*Library and Information Studies for Arctic Social Sciences and Humanities* Spencer Acadia, Marthe Tolnes Fjellestad, 2020-11-26 Library and Information Studies for Arctic Social Sciences and Humanities serves as a key interdisciplinary title that links the social sciences and humanities with current issues, trends and projects in library, archival and information sciences within shared Arctic frameworks and geographies. Including contributions from professionals and academics working across and on the Arctic, the book presents recent research, theoretical inquiry and applied professional endeavours at academic and public libraries as well as archives, museums, government institutions and other organisations.
