Human Rights Human Dignity And Cosmopolitan Ideals Essays On Critical Theory And Human Rights Rethinking Political And International Theory:

Human Rights, Human Dignity, and Cosmopolitan Ideals Matthias Lutz-Bachmann, 2016-05-13 This book makes a significant contribution to the on going international dialogue on the meaning of concepts such as human rights humanity and cosmopolitanism The authors propose a new agenda for research into a Critical Theory of Human Rights Each chapter pursues three goals to reconstruct modern philosophical theories that have contributed to our views on human rights to highlight the importance of humanity and human dignity as a complementary dimension to liberal rights and finally to integrate these issues more directly in contemporary discussions about cosmopolitanism The authors not only present multicultural perspectives on how to rethink political and international theory in terms of the normativity of human rights but also promote an international dialogue on the prospects for a critical theory of human rights discourses in the 21st century

Human Rights, Human Dignity, and Cosmopolitan Ideals Professor Amos Nascimento, Professor Matthias Lutz-Bachmann, 2014-04-28 This book proposes a new agenda for research into a Critical Theory of Human Rights Each chapter pursues three goals to reconstruct modern philosophical theories that have contributed to our views on human rights to highlight the importance of humanity and human dignity as a complementary dimension to liberal rights and finally to integrate these issues more directly in contemporary discussions about cosmopolitanism The authors not only present multicultural perspectives on how to rethink political and international theory in terms of the normativity of human rights but also promote an international dialogue on the prospects for a critical theory of human rights discourses in the 21st century

Human Rights, Human Dignity, and Cosmopolitan Ideals Matthias Lutz-Bachmann, 2014 Grand Narratives in Critical International Theory André Saramago, 2024-02-29 Critical international theory has the task of providing orientation to human beings in better understanding their conditions of existence how those conditions came to assume their contemporary characteristics and what immanent potential they might hold for emancipatory transformation The argument in this book is that this task of orientation is indissociable from a reliance on grand narratives that capture the main features of the long term process of human development And yet many of these grand narratives also tend to reproduce Eurocentric worldviews that undermine critical international theory's reliability as a means of orientation In this book Andr Saramago provides an innovative answer to the problem of orientation with which critical international theory is confronted Through an indepth engagement with the work of J rgen Habermas Karl Marx and Norbert Elias he recovers a historical sociological approach to grand narratives that avoids a reproduction of their Eurocentric shortcomings In the process he improves critical international theory's role as a means of orientation by making it better theoretically equipped to capture the interweaving of the historical development of the human capacity for self determination in the four key dimensions of human existence people's relations with themselves as individuals social relations at both the intra and inter societal levels and people's

