychology One effect of those discussions has been the insertion of a wedge between the two notions In this engaging and fascinating book McGee and Foster make a thought provoking case for removing that wedge Professor Roger Crisp Professor of Moral Philosophy University of Oxford I wanted to cheer all the way through this beautifully written book one that is both incisive and profoundly humane So much moral philosophy is ensnared in simple rationalism or simple intuitionism this book argues that intuition and reason are not just at times compatible in a sort of uneasy compromise but that each is always essential to the proper functioning of the other Its takedown of so much utilitarianism is long overdue It embraces what can be learnt from neuroscience and at the same time appeals to morality in the practice of life not just in the seminar room A book that should be on every intelligent reader's shelves Dr Iain McGilchrist author of *The Master and His Emissary* and *The Matter with Things* What is the role of reason and intuition in ethics This spirited and thought 1 provoking book makes the case that the relationship between reason and intuition has been fundamentally mischaracterized And beware there is a degree of pain in store for those of us who've relied on and enjoyed elaborate philosophical thought experiments such as the famous trolley problem They're next to useless the authors contend in providing us with any genuine moral insight David Edmonds author of *Would You Kill the Fat Man*

Beyond the Ancient Quarrel Patrick Hayes, Jan Wilm, 2017-12-08 In Plato's Republic Socrates spoke of an ancient quarrel between literature and philosophy which he offered to resolve once and for all by

banning the poets from his ideal city Few philosophers have taken Socrates at his word and out of the ancient quarrel there has emerged a long tradition that has sought to value literature chiefly as a useful supplement to philosophical reasoning The fiction of J M Coetzee makes a striking challenge to this tradition While his writing has frequently engaged philosophical subjects in explicit ways it has done so with an emphasis on the dissonance between literary expression and philosophical reasoning And while Coetzee has often overtly engaged with academic literary theory his fiction has done so in a way that has tended to disorient rather than affirm those same theories wrong footing the normal processes of literary interpretation This volume brings together philosophers and literary theorists to reflect upon the challenge Coetzee has made to their respective disciplines and to the disciplinary distinctions at stake in the ancient quarrel The essays use his fiction to explore questions about the boundaries between literature philosophy and literary criticism the relationship between literature theology and post secularism the particular ways in which literature engages reality how literature interacts with the philosophies of language action subjectivity and ethics and the institutions that govern the distinctions between literature and philosophy It will be of importance not only to readers of Coetzee but to anyone interested in the ancient quarrel itself

Utilitarianism Katarzyna de Lazari-Radek, Peter Singer, 2017-07-20 Utilitarianism may well be the most influential secular ethical theory in the world today It is also one of the most controversial It clashes or is widely thought to clash with many conventional moral views and with human rights when they are seen as inviolable Would it for example be right to torture a suspected terrorist in order to prevent an attack that could kill and injure a large number of innocent people In this Very Short Introduction Peter Singer and Katarzyna de Lazari Radek provide an authoritative account of the nature of utilitarianism from its nineteenth century origins to its justification and its varieties Considering how utilitarians can respond to objections that are often regarded as devastating they explore the utilitarian answer to the question of whether torture can ever be justified They also discuss what it is that utilitarians should seek to maximize paying special attention to the classical utilitarian view that only pleasure or happiness is of intrinsic value Singer and de Lazari Radek conclude by analysing the continuing importance of utilitarianism in the world indicating how it is a force for new thinking on contemporary moral challenges like global poverty the treatment of animals climate change reducing the risk of human extinction end of life decisions for terminally ill patients and the shift towards assessing the success of government policies in terms of their impact on happiness ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *Notwehrprovokation* Leandro Dias ,2024-12-11 Die Notwehrprovokation gehört zu den Kernproblemen des Allgemeinen Teils des Strafrechts In ihrer Folge soll das Notwehrrecht des Opfers eines gegenwärtigen rechtswidrigen Angriffs aufgrund eines eigenen provokativen Beitrags eingeschränkt oder ihm ganzlich versagt werden Doch

ist dieses Feld der Straftatlehre noch immer unzureichend durchdrungen Leandro Dias nähert sich der Frage nach der angemessenen Behandlung der Notwehrprovokation nicht nur aus rechtsdogmatischer sondern auch aus moralphilosophischer Sicht

Fireside Chats of a Retired College President Thomas E. Cronin, 2025-02-15 President Tom Cronin was regarded as one of the most effective college presidents in the American west Whitman College under his leadership was regularly hailed by THE PRINCETON REVIEW of BEST COLLEGES for extraordinary administrative leadership and high student satisfaction It also twice earned the highest accreditation rankings of any college or university in that part of the country Fellow scholar and CNN commentator Michael A Genovese edited a volume of essays in tribute to him writing that It is unusual to become a Mount Rushmore scholar in any one field but Tom Cronin has made that tremendous accomplishment in two different academic fields he is one of the most respected American presidency scholars in the nation And he is one of the most influential leadership scholars Cronin earned his Ph D in Political Science at Stanford University He served as a White House Fellow on the White House staff and later served as a scholar in residence at the Brookings Institution the Aspen Institute the Center for the Study of Democratic Institutions and the Hoover Institution Tom Cronin taught for nearly three decades at Colorado College where he received several awards for teaching and advising and served in 1991 as Interim President He served as President of Whitman College from 1993 through 2005 He was co author for thirty years of two best selling college textbooks Government by The People and State and Local Government He has also written several books about politics the presidency public policy and political films and novels He is co author of the prizewinning Leadership Matters

Ethics after Wittgenstein Richard Amesbury, Hartmut von Sass, 2021-01-28 What does it mean for ethics to say as Wittgenstein did that philosophy leaves everything as it is Though clearly absorbed with ethical questions throughout his life and work Wittgenstein s remarks about the subject do not easily lend themselves to summation or theorizing Although many moral philosophers cite the influence or inspiration of Wittgenstein there is little agreement about precisely what it means to do ethics in the light of Wittgenstein Ethics after Wittgenstein brings together an international cohort of leading scholars in the field to address this problem The chapters advance a conception of philosophical ethics characterized by an attention to detail meaning and importance which itself makes ethical demands on its practitioners Working in conversation with literature and film engaging deeply with anthropology and critical theory and addressing contemporary problems from racialized sexual violence against women to the Islamic State these contributors reclaim Wittgenstein s legacy as an indispensable resource for contemporary ethics
