International Handbook of Education for the Changing World of Work Rupert Maclean, David Wilson, 2009-06-29 The aim of this Handbook is to review the developments that have occurred in Technical and vocational education and training TVET and that may help improve the field The Handbook provides information on TVET models that occur in different parts of the world reflects best and innovative practice and wherever possible uses case studies as examples The 220 authors are representative of the various regions of the world and major international organisations involved in TVET This volume presents the work of established researchers as well as the work of promising young researchers Intended as the universally accepted resource for the field the Handbook provides a

comprehensive coverage of cutting edge developments in research policy and practice in TVET within a single source It will assist those involved in TVET at any level in making informed decisions and further advance and improve the field and to bridge the gap between vocational and academic education in the 21st century

The Routledge Companion to International Management Education Denise Tsang, Hamid H. Kazeroony, Guy Ellis, 2013-06-19 Crises and scandals in the world of international management have brought a new spotlight onto how the subject is taught studied and understood There has been a plethora of literature on international management but a lack of focus on how international management education IME can be shaped to respond to existing and future global business challenges The Routledge Companion to International Management Education gathers together contributors from academia industry and university administration involved in IME to introduce the domain of IME describe the emerging state in new geographical areas discuss the major issues and debates revolving around IME explore the linkage of technology and international management and shed light on the future of IME The diverse background of the contributors provides a global perspective that challenges the dominant Anglo American view with up to date specific insights originating from their indigenous view points which has often been neglected and inadequately covered The volume answers important questions such as Do we need a vision in IME What is the current state of IME How has IME grown in emerging market segments What roles does technology play in its recent development The volume provides thought provoking reading for educators administrators policy makers human resources professionals and researchers It will also give future international management students a glimpse of IME from a global inside out perspective