relations with non human nature This book will appeal to all students and researchers interested in interdisciplinary and critical approaches to the study of world politics long term processes of social change and human nature relations working within or across the fields of International Relations Sociology Political Theory and related areas of inquiry **Rethinking Hobbes and Kant** Chia-Yu Chou,2016-07-15 Rethinking Hobbes and Kant argues that predominant approaches to the theoretical relationship between Hobbes and Kant have reached conclusions that were pre digested in assumptions about the isms which these two writers are propounding Chou shows how these assumptions have inhibited commentators from recognising the affinities between Hobbes s and Kant s political philosophies or if they have prevented them from providing a plausible explanation of those affinities To provide a fresh understanding of the relation between Hobbes and Kant this book examines and compares what they actually wrote about some central conceptions in political theory as it becomes visible once the assumptions out of which they are formed are set aside Chou argues that what matters is that that we reflect upon our own assumptions and that we have at least some conscious awareness that the assumptions of our day were not held all the time and everywhere and that we do not reify them into crude models which distort the thought of the past and the present in equal measure This book therefore seeks to bring into the arena of conscious thought assumptions which are deeply rooted in many modern minds and which work to distort many current studies of the relationship between Hobbes and Kant s political philosophies with negative consequences for the understanding of Hobbes of Kant and of politics itself Providing a fresh understanding of the relation between Hobbes and Kant this book will be of great use for graduates and scholars of Political Theory Philosophy and Political Sociology **Human Dignity** Amos Nascimento,Matthias Bachmann,2018-06-04 Connecting three generations of critical theorists this edited collection focuses on the mutual complementarity between the concept of human dignity and the theory and practice of human rights Human dignity has recently emerged as a controversial theme in the philosophy of human rights and has become the subject of a growing debate involving theological political juridical moral and biomedical perspectives Previously interpretations of this concept took for granted specific definitions of this term without accounting for the perspective offered by a Critical Theory of Human Rights This interdisciplinary perspective relies on a tradition that goes from Immanuel Kant to J rgen Habermas influences new generations and sheds more light on how human dignity is used and abused in contemporary discourses Based on this tradition the contributors sustain an engaged discussion of the topic and address issues such as domination colonialism multiculturalism globalization and cosmopolitanism Informed by different contexts each author offers a unique contribution to distinctive aspects of the necessary internal correlation between human dignity and human rights This book will be of interest to students and researchers in human rights in Europe North America and Latin America and readers in the areas of political science philosophy sociology law and international relations *Human Rights Interdependence in National and International Politics* Rami Goldstein,Nitza Nachmias,2024-06-21 This book offers a fresh approach to human rights by

analyzing the role of institutional checks and balances governmentalism and system s approach intended for the prevention of human rights violations the enforcement of human rights norms and rules and important actors such as International Non Governmental Organizations INGO and domestic Non Governmental Organizations NGOs The book presents case studies that offer innovative political historical and social perspectives on how the International Human Rights Regime IHRG is practiced It critically examines the interpretation inconsistency and application of the human rights norms in the Global South and shows how the national mobilization of human rights is directly affected by the interdependence existing between the national and the transnational levels This book will be of key interest to scholars students and practitioners of human rights and more broadly of comparative politics international law global governance international and nongovernmental organizations

Revolutionary Subjectivity in Post-Marxist Thought Oliver Harrison,2016-04-08 Since the onset of the Global Financial Crisis the ideas of Karl Marx have once again become prominent in social and political thought This book turns to Marx s theory of revolutionary subjectivity as a means of assessing the work of three contemporary global theorists Ernesto Laclau Antonio Negri and Alain Badiou considered here together for the first time

Virtue and Economy Andrius Bielskis,Kelvin Knight,2016-03-09 Interest in Aristotelianism and in virtue ethics has been growing for half a century but as yet the strengths of the study of Aristotelian ethics in politics have not been matched in economics This ground breaking text fills that gap Challenging the premises of neoclassical economic theory the contributors take issue with neoclassicism s foundational separation of values from facts with its treatment of preferences as given and with its consequent refusal to reason about final ends The contrary presupposition of this collection is that ethical reasoning about human ends is essential for any sustainable economy and that reasoning about economic goods should therefore be informed by reasoning about what is humanly and commonly good Contributions critically engage with aspects of corporate capitalism managerial power and neoliberal economic policy and reflect on the recent financial crisis from the point of view of Aristotelian virtue ethics Containing a new chapter by Alasdair MacIntyre and deploying his arguments and conceptual scheme throughout the book critically analyses the theoretical presuppositions and institutional reality of modern capitalism

The Concert of Civilizations Jeremy Kleidosty,2016-03-09 Are Western and Islamic political and constitutional ideas truly predestined for civilizational clash In order to understand this controversy The Concert of Civilizations begins by deriving and redefining a definition of constitutionalism that is suitable for comparative cross cultural analysis The rule of law reflection of national character and the clear delineation and limitation of governmental power are used as lenses through which thinkers like Cicero Montesquieu and the authors of The Federalist Papers can be read alongside al Farabi ibn Khaldun and the Ottoman Tanzimat decrees Bridging the civilizational divide is a chapter comparing the Magna Carta with Muhammad sConstitution of Medina as both documents can be seen as foundational within their traditions For the first time in political theory this text also provides a sustained detailed analysis of Khayr al Din al Tunisi s book The Surest Path which explains his fusion of

Muslim and Western ideas in his writing of Tunisia's first modern constitution which is also the first constitution for a majority Muslim state. Finally, the book discusses the Arab Spring through a brief overview of the revolutions in Egypt, Libya, and Tunisia and offers some early thoughts about Tunisia's uniquely successful revolution. *Democracy and Goodness* John R. Wallach, 2018-01-18. Citizens, political leaders, and scholars invoke the term democracy to describe present-day states without grasping its roots or prospects in theory or practice. This book clarifies the political discourse about democracy by identifying that its primary focus is human activity, not consent. It points out how democracy is neither self-legitimizing nor self-justifying and so requires critical ethical discourse to address its ongoing problems such as inequality and exclusion. Wallach pinpoints how democracy has historically depended on notions of goodness to ratify its power. The book analyses pivotal concepts of democratic ethics such as virtue, representation, civil rightness, legitimacy, and human rights and looks at them as practical versions of goodness that have adapted democracy to new constellations of power in history. Wallach notes how democratic ethics should never be reduced to power or moral ideals. Historical understanding needs to come first to highlight the potentials and prospects of democratic citizenship. *Critical Perspectives on Human Rights* Birgit Schippers, 2018-09-25. *Critical Perspectives on Human Rights* provides cutting-edge interventions into contemporary perspectives on rights, ethics, and global justice. The chapters, written by leading scholars in the field, make a significant and timely contribution to critical human rights scholarship by interrogating the significance of human rights for critical theory and practice. While the contributions engage sensitively yet thoroughly with the regulatory, disciplinary, and exclusionary effects of human rights, they do so without giving up on the transformative potential of human rights. By thinking productively through the exclusions, paradoxes, and aporias of human rights, *Critical Perspectives on Human Rights* is a key reference text for students and scholars in this important area of inquiry. *Citizenship and Human Rights* Christian H. Kälin, 2024-02-08. Can universal human rights and different national citizenship regimes ever be compatible? This book argues that they can, setting out a legal-philosophical critique of the tension between both. It explores whether the emergence of postnational models of citizenship that aim at decoupling human rights and citizenship succeed in overcoming tensions between the universal, multiculturalism, universal human rights, postnational values, and the particular citizenship borders, national values, and diverse local narratives. As a result of this exploration, the author argues that it is illegitimate to speak of universal human rights, universal human dignity, or universal social justice. It is only by recognising this reality that a much-needed transformation of human rights and citizenship can be undertaken in a meaningful way. This provocative and compelling work will appeal to both human rights and citizenship lawyers as well as others involved in human rights law at NGOs, governments, international organisations, and indeed anyone with an interest in the subject of how human rights evolved and new concepts for the future. **The Routledge Handbook to Rethinking Ethics in International Relations** Birgit Schippers, 2020-05-21. Discussing cutting-edge debates in the field of international ethics, this key volume builds on existing

work in the normative study of international relations It responds to a substantial appetite for scholarship that challenges established approaches and examines new perspectives on international ethics and that appraises the ethical implications of problems occupying students and scholars of international relations in the twenty first century The contributions written by a team of international scholars provide authoritative surveys and interventions into the field of international ethics Focusing on new and emerging ethical challenges to international relations and approaching existing challenges through the lens of new theoretical and methodological frameworks the book is structured around five themes New directions in international ethics Ethical actors and practices in international relations The ethics of climate change globalization and health Technology and ethics in international relations The ethics of global security Interdisciplinary in its scope this book will be an important resource for scholars and students in the fields of politics and international relations philosophy law and sociology and a useful reference for anyone who wishes to acquire ethical competence in the area of international relations The Philosopher's Index ,2009 Vols for 1969 include a section of abstracts Multiple Democracies in Europe Paul Blokker,2009-12-04 This book provides an in depth discussion and analysis of democracy in Europe with a focus on the new EU member states and makes an important and original contribution to the debate on the future of European democracy Author Paul Blokker seeks to provide a critical reconceptualization of the notion of democratic political culture by developing a multiple democracies theoretical approach He draws on debates in democratization theory and normative political theory and presents a cultural sociological approach for the analysis of democratization and democratic regimes This approach emphasizes the historical and cultural embedment of democracy identifies a potential variety of ethics of democracy that underpin democratic political cultures and points to the significance of democratic imagination in the interpretation and recombination of such ethics The book explores the relevance of this approach by analysing multiple political cultures and their role in the emergence of democratic regimes in three new member states Hungary Poland and Romania providing a detailed description and analysis of political cultures by means of the analysis of constitutional politics constitutional texts and political elite discourses and the identification of distinct politico cultural elements that distinguish these societies from each other It will be of interest to students and scholars of democracy European studies post communist studies political theory and comparative politics Documentation politique internationale ,2003 **Africa Insight** ,2002 *Human Rights and Global Diversity* Simon Caney,Peter Jones,2001 This collection of essays explores the problems involved in combining norms that apply to all humanity with sensitivity to and respect for people s cultural differences **Critical Perspectives on Human Rights** Birgit Schippers,2018-09-25 Critical Perspectives on Human Rights provides cutting edge interventions into contemporary perspectives on rights ethics and global justice The chapters written by leading scholars in the field make a significant and timely contribution to critical human rights scholarship by interrogating the significance of human rights for critical theory and practice While the contributions engage sensitively yet thoroughly with the regulatory

disciplinary and exclusionary effects of human rights they do so without giving up on the transformative potential of human rights By thinking productively through the exclusions paradoxes and aporias of human rights *Critical Perspectives on Human Rights* is a key reference text for students and scholars in this important area of inquiry

Human Rights Human Dignity And Cosmopolitan Ideals Essays On Critical Theory And Human Rights Rethinking Political And International Theory

Human Rights Human Dignity And Cosmopolitan Ideals Essays On Critical Theory And Human Rights Rethinking Political And International Theory Introduction

In the digital age, access to information has become easier than ever before. The ability to download Human Rights Human Dignity And Cosmopolitan Ideals Essays On Critical Theory And Human Rights Rethinking Political And International Theory has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Human Rights Human Dignity And Cosmopolitan Ideals Essays On Critical Theory And Human Rights Rethinking Political And International Theory has opened up a world of possibilities. Downloading Human Rights Human Dignity And Cosmopolitan Ideals Essays On Critical Theory And Human Rights Rethinking Political And International Theory provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Human Rights Human Dignity And Cosmopolitan Ideals Essays On Critical Theory And Human Rights Rethinking Political And International Theory has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Human Rights Human Dignity And Cosmopolitan Ideals Essays On Critical Theory And Human Rights Rethinking Political And International Theory. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Human Rights Human Dignity And Cosmopolitan Ideals Essays On Critical Theory And Human Rights Rethinking Political And International Theory. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Human Rights Human Dignity And Cosmopolitan Ideals Essays On Critical Theory And Human Rights Rethinking Political And International Theory, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

Human Rights Human Dignity And Cosmopolitan Ideals Essays On Critical Theory And Human Rights Rethinking

Political And International Theory

~~individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites~~ they are downloading from. In conclusion, the ability to download Human Rights Human Dignity And Cosmopolitan Ideals Essays On Critical Theory And Human Rights Rethinking Political And International Theory has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Human Rights Human Dignity And Cosmopolitan Ideals Essays On Critical Theory And Human Rights Rethinking Political And International Theory Books

1. Where can I buy Human Rights Human Dignity And Cosmopolitan Ideals Essays On Critical Theory And Human Rights Rethinking Political And International Theory books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
